BOARD OF PUBLIC WORKS.

Office of the Board of Public Works
Fort Wayne, Indiana, April 6th 1901.
Special Special meeting held at 2 o'clock P. M.
Present, Peter Eggeman, P. H. Kane and J. K. McCracken.

The following Preamble and Resolutions were unanimously adopted.

Main Sewer Supp. Resolution No 6. Notice to contractor to proceed with work

Whereas, the City of Fort Wayne, did on the 1st day of April, 1900, enter into a contract with J. T. Adams of Columbus, Ohio, wherein the said J. T. Adams did covenant and agree to construct and complete what is known as the "South Wayne Sewer" by the 1st of November, 1900, and,
Whereas, said J. T. Adams, did in compliance with said contract proceed to construct said sewer but failed to have the same completed within the time, and,
Whereas, the Board upon request extended said time for completion until June 1st 1901, and
Whereas, one of the provisions of the contract is, that said J. T. Adams, is to prosecute said work continuously and uninterruptedly so that the same may be completed within time, and whereas the said J. T. Adams has abandoned said work, leaving streets in dangerous condition, and has done nothing towards completing the same since Nov. 1st, 1900, and that three-fourths of the work still remains untouched and unfinished, and unless commenced at once and prosecuted continuously and uninterruptedly, the same cannot be completed within the time, and
Whereas, public health and public safety demands an immediate prosecution and completion of the work, and
Whereas, the said J. T. Adams has guaranteed his said contract with the city of Fort Wayne by a bond signed by the American Surety Company of New York, N. Y.
Therefore, Be it resolved that the Board of Public Works of the City of Fort Wayne hereby notify the said J. T. Adams that he should at once, and without delay, proceed to complete said work, and that if he fails or refuses to proceed with the work within Fifteen (15) days after notice is served upon him, that the Board of Works will either proceed to do the work itself or cause the same to be done by re-advertising for bids to complete the unfinished work under his said contract, and hold the said J. T. Adams and his said bondsmen for any additional expense that may be incurred to the city or property owners by reason of having to complete such work

Be it further resolved that W. H. Shambaugh, attorney for the City of Fort Wayne is hereby authorized and instructed to serve a copy of this resolution upon J. T. Adams and also upon the American Surety Company, of New York, N.Y, or its authorized agent, and make a return of such service to this Board.

On motion the Board adjourned.

Permit to relay sidewalk

Permission was granted to H.A. Gerberding to lay under private contract the sidewalk on both sides of Thomas Street from Creighton ave to Hurd Street.

Permit to relay sidewalk

Permission was granted to C. Schreck to relay sidewalk at the Cor Harrison West to Fourth St.

The following agreement was granted.

Agreement with Fort Wayne and So. Western Trac. Co.

This agreement entered into between the City of Fort Wayne, by and through its Board of Public Works, party of the first part, and the Fort Wayne and Southwestern Traction Company party of the second part. Witnesseth:

That permission is hereby given by the party of the first part, to the party of the second part, that in the construction of its Railway on Taylor Street, West of the Wabash Railway, that wooden poles may be placed and used instead of Iron poles as provided in contract, heretofore made with the City of Fort Wayne. Said wooden poles, however, to be removed and Iron poles to be placed in their stead on demand of the Board of Public Works, at any time. The party of the second part agrees to promptly replace said wooden poles with Iron poles as herein provided, upon demand of the Board of Public Works.

Signed this 11th day of April, 1901.
Fort Wayne and South Western Traction Co.
By W.S. Reed. Pres.

Resolution to construct sidewalks on Lafayette st.

The Resolution of Councilman Scheid, adopted by the Common Council at their session held April 9th 1901. which reads as follows, was received and placed on file.
Resolved that the Board of Public Works are hereby instructed to have sidewalks laid on Lafayette street from Esmond street to city limits.

Hen Zollinger
BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Indiana May 9th, 1901.

Regular meeting held at 7 30 o'clock P.M.

Board of Public Work organized

Pursuant to the election of Henry C. Berghoff to the office of Mayor on May 7th 1901, Peter Eggemann, William Doehrman, and Henry C. Zollinger were appointed to the office of members of the Board of Public Works by the newly elected mayor. Aforementioned appointees having duely qualified according to law, now met for the purpose of organizing, and the transaction of such other business as might come before them.

Clerk

All Schmidt, Elected city clerk at aforesaid election, and having duly qualified as clerk of the Board of Public Works, called the meeting to order and stated that the election of a chairman was the first matter to be taken up.

Chairman

On motion of William Doehrman, seconded by Henry C. Zollinger Peter Eggemann was unanimously elected Chairman.

Resp. Res. Nos 233 & 234.
Petition to reconsider.

There now appeared before the Board Colerick & Thomas and Drake & Ballou representing E. J. McOscar and 36 other property owners on Jefferson street between Calhoun street and Broadway, asking that the Board reconsider the action taken ~~by the~~ on May 8th 1901, prior to six o'clock P.M. in effect that the petitions then before it for a change of material to be used in paving Jefferson street under Improvement Resolutions Nos 233 and 234 did not contain the names of freeholders owning two thirds of the frontage of real estate to be affected by the said improvement. That inasmuch as the election of material had ~~not~~ been made on May 3d, the five days given by the statute to the property holders for filing their requests for a change of material had not expired when such action was taken and did not expire until 12 o'clock midnight May 8th 1901. That by reason thereof the action of the Board was premature, unwarranted wholly illegal, unjust to these petitioners, and nothing short

of arbitrary action. On motion the petition was referred to the city attorney for an opinion regarding the correct computation of time required by statute in such matters.

Pet for material

The petitions of Gable, Sanders, of Casper Butenmuth and others asking that sheet asphalt be substituted for brick in paving Jefferson street from Calhoun street to Broadway were received and placed on file, having been filed with the Chairman of the Board prior to midnight May 8th 1901.
The petition of H.A. Herbording to relay under private contract the sidewalks in front of lot No 100 Swinks Addition was granted.

The Board then on motion adjourned.

Attest. A.L. Schmidt
CLERK.

Peter Eggeman
Wm Dochtermann
H.C. Zollinger
BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Ind., May 10th, 1901.
Special meeting held at 30 o'clock P.M.
Present: Peter Eggeman, William Dochtermann, and H.C. Zollinger.

Attorneys opinion computation of time.

The City Attorney submitted an opinion regarding the computation of time and what constitutes a "day" under the provisions of our statutes. It is as follows:

"As bearing upon the meaning of the phrase "within five days" it clearly means to give the person five days of 24 hours each, from midnight to midnight as the law does not recognize fractional parts of days. All written requests filed within "five days" in this case prior to midnight May 8th 1901 should be considered one way or the other.

W.H. Shambaugh.

Imp. Res. 233, 234 Petitions considered

Acting in accordance with the opinion of the city attorney the Board now proceeded to consider all petitions and remonstrances filed with the Board prior to midnight May 8th 1901 and pertaining to the paving of Jefferson street from Calhoun street to Broadway under Imp. Resolutions Nos 233 and 234, and obtained the following result: Total number of feet of frontage between Calhoun and Harrison street 720 feet; Number of feet represented by petitioners for sheet asphalt 480, or exactly the two thirds required by law.

Total number of feet of frontage between Harrison street and Broadway 3531 feet; number of feet represented by petitioners for sheet asphalt 2564.9 feet, or more than two thirds of the entire frontage.

Imp. Res. No 233, 234. Action rescinded

The following resolution was then passed by a unanimous vote of the Board: It appearing to the Board that its action heretofore taken on the 8th day of May 1901, finding, that petitions for a change of material for proposed pavement on Jefferson street between Harrison street and Broadway under Improvement Resolution 234 had not been signed by free-holders representing two thirds of the frontage along and upon that portion of Jefferson street lying between Harrison street and Broadway, was premature, unwarranted and illegal for the reason that same was taken before the expiration of the five days given by the statute for the filing of said petitions, Resolved, that said action of the Board be hereby rescinded.

Imp. Res. No 233. Contract awarded.

Property owners representing two thirds of the frontage upon and along Jefferson street from Calhoun street to Harrison street having petitioned the Board that sheet asphalt be substituted for vitrified paving block as the material to be used in making the improvement under Improvement Resolution No 233 on motion sheet asphalt was substituted for vitrified paving block, and the contract awarded to the Barber Asphalt Paving Company at $3.63 per lineal foot, they being the lowest and best bidders.

Imp. Res. No 234. Contract awarded

Property owners representing more than two thirds of the frontage upon and along Jefferson street from Harrison street to Broadway having filed petitions with the Board according to law requesting that sheet asphalt be substituted for vitrified paving block as the material to be used in making the improvement under Improvement Resolution No 234, on motion sheet asphalt was substituted for vitrified paving block, and the contract awarded to the Barber Asphalt Paving Company at $3.20 per lineal foot, they being the lowest and best bidders.

The Board then on motion adjourned.

Sewer Builders Bond.

The Sewer Builders Bond of William Buesching was on motion approved.

Do.

The Sewer Builders Bond of Albert Rolf was on motion approved.

Petition for street light

The petition of J. Ahler and 22 others for the erection of an electric street light at the intersection of Smith and Greene streets was received and placed on file.

Street Lights ordered.

The clerk was instructed to notify the Jeffery Electric Light and Power Company to locate and maintain street light at the following street intersections:
Calhoun and Sixth streets.
Wallace and John streets.
Smith and Greene streets.
Calhoun street and Creighton Avenue.
Broadway and Creighton Avenue
Pilt and Nuna streets
Fairfield Avenue and Baker street
Brackenridge and Ewing streets
Fairmount Place and Wells street.

Appropriation asked for.

The clerk was instructed to request the Comptroller to arrange for an appropriation of $900.00 to the account of "Public Buildings and Grounds" for the purpose of paying for the cities portion of the pavement on Main street in front of Engine House No 1 and in front of Old Fort Park.

Hearing postponed Ft W. & S. Western Traction Co.

In the matter of hearing and considering petitions of the Fort Wayne and Southwestern Traction Company for street railway franchises in various parts of the city on motion further action in this matter was postponed until June 3d, 1901, at 3 o'clock P.M.

The Board then on motion adjourned.

Adopted.

Ft Wayne Trac. Co. Petition for an extension of lines

The Fort Wayne Traction Company by A.K. Scott, General Manager, petitioned for a franchise granting an extension of their present lines as follows:
On Broadway from Creighton Avenue to the bridge crossing the St Mary's River.
On Calhoun street from Creighton Avenue to the intersection of Calhoun street and Piqua Avenue.
On Jefferson street from Calhoun street to Ewing street.
On Ewing street from Jefferson street to Baker street.
On Baker street from Ewing street to Fairfield Avenue.
On Fairfield Avenue from Baker street to Organ Avenue.
On Main street an additional track from Calhoun street to Broadway.
On Clinton street from Chestnut street to Lewis street.
On Clinton street from Main street to Columbia street.
Also the privilege of taking up and abandoning its line on Creighton Avenue.

In consideration of the granting of aforementioned privileges and extensions the Company will agree to pave at the same time the city paves all those portions of street between the rails of its present line which it is not now required or under obligations to pave; also to grant transfers from any of its present lines and any of the lines proposed to be constructed to any other line now or hereafter constructed.

On motion the petition was received and placed on file.

Invitation

An invitation from the Executive Committee on Memorial Day to participate in the Memorial Day parade on May 30th 1901 was accepted.

Imp. Res. No 236. Hearing postponed

In the matter of paving Huron street from Wayne street to Creighton Avenue under Improvement Resolution No 236, the hearing had been postponed from time to time up to the present session of the Board. Petitioners as well as remonstrants appeared in person before the Board and presented their views and wishes at length. No definite conclusion having been arrived at after a lengthy discussion the Board on motion decided to postpone further action until Monday, May 20th, at 3 o'clock P.M.

Notice to Ft Wayne & So. Western Trac Co.

The clerk was instructed to notify the Fort Wayne and Southwestern Traction Company to construct their tracks on Fulton street across Jefferson street at once before the pavement on Jefferson street is put down.

Plat Kuhne's Sub.

F. W. Kuhne submitted a plat of F. W. Kuhne's Subdivision of lots Nos 22, 24, and 26 of White's Subdivision of Lillies Outlot No 26 in the City of Fort Wayne, Indiana, said lots numbering from one to four inclusive.

Brick culvert.

O. E. Moellering & Co. agreed to put in a three and one half foot double ring culvert in Lake Side, near corner of Walton and Columbia Avenue, for the sum of two dollars and ninety eight cents per foot, and twenty five cents per yard for all the excavation necessary in connection with the same. On motion O. E. Moellering & Co. were ordered to do this work under the direction of the city civil engineer at the prices quoted.

The Board then adjourned

The Sewer Builders Bond of W. F. Noll was approved.

Plumbers and Gasfitters Bond

The Plumbers and Gasfitters Bond of W. F. Noll was approved.

Pet to relay walk

The petition of H. Liebig to raise and relay under private contract the sidewalks in front of No 92 Thomas street was granted.

Ft Wayne & S. W. Trac. Co.

A communication from the Fort Wayne and Southwestern Traction Company asking that the sewer on Taylor street be completed at once so as to enable the company to construct its tracks along this street within thirty days, was received and placed on file.

Res. No 76. Confirmed

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 76, which provides for the vacation of that part of Sinclair Avenue originally platted as Scholes street, and the east and west alley lying between

lots 18, 19, 20, and 21, 22, 23 Bass and Roughs Addition, and there appearing no objections or remonstrances whatever on motion Declaratory Resolution No 76 was confirmed as in the original.

Imp. Res. No 236. Confirmed. In the matter of paving Wauna street from Wayne street to Creighton Avenue in accordance with Improvement Resolution No 236, the hearing of remonstrances was postponed from time to time until the present session of the Board. On finally summing up the remonstrances it was found that they did not contain the names of two thirds of all resident property owners and as the street is in a very bad condition and needs a new pavement on motion Improvement Resolution No 236 was confirmed as in the original.

Notice to contractors. Imp. Res. Nos 227 & 236. Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 227 and 236 be published in the Fort Wayne Journal Gazette on the 22nd and 29th days of May, 1901, and that the 3d day of June 1901 be fixed a date when the Board at 3 o'clock P.M. will receive and open sealed proposals for the work so to be done Adopted.

Meetings with Mayor. The Board decided to meet with the mayor on the first Monday of every month at 9 o'clock A.M.

The Board then on motion adjourned.

Office Board of Public Works.

Fort Wayne, Indiana, May 23d 1901.

Present: Peter Eggeman, Wm. Dochrman and H.C. Zollinger.

Regular meeting held at 7:30 o'clock P.M.

Pet for sidewalk. The petition of W.F. Reinking and one for the construction of brick sidewalks on the south side of Lauermier street from Miller street to Walton Avenue was received and placed on file.

Do. The petition of F. Zimmendorff to construct a cement sidewalk along lot 506 Hamma's Addition was granted.

Pet for sewer. The petition of Otto F. Strodel and four others for the construction of a vitrified clay pipe sewer in the first alley south of Third street from Barthold street to the alley west of Orchard street was received and the City Civil Engineer instructed to prepare plans and specifications.

Remonstrance The remonstrance of Chas W. & B. Thurman and 34 others against the granting of a franchise for street railway purposes on Jefferson street from Calhoun street to Ewing street was received and placed on file.

L.S. Imp. Res. No. 79 Assessment Roll confirmed

The Board of Public Works having viewed the work of constructing a vitrified clay pipe sewer in the alley between Fletcher Avenue and Grand Avenue from the north line of the right of way of the Wabash Railroad to the Wayne Track in accordance with Local Sewer Improvement Resolution No 79 and this being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution, also a date when the assessment roll containing an estimate of the cost to each person affected thereby together with a description of each piece of property and the pro rata assessment against each piece of property, would be heard before taking final action thereon, said pro rata assessment being based upon the actual benefits each piece of property has received from the Improvement for which it is assessed, and there appearing no objections or remonstrances whatever, on motion the work done under Local Sewer Improvement Resolution No 79 was accepted and the assessment roll confirmed as in the original,

and ordered delivered to the Department of Finance. All of which was finally ordered and approved. Adopted.

Plat Broadway Park Addition

Mr Chas Wilding submitted an amended plat of Broadway Park Addition. On motion it was taken under advisement.

Notice to Ft Wayne Traction Co. to pave.

The clerk was instructed to notify Mr A.L. Scott, General Manager of the Fort Wayne Traction Company to take out the old cedar blocks between their tracks in the intersection of Main and Barr streets and replace them with vitrified paving block.

The Board then on motion adjourned.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, Wm Dochman, and H.C. Zollinger.

Petition to pave street.

The petition of Morse Harrod and 20 others for the paving of Farmer street and Maumee Avenue from Washington street to Walton Avenue was received and placed on file.

Pet. to vacate alley.

The petition of Charles A. Wilding that the plat of Broadway Park Addition including the alleys therein be vacated, was received and placed on file.

Notice to boardmen

The clerk was instructed to notify the boardsmen of contractor John Draker to repair the pavement in the alley between Main and Columbia streets from Clinton street to Barr street.

Do.

The clerk was instructed to notify the boardsmen of contractor T. B. Empie, that the pavement on Wells street from Cass street to Putnam street needs some repairs that must be made at once, and to ask same to arrange to make them.

Rules adopted.

For the guidance of contractors, agents for material, and all others concerned in any public improvement, the Board adopted the following rules which will be strictly adhered to:
Prior to the opening of bids all petitions for material to be used in making street and alley improvements must be filed

in the office of the Board of Public Works prior to 12 o'clock noon preceding the opening of the bids. Any petitions filed after the time herein fixed will not be considered or received prior to the selection of material by the Board.

Five full days of 24 hours each commencing at midnight after the selection of material has been made by the Board shall be given property owners to file written requests for a change of material from the selection made by the Board upon the opening of the bids for any public improvement. The fractional part of the day upon which bids are opened must be excluded in the computation of the five days.

Any person signing for another any petition for improvement or any request for a change of material from that selected by the Board upon the opening of the bids must file with the Board the authority to sign for such person.

As one and the same person frequently signs a petition and then a remonstrance or vice versa, the hour and the day of signing a petition, a withdrawal or any written request regarding paving material must follow the signature of the person signing in order that the Board may be able to determine the desire of petitioners.

In considering petitions for material prior to the opening of bids, the names of resident property owners living along and upon the line of the proposed improvement will be considered without regard to the amount of frontage they represent along the proposed improvement.

Under the statute the Board is not compelled to recognize any petitions for material prior to the opening of bids, but it is the desire of the Board to select the material desired by a majority of property owners living upon and along the line of the proposed improvement providing it does not conflict with the best interests of the city at large.

All petitions, withdrawals or changes from one material to another must be presented to the Board in writing. Orders given orally or by telephone will not be considered.

The Board then adjourned.

See Res. No 76. Assessment Roll approved and confirmed

Moved, that an assessment Roll of benefits and damages in the matter of vacating that part of Lincoln Avenue originally platted as Scholes street, also the east and west alley lying between lots 18, 19, and 20 on the north and 21, 22, and 23 on the south in Bass and Roughs Addition in accordance with Declaratory Resolution No 76 be and the same is hereby approved and inasmuch as all assessments have been paid that it be hereby also confirmed and herewith delivered to the Department of Finance.

Adopted.

Plat Bass and Roughs Supplemt. approved.

A plat was submitted showing a rearrangement of lots 11, 12, 18, 19, 20, 21, 22, 23, 24, 25, and 26 in Bass and Roughs Add. to be known as "Bass and Roughs Supplement."

On motion the plat was approved.

Plat Sweetsers Addition approved.

A plat of "Sweetsers Subdivision" of the East 78 and 7/10 feet of Outlot No 14 and all of Outlot No 15 of Ewings Outlots situated in the Northeast quarter of Section 3 in Township 30 in range 12 in Allen County Indiana was on motion approved.

Assessment Rolls approved Imp. Res. No. 228.

Moved that an assessment roll containing an estimate of the cost to each person affected by the paving of Main street from Barr street to Lafayette street in accordance with Improvement Resolution No. 228, —

Imp. Res. No 229.

also an assessment roll containing an estimate of the cost to each person affected by the paving of Main street from Lafayette street to Clay street in accordance with Improvement Resolution No 229, be and the same are hereby approved, said Estimate of the cost being assessed pro rata against the property benefitted thereby according to the actual benefits it has received from the improvement for which it is assessed, and that notice of said assessment

Notice to P.O.

roll be published in the Fort Wayne Journal Gazette on the 5th day of June 1901, and that the 13th day of June 1901 be fixed a date when the Board at 7 30 o'clock P.M. will hear objections or remonstrances against the work done under aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board

Adopted.

Pet to pave street. The petition of C. Heit and 11 others asking that Fairfield Avenue be paved with sheet asphalt from Jefferson street to Brackenridge street was received and the city civil engineer instructed to prepare plans and specifications.

To move fountain A communication from B. Borkenstein setting forth that the drinking fountain located at the intersection of Hanna and Buchanan streets should be moved further north before Hanna street is paved, was received and placed on file.

Remonstrance against paving street. The remonstrance of John Kiernan and 36 others against the paving of ~~Hatton~~ Manning Avenue from Harmer street to Glasgow Avenue was received and placed on file.

Pet to relay sidewalk. The petition of Mrs Rose B. Cramer to relay the sidewalks in front of No 104 Thomas street was granted.

Pet to sink well. The Woodamin Meadows Dairy Co. asked for permission to sink a six inch well in the sidewalk along Fairfield Avenue just south of Baker street. The Board upon consideration decided to grant the permit providing they furnish a proper bond.

Bids opened This being the date and time previously fixed by the Board when they would receive and open sealed proposals for various work to be done under public contract, the Board now proceeded to open such proposals and obtained the following results:

Imp. Res. No 227 Improvement Resolution No 227, for the construction of sidewalks on the west side of Indiana Avenue from Home Avenue to Cottage C.E. Moellering & Co. bid per line foot 49¢

Imp. Res. No 236. Improvement Resolution No 236, for paving Hanna street from the south property line of Wayne street to the south line of Creighton Avenue on the East side of Hanna street.
C.E. Moellering & Co. bid as follows:
Canton, Metropolitan or Trow Rock per lineal foot $7.51
Nelsonville or others " " " $7.64

Derheimer & Co. bid per lineal foot $7.68
4 x 18 curb dressed not set per lineal foot 34¢

The Western Construction Co. by Henry W. Marshall bid for Trinidad Pitch Lake Asphalt per lineal foot $7.46

The Barber Asphalt Paving Co. by Robt. Whealey bid as follows:
For Trinidad Pitch Lake Sheet Asphalt per lineal foot $7.40

Recess — On motion the Board now took a recess until 10 o'clock P.M. June 4th 1901.

Reconvened — The Board reconvened at 10 o'clock P.M. June 4th, 1901, Peter Eggemann, Wm. Dochmann, and H.C. Zollinger being present.

Imp Res. No 227. Bid rejected — The first matter taken up was a further consideration of the bids received by the Board. Upon examination it was found that the bid received under Improvement Resolution No 227 was entirely too high, and upon motion the bid was rejected.

Imp. Res. No 236 Material selected. — Having given all bids received under Improvement Resolution No 236 due consideration and heard the wishes of a number of property holders Mr. Eggemann made a motion that sheet asphalt be selected as the material to be used in making this improvement inasmuch as the sheet asphalt bids were lower than the bids for brick.
Mr. Dochmann offered as an amendment to this motion that all bids be rejected, which motion was lost by the following vote: Dochmann aye, Eggemann and Zollinger no.
Mr Eggemanns motion was then put and passed Mr Eggemann and Mr. Zollinger voting aye, and Mr Dochmann no.

Petition for sidewalks — The petition of John Perkins for the construction of sidewalks on the south side of Birch street from Wabash Avenue to Grant Avenue was received, and the city civil engineer instructed to prepare plans and specifications.

Plans ordered.

Pet. for street paving — Several petitions signed by employees of C.M. Menefee, L.F. Border & Co., Western Gas Construction Co., Penna. R.R. and residents of the south eastern section of the city, asking that the petitions for paving East Williams street and Buchanan streets be favorably acted upon, were received and placed on file.
The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, June 6th, 1901

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, Wm Dochman, and H.C. Zollinger.

Plat approved

A plat of Bittenger's Subdivision of lots 4, 5, 6, 7, 8, and 9 of Dawson and Kerr's Subdivision of Becks Addition was on motion approved.

Petition to construct R.R. track across street.

The petition of J. Sullivan, Agent Wabash Railroad asking for permission to construct an additional track across Fairfield Avenue from their shops to the round house said track not to be used by locomotives or cars but only for the purpose of rolling trucks and driving wheels across the street by hand, was granted and referred to the common council for ratification.

Plans approved.

The City Civil Engineer submitted the following plans and specifications: For paving Fairfield Avenue from the south property line of Jefferson street to the north property line of Brackenridge street.

For paving the alley between Wayne and Washington streets from Fairfield Avenue to Fulton street.

For grading to a width of ten feet and paving with brick to a width of five feet the sidewalks on the East of Dearborn street from Lake Joe Boulevard to Columbia Avenue.

On motion these plans and specifications were approved.

Improvement Resolution No 237.

Imp. Res. No. 237 adopted.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve Fairfield Avenue from the south property line of Jefferson street to the north property line of Brackenridge street by grading and paving the roadway to a width of thirty two feet with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation, by placing a marginal finish at all street intersections, curbing with new curbstone where not already properly done and resetting old curb where necessary all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Improvement Resolution No 238.

Imp. Res. No 238 adopted.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between

Wayne street and Washington street from Fairfield Avenue to Fulton street by grading and paving full width with sheet asphalt, asphalt block or vitrified paving block upon a concrete foundation all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 239.

Imp. Res. No 239 adopted.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the East side of Dearborn street from La Fox Boulevard to Columbia Avenue by grading to a width of ten (10) feet and paving with brick to a width of five (5) feet in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Declaratory Resolution No 77.

Dec. Res. No 77 adopted.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to vacate all alleys and parts of alleys in Broadway Park Addition in the city of Fort Wayne, Indiana.

The cost of said vacation and all expenses connected therewith to be assessed against the property benefitted thereby, viz: All lots and parts of lots in Broadway Park Addition to the city of Fort Wayne, Indiana.

All as shown on the plan of such proposed vacation now on file in the office of the Board of Public Works of said city.

Adopted.

Notice to P.O.

Moved that notice to property owners of the adoption of Improvement Resolution No 237, 238, 239 and Declaratory Resolution No 77 be published in the Fort Wayne Journal Gazette on the 8th and 16th days of June 1901, and that the 27th day of June 1901 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against any of aforementioned resolutions. Adopted

Plans ordered.

The city civil Engineer was instructed to prepare plans and specifications for a brick sidewalk on the north side of Columbia street just west of the river bridge where there is no brick walk at present; also for paving the alley between Wayne and Washington streets from Clinton street west to the present brick pavement

The Board then adjourned.

Present: Wm Dochman and L.C. Zollinger.

Recess

At being impossible for chairman Eggeman to be present the Board upon motion took a recess until 9 o'clock AM. June 11th, 1901.

The Board reassembled at 9 o'clock AM. June 11th 1901
Present: Peter Eggeman, Wm Dochman, and L.C. Zollinger.

Pet to grade alley.

The petition of Wm Lehroeder and two others for the grading of the alley between Hugh and Eliza streets from Ohio street to McCulloch street was received and the city civil engineer instructed to prepare plans and specifications.

Pet to vacate alley.

The petition of M. J. Stock and one for the closing of the alley in the rear of lots 10, 11, 12, 13, and 14 Felt's Addition was received and placed on file.

Pet to relay sidewalk.

The petition of John Auer to raise and relay under private contract the sidewalks in front of No 86 & 88 Thomas street was granted.

Do.

The petition of C. Lehrick to relay under private contract the brick sidewalks in front of lot No 13 Lewis Addition was granted.

Pet for partition fence

Mathilda Mauck set forth that she owns lot No 6 Jones Sub. of La Salle's Outlot No 1 and that Anton and Elizabeth Merker own lot No 7; that there is no partition fence between said lots, and that they have refused to join her in building any partition fence. She now petitions that the Board serve notice on said Anton and Elizabeth Merker in accordance with General Ordinance No 140 and take such steps under said ordinance as will insure the construction of said partition fence.

Application as Park Policeman

The petition of John H. Aiken and 24 others asking that Thomas J. Eldrey be appointed a park policeman was received and pleaded on file.

Sewer Builders Bonds approved.

The Sewer Builders Bond of Fred Pohlmeyer was approved
The Sewer Builders Bond of McDonald & McMackin was approved.

Sidewalk Builders Bond approved

The Sidewalk Builders Bond of A. Griesendorff was approved.

Pet to construct R.R. track across Fairfield Ave.

J. Sullivan, Agent of the Wabash Railroad Company, submitted a petition asking that they be given permission to construct an additional track across Fairfield Avenue from their boiler shop to the round house, said track not to be used to run cars or locomotives over it, but to run push cars and drive-wheels by hand between the round house and shops.

The Board after giving the matter due consideration decided to issue the following permit:

Permit

The city of Fort Wayne, by and through its Board of Public Works does hereby, subject to the conditions herein expressed, grant permission to the Wabash Railroad Company, its successors and assigns to lay and maintain a single railroad track over and across Fairfield Avenue connecting the said company's boiler shop on the East of said avenue with said company's round house on the West of said avenue. The permission herein given is upon the following conditions:

The said railroad track so located and maintained shall not be used for the use of locomotives and cars, but for trucks and wheels pushed by hand across the street. And upon the further condition that said company, its successors and assigns will at all times construct and maintain such a crossing as may be ordered by the Board of Public Works, and that it will at all times protect the city of Fort Wayne from any and all liability growing out of the use of said street by said company, its successors and assigns, for the purpose herein set out. And upon the further condition that said company will, before exercising any rights under this permit, accept in writing the permission and the conditions thereto attached. And upon further condition that in case said company violates any of the conditions or refuses to comply therewith, the said Board of Public Works is authorized to remove the said tracks from off said street and recover the cost thereof in an action against said company, its successors and assigns.

The clerk was instructed to submit this permit to the common council for approval by ordinance.

Bids to repair bridge

The following bids were received for skeining the joints in the piers, abutments and masonry of the Clinton street bridge: B. Middendorff $115.00. Wm Struse $88.00. Mike Gotta $80.00 On motion the contract was awarded to Mike Gotta.

Imp. Res. No 236. Contract awarded.

In the matter of paving Hanna street from Wayne street to Creighton Avenue in accordance with Improvement Resolution No 236, bids were opened June 3d. 1901, and from the bids then received sheet asphalt selected by the Board as the material to be used in making the improvement.
No petition having been received from property owners asking that some other material be substituted for that selected by the Board, the Board now proceeded to award the contract, and upon finding that the bid of the Barber Asphalt Paving Company was the lowest and best, the contract was awarded to them at $7.40 per lineal foot.

The Board then on motion adjourned.

Remonstrance against paving street.

The remonstrance of Fred Helling and 18 others against paving Fairfield avenue from Jefferson street to Brackenridge street in accordance with the specifications as approved by the Board was received and placed on file.

Remonstrance against street R.R. franchise.

The remonstrance of Mrs Helen Dodez and 20 others against granting a franchise for street railway purposes over and along Ewing street from Pearl street to Jefferson street was received and placed on file.

Do.

The remonstrance of Peter Cartwright and 21 others against the granting of a franchise for street railway purposes over and along Ewing street from Jefferson street to Baker street was received and placed on file.

Petition to pave street.

The petition of Fred Helling and 20 others for paving Fairfield Avenue from Jefferson street to Brackenridge street upon the foundation now there was received and placed on file.

Pet. for sidewalks

The petition of Albert Dirks for the construction of sidewalks on the East side of Reed street from Creighton Avenue to ~~Reed~~ Lavina street was received and placed on file.

Pet. for sidewalks

The petition of C.J. Neal and four others for the construction of sidewalks on both sides of French street from Hoagland Ave to Webster street was received and placed on file.

Pet. to open alley. The petition of N.W. Felts and four others for the opening of an alley between Pontiac street and Leith street from Harrison street to the alley east of Hoagland Avenue was read and placed on file.

This being the date and time previously fixed by the Board
Imp. Res. No 237. when they would hear and consider objections or remonstrances against Improvement Resolution No 237 which provides for the paving of Fairfield Avenue from Jefferson street to Brackenridge street, a large majority of resident property owners along the line of the proposed improvement filed a remonstrance against the improvement being made if a concrete foundation were to be put down. They claimed that the broken stone foundation under the present cedar block pavement was sufficient and that a new concrete foundation would cause to them an unnecessary expense. Therfore they asked the Board to change the resolution and the plans and specifications in such a manner as would permit the use of the foundation at present under the cedar block pavement.

Amended Upon motion Improvement Resolution No 237 was amended by striking out the words "upon a concrete foundation" and the city civil Engineer was instructed to change the plans and specifications in such a manner as will be required to permit the use of the foundation under the present cedar block pavement. Improvement Resolution No 237

Confirmed was thereupon confirmed as amended.

Imp. Res. No 238 Confirmed This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 238 which provides for paving the alley between Wayne and Washington streets from Fairfield Avenue to Fulton street, -

Imp. Res. No. 239 Confirmed also against Improvement Resolution No 239 which provides for the construction of sidewalks on the East side of Dearborn street from Lt Joe Boulevard to Columbia Avenue

Dec. Res. No 77 Confirmed also against Declaratory Resolution No 77 which provides for the vacation of all alleys in Broadway Park Addition to the city of Fort Wayne, Indiana, and there appearing no objections or remonstrances against either of aforementioned proposed improvements, on motion Improvement Resolutions Nos 238 and 239, and Declaratory Resolution No 77 were confirmed as in the original.

Notice to contractors. Moved that notice to contractors of the work to be done

Notice to contractors.

under Improvement Resolutions Nos 227, 237, 238, and 239 be published in the Ft Wayne Journal Gazette on the 29th day of June, and on the 6th day of July 1901, and that the 25th day of July, 1901, be fixed a date when at 7:30 o'clock P.M. the Board will receive and open sealed proposals for the work to be done under aforementioned Improvement Resolutions

Adopted.

Plans approved

The city civil engineer submitted plans and specifications which were approved as follows:
For grading the alley between Jefferson and Madison street from Barr street to Lafayette street.
For the construction of a vitrified clay pipe sewer in the alley between Knitters Avenue and Runnion Avenue from the alley north of Main street to the canal feeder property.
For the construction of a vitrified clay pipe sewer in the alley between Pontiac and Lith streets from the alley East of Lafayette street to the East line of Saunders and Metcalfs Addition.
For the construction of a vitrified clay pipe sewer in the alley south of High street from the alley West of Orchard street to Barthold street also in the alley between Clark and Barthold streets from the alley south of Third street to a point 40 feet north of High street.

## Improvement Resolution No 240.

Imp. Res. No 240 adopted.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Jefferson and Madison streets from Barr street to Lafayette street, by grading full width all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

## Local Sewer Improvement Resolution No 82.

L.S. Imp. Res. No 82 adopted

Resolved by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Knitters Avenue and Runnion Avenue from the alley north of Main street to the canal feeder property. Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

adopted

L.I. Imp. Res. No 83 adopted

## Local Lewer Improvement Resolution No 83.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Pontiac street and Leith street from the alley East of Lafayette street to the east line of Saunders and Metcalfs Addition as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

L.I. Imp. Res. No 84 adopted.

## Local Lewer Improvement Resolution No 84.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana that the construction of a local sewer intended and adapted for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley south of Third street from the alley west of Orchard street to Barthold street, also in the alley between Clark and Barthold street from the alley south of Third street to a point 40 feet north of High street as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer from the alley west of Orchard street to the alley between Clark and Barthold streets and a 12 inch vitrified clay pipe sewer from the alley between Clark and Barthold streets to Barthold street and a 12 inch vitrified clay pipe sewer in the alley between Clark and Barthold streets from the alley south of Third street to a point 40 feet north of High street all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Imp. Res. No 229. Assessment Roll confirmed

The Board of Public Works having viewed the work of paving Main street from Lafayette street to Monroe street under Improvement Resolution No 229, and this being the date and time previously fixed by the Board when they would further hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution, and a date when the assessment roll containing the names of property holders affected

by the improvement together with a description of each piece of property affected thereby and the prorata assessment against each piece of property would be heard before taking final action thereon, said pro rata assessment being based upon the actual benefits each piece of property has received from the improvement for which it has been assessed, the Board decided that the objections taken to the assessment roll were not well taken, and upon motion the assessment roll was confirmed as in the original, and the work accepted as completed, and the assessment roll ordered delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then on motion adjourned.

Pet. to pave street

The petition of F.E. Riblet and 9 others, asking that Gaber street be paved from Calhoun street to Webster street with best quality of sheet asphalt was received and the city civil Engineer instructed to prepare plans and specifications.

Pet for material

The petition of C. Heit and 12 others asking that the Board select sheet asphalt as the material to be used in paving Fairfield Avenue from Jefferson street to Brackenridge street was received and placed on file.

Pet to relay sidewalk

The petition of C. Lehrer to relay the sidewalks on Lafayette street abutting on lot 9 Hannas Addition was granted.

Confirmed Imp. Res. No 240

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 240 which provides for the grading of the alley between Jefferson and Madison streets from Barr street to Lafayette street,-

L.I. Imp. Res. No 82.

also against Local Sewer Improvement Resolution No 82 which provides for the construction of a vitrified clay pipe sewer in the alley between Knitters Avenue and Kennison Avenue from the alley north of Main street to the canal feeder

L.I. Imp. Res. No 83.

also against Local Sewer Improvement Resolution No 83 which provides for the construction of a vitrified clay pipe sewer in the alley between Pontiac street and Leith street from the alley east of Lafayette street to the East line of Saunders and Metcalfs Addition,-

L.I. Imp. Res. No 84.

also against Local Sewer Improvement Resolution No 84 which provides for the construction of a vitrified clay pipe sewer in the alley south of Third street from the alley west of Orchard street to Barthold street, also in the alley between Clark street and Barthold street from the alley south of Third street to a point 40 feet north of High street,-

and there appearing no objections or remonstrances whatever upon motion Improvement Resolution No 240, Local Sewer Improvement Resolutions Nos 82, 83, 84 were confirmed as in the original.

Imp. Res. No 241 confirmed

This also being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 241 which provides for paving Wayne street from Hanover street to Grand Avenue, a number of remonstrants appeared objecting to the improvement of the street unless it was to be paved through to Glasgow Avenue. Inasmuch as this would be an impossibility at the present time and as they did not represent the required two thirds of all resident property owners, on motion the Board confirmed Improvement Resolution No 241 as in the original

Notice to contractors

Moved, that notice to contractors of the work to be done under Improvement Resolution No 241 and Local Sewer Improvement Resolutions Nos 82, 83, and 84 be published in the Fort Wayne Journal Gazette on the 27th day of July and third day of August 1901, and that the 8th day of August 1901 be fixed a date when the Board at 7:30 o'clock P.M. will receive and open sealed proposals for the work to be done under aforementioned Improvement Resolutions.

Adopted.

Assessment Rolls approved

Imp. Res. No. 219.

Moved that an assessment roll containing an estimate of the cost to each person affected by the grading of Harrison street and the construction of sidewalks on both sides from Woodland Avenue to Marshall street in accordance with Improvement Resolution No 219

Imp. Res. No 231.

also an assessment roll containing an Estimate of the cost to each person affected by the paving of Barr street from Lewis street to Holman street in accordance with Improvement Resolution No 231,

L. S. Imp. Res. No 81.

also an assessment roll containing an Estimate of the cost to Each person affected by the construction of a vitrified clay pipe sewer in and along the alley between John street and Clay street from Pontiac street to Colerick street in accordance with Local Sewer Improvement Resolution No 81, be and the same are hereby approved the pro rata assessments contained in said assessment rolls being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and that

Notice to P.O.

notice of same be published in the Fort Wayne Journal Gazette on the 27th day of July 1901 and that the 8th day of August 1901 be fixed a date when at 7:30 o'clock P.M. the Board will meet for the purpose of hearing and considering objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board.

Adopted.

Recess

The Board thereupon took a recess until 7:30 o'clock P.M. July 26th, 1901.

Reconvened

The Board reconvened at 7:30 o'clock P.M. July 26th 1901, there being present Peter Eggemann and William Doerhmann.

Having given all proposals received upon the previous

date a careful consideration the following action was taken:

Contracts awarded Imp. Res. No 227. The contract for the construction of sidewalks on the west side of Indiana Avenue under Improvement Resolution No 227 was awarded to Julius Remme at 40 cents per lineal foot, his bid being the lowest and best.

Imp. Res. No 239. The contract for constructing sidewalks on the East side of Dearborn street from Lt Joe Boulevard to Columbia Avenue, under Improvement Resolution No 239 was awarded to George Wilhelm at 40 cents per lineal foot, his bid being the lowest and best.

Material selected Imp. Res. No. 237 Upon motion sheet asphalt was selected as the material to be used in making the improvement under Improvement Resolution No 237.

Imp. Res. No 238. Upon motion Metropolitan paving block was selected as the material to be used in making the improvement under Improvement Resolution No 238.

Plans ordered. The City Civil Engineer was instructed to prepare plans and specifications for grading Meyer Avenue from Fairfield Avenue to South Wayne Avenue.

The Board then on motion adjourned.

Charles Schreck lots 240, 241, 242, and 229 Lewis Add.
George Hitzemann and 3, lots 25, 26, 27 Chutes Homestead Add.

Bond to move barn — The Bond of Jacob C. Hess to move a barn over and along Creighton Avenue from the alley East of Calhoun street to Calhoun street and north on Calhoun to lot No 313 Hamiltons Fourth Addition was approved.

Sewer Builders Bonds approved. — The bonds of the following sewer builders were approved:
John Auer, Byron E. Hatfield, Lewis Ariens.

Plumbers and Gasfitters Bond — The Plumbers and Gasfitters Bond of Byron E. Hatfield was on motion approved.

Contracts awarded Imp. Res. No 237. — In the matter of paving Fairfield Avenue from Jefferson street to Brackenridge street under Improvement Resolution No. 237 for which bids had been opened July 25th, 1901, and for which sheet asphalt had been selected by the Board as the material to be used in making the improvement and there having been no petition presented by property holders within the five days asking for the substitution of some other material upon which bids had been received in accordance with the law, the Board now proceeded and awarded the contract to the Barber Asphalt Paving Company, they being the lowest and best bidders.

Imp. Res. No 238 — In the matter of paving the alley between Wayne and Washington streets from Fairfield Ave. to Fulton street under Improvement Resolution No 238, bids were opened

July 25th. 1901 and Metropolitan Block selected by the Board as the material to be used in making the improvement on the 26th day of July 1901. No petition having been presented by property holders according to law asking for the substitution of some other material upon which bids had been received the Board now proceeded and awarded the contract to C. Moellering & Co. at $2.60 per lineal foot, their bid being the lowest and best.

Plat submitted

J.M. Henry submitted a plat of Jefferson Park Addition to the City of Fort Wayne, Indiana being a replat of Ewings Front Lot No 5. The plat was upon motion referred to the City Attorney with the request that he advise the Board whether an alley legally exists along the East line of Ewings Front Lot No 5- or not.

Plans approved.

The City Civil Engineer submitted the following plans and specifications which were upon motion approved:
For paving Baker street from Calhoun street to Webster street.
For the construction of sidewalks on the north side of Taylor street from Nelson street to Harden street.
For the construction of sidewalks on each side of Walton Avenue from Maumee Avenue to Washington street and on the east side of Walton Avenue from Wayne street to the river bridge and on the west side of Walton Avenue from Erie street to the river bridge.
For the construction of sidewalks on the south side of Hugh street from Ohio street to McCulloch street.

Adopted.
Impr. Res. No 242

Improvement Resolution No 242.

Resolved by the Board of Public Works of the City of Fort Wayne, Indiana, that it is deemed necessary to improve Baker street from the west property line of Calhoun street to the east property line of Webster street, excepting the Harrison street intersection, by grading and paving the roadway to a width of twenty four (24) feet with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation by placing a marginal finish at all street and alley intersections curbing with new curb stone and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Communication from Thos. J. Peters, sewer contractor.

Main Sewer Imp Res No 5. To the Board of Public Works.

Work completed Gentlemen:- The undersigned respectfully states to your Honorable Board that he has completed the contract for what is known as the Intercepting Sewer as ordered by Main Sewer Improvement Resolution No 5 except that

Not plastered. the inside surface of said sewer is not plastered as provided for by the plans and specifications. That to plaster the same would not in any way be beneficial to the structure for the purpose for which it is to be used, neither would it add anything to the strenght or life of the same. That in public sewers of a sanitary kind no plastering is provided for and that it only adds to the cost expense of the same. My bid for plastering was 35 cents per lineal foot and I ask that said plans and specifications be modified relieving

ne from the plastering for which I will allow the city on said contract the sum of $5586.00, the same to be deducted from the final Estimate for the work.

Thos. J. Peter.

Upon motion the Board granted the petition of Mr. Thos. J. Peter, to modify the specifications eliminating the section requiring the plastering of the inner surface of the Intercepting Leewer, and ordered a deduction of $5586.00 to be made from the final Estimate due the contractor.

Claim for Extras

Mr Thos. J. Peter hereupon submitted a claim for extra work performed in the construction of the Main Intercepting Lewer as follows:

| | |
|---|---|
| To extra excavations | |
| Station 0, 3, 6, 10. | $681.00 |
| " 21, 22, 23, 24 | 649.92. |
| " 24, 25, 26, 27, 28. | 669.44. |
| " 31, 35, 38. | 341.64 |
| " 68, 69, 70, 71, 72. | 614.40. |
| To rebuilding 25 feet 3½ foot brick sewer, Clinton & Superior sts | 175.00 |
| Damage caused by break, no cement between brick | 300.00 |
| To rebuilding catch basin East side Clinton and Superior | 25.00 |
| " " " " West " " " " | 10.00 |
| " Extra labor caused by escaping gas, water, etc from gas tanks | $2500.00 |
| " Ex. labor and delays caused by being under gas mains not shown on plans | 1500.00 |
| " constructing R.R. tracks on Superior street caused by quick sand running | 1140.00 |
| " change location 10th ward connection | 50.00 |

| " " " " 54 to 42 | 2796.00 |
| " " " " 61 to 114. | 23542.00 |
| Total | $75,309.33 |

Extras allowed

The Board thereupon decided to allow extras as follows and no more:

| | |
|---|---|
| Repairs to Clinton street sewer | $175.00 |
| Damage caused by break in Clinton street sewer | 300.00 |
| Repairs to two catchbasins Clinton street | 35.00 |
| Repairs to street car tracks on Superior street | 160.00 |
| Changing connection line on Superior street | 30.00 |
| " " " " Coombs " | 30.00. |
| Extra iron pipe for connections | 295.00 |
| Timbering under Nickel Plate Railroad, Glasgow Ave | 258.00 |
| " on Superior street | 50.00 |
| Extra excavation on Superior street | 42.56 |
| " " " East end of sewer | 2859.02 |
| Lowering sewer on Erie street | 4500.00 |
| Timbering over Orff Mill property | 300.00 |
| " over Superior street | 400.00. |
| Changing line at Jackson street | 90.00. |
| Total | $9,524.58 |
| Deduct for not plastering inner surface of sewer | $5586.00 |
| " " " putting in drain tile | 140.00 |
| | $5726.00 |
| | 5726.00 |
| Total amount of extras allowed. | $3,798.58 |

Receipt

Contractor Thos J. Petty thereupon signed the following agreement:

This is to certify that in consideration of an extra Estimate over and above contract price to be given me for the sum of $9524.58 less $5726.00 for not plastering sewer and putting in drain pipe deducted therefrom. I hereby acknowledge payment in full of all extras claimed by me in the execution of the contract by and between the city of Fort Wayne and myself for the building of the intercepting sewer, and for which

extras I have filed my itemized bill, and further that I release the said city of Fort Wayne from any and all claims for damages of any and all kinds for which I filed a bill.

Thos. J. Peter.

Citizens Trust Co. by E.W. Cook, Secy.

Release from bond!

Contractor Peter now asked the Board to release him from that part of his bond secured by the National Surety Company, which pertains to the guaranty to keep in repairs the streets and alleys mentioned in said contract for the period of five years, and that he would give to the city instead a bond in the sum of $1000.00 secured by E.W. Cook and O.N. Heaton. The Board upon motion decided that they would do this as soon as Mr Peter furnishes the new bond.

Main Sewer Imp. Res. No 5

Assessment Roll approved

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a Main Intercepting Sewer in accordance with Main Sewer Improvement Resolution No 5 be and the same is hereby approved, said assessment roll being based pro rata according to the benefits each piece of property has received from the improvement so made, and that notice of same be published in the Fort Wayne Journal Gazette on the 21st day of August 1901 and that the 29th day of August, 1901, be fixed a date when at 7:30 o'clock P.M. the Board will meet for the purpose of hearing objections or remonstrances against the work done under aforementioned resolution and against the assessment roll as approved by the Board before taking final action thereon. Adopted.

Plans ordered

The city civil Engineer was instructed to prepar plans and specifications for widening Minch street from Grant Avenue to the first alley East of Grant Avenue.

Imp Res No 231 + 232 Specifications modified.

The Board upon motion decided to modify the specifications for paving Barr street from Washington street to Lewis street under Improvement Resolution No 231, and for paving Masterson Avenue from Calhoun street to Lafayette street under Improvement Resolution No 232, stipulating that said brick pavements be constructed with a sand filler instead of a cement grouting and Expansion joint as provided in the specifications originally.

The contractors, Derheimer and Co. agreed to said modification of the specifications by the following:

The undersigned contractor for the constructing of the brick pavement on Barr and Masterson streets will construct said streets with a sand filler in lieu of a cement grouting and Expansion joint as provided in the specifications therefor and will allow a credit of six cents per yard for said substitute.

Respectfully

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, September 12th, 1901.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, Wm Doehrman, H.C. Zollinger.

Pet for sidewalk — The petition of P.B. Woodward and 15 others asking that a five foot sidewalk be constructed on the west side of Fletcher Avenue from Maumee Avenue to Pioneer Avenue was received and the city civil Engineer instructed to prepare plans.

Pet to construct walk — The petition of Julius Remus to construct a sidewalk in front of lots 169 and 170 Fletchers addition was granted providing the sidewalk be constructed 5 feet in width.

Pet to relay walk. — The petition of Charles Schreck to relay the sidewalks in front of lots 243, 244, 245 Hamiltons Fourth Addition was granted.

Pet to construct sidewalk. — The petition of David Winburn to construct under private contract a five foot sidewalk on the south side of Spring street abutting on lot 99 Archers Addition was granted.

Bond approved. — The Sewer Builders Bond of George Wilhelm was upon motion approved.

Plans ordered. — The city civil Engineer was instructed to prepare plans and specifications for grading the alley between Putnam street and Archer Avenue from Short street to Hench street.

Main S. Sup. Res. No 6. To strengthen work — The contractor building the South Wayne Sewer appeared before the Board and stated that the nature of the soil in spots was such that a two ring brick sewer would not be of sufficient straight to produce good work, and that even a three ring bottom had given away when the sheeting had been drawn. He asked that the Board amend the specifications so as to permit the straightening of the sewer wherever it would become necessary to do it in order to produce a good sewer. The Board referred the matter to the city attorney asking him to give an opinion as to their rights and duties in this matter.

The Board then adjourned.

Pet. to grade Meyer Ave. The petition of L.B. Bond asking for permission to grade under private contract Meyer Avenue from Fairfield Avenue to South Wayne Avenue was granted.

Pet. to construct sidewalk The petitions of Peter Schenkel to construct under private contract a four foot brick sidewalk in front of lots 33, 34, 35 McCullochs Homestead Add., on Michaels Ave., was granted.

Remonstrance against franchise The remonstrance of O.E. Flemming and 26 others against granting a franchise for street railway purposes, on Nelson street was received and placed on file.

Opinion of City Attorney. The following opinion from the city attorney was received and placed on file:

To the Board of Public Works:

Gentlemen, - You asked me for a written opinion as to the power of the Board to modify plans and specifications for public work after contract is let. The Board is authorized to modify plans and specifications when in its opinion it is imperatively necessary. Conditions may arise in the construction of a building or the building of a street or sewer in which the specifications adopted might become insufficient. If so, the Board can order such changes as the exigency of the case may demand. So in this case, you have adopted the plans for a double ring brick sewer. If the Board is now of the opinion that owing to the conditions of the soil, the present plans are insufficient in strenght and cannot be maintained it is fully authorized to so modify such plans as will meet conditions. Section 36 of the plans and specifications authorizes the act and likewise provides holy the compensation shall be fixed. Therefore, I repeat, that such modifications are authorized as are imperatively necessary to maintain the sewer for the purpose for which it was constructed. The present plans require of the contractor certain things, but if the Board believes that after the contractor has complied with all the requirements of his contract, that the structure will not stand because

of the insufficiency of strenght of the structure itself then the fault lies with the plans and not the contractor, and the Board is authorized to make such changes as will meet the requirements.

W. H. Chambaugh, City Attorney.

Plans approved.

alley between Maumee Avenue and Lewis street from the alley west of Walton Avenue to a point 30 feet west of Walton Avenue, also in the alley between Walton Avenue and Lillie street from the alley between Maumee Avenue and Lewis street to a point 20 feet north of Lewis street.

For vacating the south 18 feet of Basin street from Boone street to the alley north of Boone street.

## Improvement Resolution No 246.

Imp. Res. No 246 Adopted

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Putnam street and Archer Avenue from Short street to Hench street by grading full width, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

## Improvement Resolution No 247.

Imp. Res. No 247 Adopted.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the south side of Wiech street from Grant Avenue to Wabash Avenue by grading to a width of Eight (8) feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

## Improvement Resolution No 248.

Imp. Res. No. 248 Adopted.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Grant Avenue from Wayne street to the first alley south of Wayne street by grading to a width of ten (10) feet and paving with brick to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

## Main Sewer Improvement Resolution No 15.

Main Sewer Imp Res. No 15 Adopted.

Resolved, by the Board of Public Works of the city of Fort Wayne, and State of Indiana, that the construction of a main sewer intended and adapted not only for use of abutting property owners along the line of such sewer but also intended and adapted for receiving sewage from collateral drains, be and the same is hereby ordered in the alley north of Elmwood Avenue from the brick sewer on Tecumseh street to St Joe Boulevard. Said sewer to be a 15 inch vitrified clay pipe

sewer from the brick sewer on Tecumseh street to the center of Oneida street and a 12 inch vitrified clay pipe sewer from the center of Oneida street to Lt Joe Boulevard all of which is more particularly set forth in the plans and specifications on file in the office of the Board of Public Works, and all of said work and material of every kind is to be in accordance with the profile and specifications now on file in the office of the Department of Public Works of said city, which plans and specifications are made a part hereof.

The total cost of said improvement shall be paid by the holders of property benefically affected thereby in proportion to the benefits received including not only the property abutting on the line of said sewer but also all the property which may be benefically affected by the construction of said sewer.

The entire cost of said sewer, including the portions of said sewer which cross streets and alleys to be assessed against property holders benefically affected it being expressly intended and provided that the City of Fort Wayne shall pay no other part of the cost of the construction of said sewer unless it be as an owner of property benefically affected in which case it shall be liable as other property holders.

Assessments if deferred are to be paid in ten equal annual installments with interest at the rate of 5 per cent per annum.

The contractor shall collect all assessments when the property owner does not request the privilege of paying the assessment in installments and the issuing of bonds therefor, but in case an assessment shall be so deferred a bond or bonds may be issued to the contractor in payment for said work and such assessments as are payable in installments shall be payable to the treasurer, all as provided for in an act of the General Assembly of the State of Indiana, Entitled: "An act concerning the incorporation and government of cities having more than thirty five thousand and less than forty nine thousand population according to the last preceding United States census and matters connected therewith and declaring an emergency" approved March 3rd. 1893 and all acts supplementary thereof and amendatory thereto.

The property which may be benefically affected by the construction of said sewer lies within the following described

territory in the city of Fort Wayne in Allen County, State of Indiana.

All that property lying north of Elmwood Avenue, East of St Joe Boulevard, south of the city limits and west of Tecumseh street.

Under no circumstances shall the city of Fort Wayne be or be held responsible for any sum or sums due from said property owner or owners for said work or for the collection of the same or for the payment of any bond or bonds, certificate or certificates issued to said contractor in payment for such work except for such monies as shall have been actually received by said city for assessments for such improvements

Adopted.

Local Lever Imp. Res. No 85 Adopted.

Local Lever Improvement Resolution No 85.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana that the construction of a local sewer intended and adapted for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Clarence Avenue and Lewis street from the alley west of Walton Avenue to a point 30 feet west of Walton Avenue, also in the alley between Walton Avenue and Lillie street from the alley between Clarence Avenue and Lewis street to a point 20 feet north of Lewis street as follows: said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Dec. Res. No 78 Adopted.

Declaratory Resolution No 78.

Vacating the south 18 feet of Basin street from Boone street to the alley north of Boone street.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the south 18 feet of Basin street from Boone street to the first alley north of Boone street.

The cost of said vacation and all Expenses connected therewith to be assessed against the following described property to wit: Lots Nos 235, 236, 237, 238, and 239 Rockhills Second Addition to the city of Fort Wayne, Indiana. All as shown by the plan of such proposed vacation now on file in the office of the Board of Public Works of said city. All of said property and lots and lands being situated in the

city of Fort Wayne, Allen County, Indiana.

Adopted.

Notice to RO. Moved that notice to property holders of the adoption of Improvement Resolutions Nos 246, 247, 248, Maine Sewer Improvement Resolution No. 15, Local Sewer Improvement Resolution No 85, and Declaratory Resolution No 78 be published in the Fort Wayne Journal Gazette on the 14th and the 21st days of October, 1901, and that the 28th day of October, 1901, at 30 o'clock P.M. be fixed a date when the Board will hear and consider objections or remonstrances against either of aforementioned Improvement Resolutions.

Adopted.

Plat approved. A plat of Bass, Simons and Barde's Addition to the city of Fort Wayne, Indiana, in the southwest fractional quarter of Section 6, township 30, north, range 13 East was upon motion approved.

James M. Henry submitted a plat of Jefferson Park Addition to the city of Fort Wayne, Indiana, being a subdivision of Front Lot No five (5) in Ewings Outlots in Section 11, Township 30 north, range 12 East. John P. Auspach joines him as the owner of lot number four (4) of said Addition.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fortwayne, Indiana, Oct. 24, 1901.

Regular meeting held at 7 30 o'clock P.M.

Present: Peter Eggemann, Williams, Doehrmann, N.C. Zollinger.

Pet. to vacate alley. The petition of Fred C. Bolty for the vacation of the alley between lots 43 and 44 Huffmans Addition was heard and the City Civil Engineer instructed to prepar a plat.

Pet to construct sidewalk. The petition of C.K. Fairfield asking for permission to construct under private contract a new sidewalk on the south side of Ferguson street from Fox Avenue to a point 285 feet west of Fox Avenue was granted providing a 5 ft brick sidewalk be constructed in accordance with plans and specifications furnished by the City Civil Engineer and providing a proper bond be furnished.

Assessment Rolls confirmed. The Board of Public Works having viewed the work of constructing a metropolitan block pavement on Masterson Imp. Res. No 232 Avenue from Calhoun street to Lafayette street in accordance with Improvement Resolution No 232, —

Imp. Res. No 235 — also the work of paving the alley between Wayne and Washington streets from Calhoun street to Harrison street in accordance with Improvement Resolution No 235, —

Imp. Res. No 240 also the work of grading the alley between Jefferson and Madison streets from Barr street to Lafayette street in accordance with Improvement Resolution No 240, —

Assessment Roll confirmed

Imp. Res. No 243.

also the work of constructing sidewalks on the north side of Taylor street from Nelson street to Garden street in accordance with Improvement Resolution No 243, -

L. L. Imp. Res. No 84

also the work of constructing a vitrified clay pipe sewer in the alley south of Third street from the alley west of Orchard street to Barthold street, also in the alley between Clark street and Barthold street from the alley south of Third street to a point 40 feet north of High street in accordance with Local Sewer Improvement Resolution No 84, -

and this being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions, also a date when the assessment rolls containing an estimate of the cost to each owner of property or valuable interests affected thereby together with the names of the owners of property and valuable interests and a description of each piece of property would be heard before taking final action thereon, said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever against the work performed under, or the assessment rolls as approved in accordance with either of aforementioned Improvement Resolutions, on motion the work performed under Improvement Resolution No 232, 235, 240, 243 and Local Sewer Improvement Resolution No 84 was accepted as completed under the terms and conditions of the resolutions and contracts therefor and the assessment rolls confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

The following agreement was made with George Metz:

Main Sewer Imp Res. No 6. Agreement.

This agreement made and entered into by and between the city of Fort Wayne, Indiana, through its Board of Public Works, party of the first part, and George Metz of Fort Wayne, Allen County, Indiana party of the second part,

Witnesseth: That for the consideration hereinafter expressed party of the second part grants permission to party of the first part to construct and maintain a Main sewer over and through the south 20 feet of lot No 38 and the north 12 feet of lot 37 Gollars and Swayne's Addition to the city of Fort Wayne, Indiana, party of the first part agreeing to exercise due care so as not to injure the lots anymore than is absolutely necessary.

In consideration of which the said party of the first part covenants and agrees to pay said second party the sum of two hundred and twenty five dollars.

The Board then on motion adjourned.

Attest. Wm. C. Schmidt.
CLERK.

Peter Eggemann

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, October 28th, 1901.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggemann, Wm. Doehrmann, N. C. Zollinger.

Pet to Pave street. The petition of D. H. Foster and 26 others, asking that Fairfield Avenue from Brackenridge street to the Organ Factory be paved during the year 1902 was received and placed on file.

Pet to relay walk. The petition of C. Lehrack to relay under private contract the sidewalks abutting on lot No 226 Hamm's Addition was granted.

Bond approved. The Bond of Cyrus L. Fairfield to construct a brick sidewalk on the south side of Ferguson street from Fox Avenue to a point 285 feet west of Fox Avenue was on motion approved.

Dec. Res. No 64 Rescinded. Inasmuch as Fulton street from Jefferson street to Brackenridge street has been widened to a width to correspond with the width of other parts of Fulton street said widening having been brought about by the approval of a plat of Jefferson Park Addition, upon motion all proceedings had under Declaratory Resolution No 64 were rescinded.

Main S. Imp. Res No 6. Sheeting left in trenches. Owing to the treacherous condition of the soil and the great depth at which parts of the South Wayne Sewer under Main Sewer Improvement Resolution No 6 had to be constructed, it became evident that it would be necessary to leave the sheeting in the trench or to construct an extra ring at

Allowance for sheeting

certain points and to make an allowance to the contractor for same. Such "Extras" ordered by the city civil Engineer and approved by the Board up to date are as follows:

For sheeting left in trench: on Taylor street from the Wabash Railroad to Fox Avenue 2450 feet a $15.00 per M. $36.75
On Fox Avenue along Fox property 5000 ft a $15.00 per M. $75.00
" " " north of Dewald street 2304 ft a $15.00 per M. $34.56
" " " 150 feet south south of Creighton Avenue 200 ft. extra. 3.00.
" " " 284 lineal feet from the south line of Creighton Avenue to Belle Avenue a 48¢ per lineal foot $136.32
" " " from Creighton Avenue to a point 139 feet north of Creighton Avenue 139 l. ft. a 48¢ per l. ft. $66.72
" " " Extra ring from the north line of Dewald street to a point 256 feet south a $2.40 per l. ft. $614.50
On Nelson street, Extra ring and sheeting from Jefferson street to Mill street. 205.00
Total $1171.85

Local Sewer Imp. Res. No 85. Local Sewer Improvement Resolution No 85 for the construction of a vitrified clay pipe sewer in the alley between Maumee Ave. and Lewis street from the alley west of Walton Ave to a point 30 feet west of Walton Avenue, also in the alley between Walton Ave. and Lillie street from the alley between Maumee Ave and Lewis street to a point 20 feet north of Lewis street

C.C. Moellering & Co bid per lineal foot 95¢

Upon motion all bids were taken under advisement until

10 o'clock AM. December 6th, 1901.

Dec. Res. No 81 confirmed

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 81 which provides for the opening of a 12 foot alley between Pontiac street and Leith street from the alley on the east line of Barrett's Outlot No 3 to the alley east of Hoagland Avenue, after further discussing the matter for some time with a number of interested property owners, upon motion the resolution was confirmed as in the original.

Dec. Res. No 77, Assessment Roll confirmed

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of vacating all alleys in Broadway Park Addition in accordance with Declaratory Resolution No 77, —

Dec. Res. No 78 confirmed

also against the assessment rolls of benefits and damages in the matter of vacating the south 18 feet of Bassie street from Boone street to the alley north of Boone street, in accordance with Declaratory Resolution No 78)
and there appearing no objections or remonstrances of any kind whatever, on motion each of aforementioned assessment rolls was confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Material selected Imp. Res. No. 241.

In the matter of paving Wayne street from Hanover street to to Grand Avenue in accordance with Improvement Resolution No. 241, the Board now proceeded to select material to be used in making said improvement; having given the matter considerable attention and deliberation Mr. Eggeman made the motion that sheet asphalt be selected as the material to be used, but this motion received no second. Mr Zollinger later on made the motion that vitrified paving block be selected which motion was seconded by Mr. Doehrman. Upon the motion being put to a vote Mr. Doehrman voted aye and Mr Eggeman voted no, Mr Zollinger not voting. There being a tie, Mr Doehrman thereupon made the motion that sheet asphalt be selected, which motion received a second from Mr Eggeman. The motion being put to a vote it was carried by Mr. Eggeman and Mr. Doehrman voting aye, and Mr Zollinger no.

Ft Wayne Traction Co. to lower rails.

The clerk was instructed to notify the Fort Wayne Traction Company to lower the rails of their tracks on Columbia street from the

bridge west to the west line of Burr street or farther west, if necessary to make them conform to the grade of the street.

It having become quite late, the Board now took a recess until 10 o'clock AM. December 6th, 1901.

The Board reconvened at 10 o'clock AM. December 6th, 1901.
Present: Peter Eggeman, Wm Dochman, H.C. Zollinger.

Sewer Builders Board approved.

The Sewer Builders Board, Julius Remus, appointed on motion approved.

Confirmed.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against

Imp. Res. No 249. Improvement Resolution No 249 which provides for the construction of sidewalks on the south side of Gutenier street from Minder street to Walton Avenue, -

Imp. Res. No 250. also against Improvement Resolution No 250 which provides for the construction of sidewalks on the west side of Reed street from Greene street to Creighton Avenue, -

Imp. Res. No 251. also against Improvement Resolution No 251 which provides for the construction of sidewalks on the west side of Minder street from Buchanan street to Creighton Avenue, -

Imp. Res. No 252. also against Improvement Resolution No 252, which provides for grading Creighton Avenue from Walton Ave from Euclid Avenue; also for the construction of sidewalks on the north side of Walton Ave from Walton Avenue to Euclid Avenue,

Imp. Res. No 253. also against Improvement Resolution No 253 which provides for the construction of sidewalks on the west side of Fletcher Avenue from Maumee Avenue to the Wayne Trace, -

L.S. Imp. Res. No 86. also against Local Sewer Improvement Resolution No 86 which provides for the construction of a vitrified clay pipe sewer in the first alley north of Huffman street from Audrey street to Hench street, -

and there appearing no objections or remonstrances whatever on motion Improvement Resolutions Nos 249, 250, 251, 252, 253, and Local Sewer Improvement Resolution No 86 were confirmed as in the original.

Notice to contractors. Moved, that notice to contractors of the work to be done under Improvement Resolutions Nos 249, 250, 251, 252, 253, and Local Sewer Improvement Resolutions Nos 85 and 86 be published in the Fort Wayne Journal-Gazette on the 7th and 14th days of December 1901, and that the 19th day of December, 1901, be fixed a date when at 7:30 o'clock P.M. the Board will open sealed proposals for the work to be done under aforesaid Improvement Resolutions.

Adopted.

Contracts awarded.

The Board now proceeded to consider the bids received at the meeting held at 7:30 o'clock P.M. December 5th, 1901, and after due deliberation decided as follows:

Improvement Resolution 246, John Drake was found to have submitted the lowest and best bid, and upon motion the contract was awarded to him at 12¢ per lineal foot.

Imp. Res. No 247.

Improvement Resolution No 247, it was found that George Wilhelm had submitted the lowest and best bid, and upon motion the contract was awarded to him at 34¢ per lineal foot.

Imp. Res. No 248.

Improvement Resolution No 248, it was found that C. Moellering & Co. had submitted the lowest and best bid and upon motion the contract was awarded to him at 43¢ per lineal foot.

Main Sewer Imp. Res. No 15.

Main Sewer Improvement Resolution No 15, for the construction of a vitrified clay pipe sewer in the alley north of Elmwood Avenue from Tecumseh street to Lt Joe Boulevard, it was found that George Wilhelm has submitted the lowest and best bid, and upon motion the contract was awarded to him at 62¢ per lineal foot.

Bids rejected Local Sewer Imp. Res. No 85

Local Sewer Improvement Resolution No 85, the Board decided that the bids received were too high, and upon motion all bids were rejected and the clerk instructed to advertise for bids.

Communication from Council.

A communication from the city clerk referring a resolution from the Common Council regarding the sewerage of the Bosh Packing Co., was received and placed on file.

Petition to tap sewer

A. J. Lauterwier appeared before the Board and asked for permission to drain his greenhouses located on the south east corner of Walton Avenue and Pioneer Avenue into the sewer in the alley between Walton Avenue and Fletcher Avenue. As Mr Lauterwiers property had not been assessed for any sewer he was required and did pay $40.00 into the general fund of the city treasury, whereupon the permit was granted.

The Board then on motion adjourned.

Attest. Alb. Schmidt

BOARD OF PUBLIC WORKS.

Office Board of Public Works

Fort Wayne, Indiana, December 9th, 1901.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, Wm Dochman, H.C. Zollinger.

Petition to get water at Swinney Park.

Harry D. Alderman appeared before the Board and asked for permission to take water from the flowing well in Swinney Park for delivery to private consumers. The permission was granted providing he conform with all regulations applying to persons taking water from Swinney Park.

Petition to open Oakland street

The petition of C.W. Smithy and 17 others asking for the opening of Oakland street from High street to Third street was received, and the city civil Engineer instructed to prepare plans.

Petition to open Sherman street.

The petition of C.W. Smithy and 17 others asking for the opening of Sherman street from Fourth street to High street was received and the city civil engineer instructed to prepar plans.

Partition fence.

Mrs Mary A. Williams and Horatio N. Ward appeared before the Board accompanied by their respective attorneys pursuant to the notice served upon them by the Board to appear for the purpose of considering the matter of constructing a partition fence between lots 189 and 190 Hamiltons Fourth Addition as set forth in the complaint submitted by Horatio N. Ward. After a lenghty discussion in which all matters pertaining to this case were pretty thoroughly gone over the Board, owing to the absence of the city attorney, took all matters under advisement until 8 o'clock AM. December 10th, 1901.

Ft Wayne & Southwestern Traction Company petition to locate switch

Vice president S. L. Nelson of the Fort Wayne and Southwestern Traction Company appeared before the Board asking for permission to locate a switch for passing track purposes around the corner of Taylor street and Fairfield Avenue, or if the Board should deem it impracticable at that point, a switch as near to that point as possible. The Board decided that it would not consent to putting in a double track around the corner of Fairfield Avenue and Taylor street, but that said switch and passing track should be put in on Taylor street just west of Fairfield Avenue.

Upon motion the Board now took a recess until 8 o'clock AM. December 10th, 1901.

The Board reconvened at 8 o'clock AM. December 10th, 1901.
Present: Peter Eggemann, Wm Doehrman, H.C. Zollinger.

Appropriations asked for.

The clerk was instructed to request the comptroller to make the following additional appropriations, said amounts being necessary to defray certain expenses during the ballance of this year:

| | |
|---|---|
| Expense city civil Engineers office | $100.00 |
| Disposal of Garbage | $265.00 |
| Public Lights | $140.00 |

Upon motion a recess was taken until 4 o'clock P.M. December 10th 1901

The Board reconvened at 4 o'clock P.M. December 10th, 1901.
Present: Peter Eggemann, Wm Doehrman, H.C. Zollinger.

Ft Wayne & So Western Traction Co. poles on Taylor st. Bass st Y.

The Fort Wayne and Southwestern Traction Company submitted a petition asking that they be permitted to maintain the wooden poles on Taylor street west of the Wabash Railroad to the city limits until June 1st 1902, by which time all wooden poles must be replaced with iron poles. The also asked for permission to construct a Y onto Bass street from Fairfield Avenue so as to enable them to turn their cars at that point. This Y to be temporary and to be removed within one year from date hereof. Upon motion the permit was granted and an agreement embodying the concessions asked for and granting them, signed and the clerk was instructed to submit the petition and the agreement to the common council for ratification. according to law.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, December 12th, 1901.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, Wm Dochman, H.C. Zollinger.

Assessment Roll confirmed Imp. Res. No 238.

The Board having viewed the work of paving the alley between Wayne and Washington streets from Fairfield Avenue to Fulton street in accordance with Improvement Resolution No 238, and this being the date and time previously fixed by the Board when they would hear and consider objections and remonstrances against the work done under aforementioned Improvement Resolution, also against the assessment roll containing the names of holders of property affected and benefited by the improvement so made together with a description of each piece of property thus affected and the pro rata assessment against it, would be heard before taking final action thereon, said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed and there appearing no objections or remonstrances whatever, upon motion the work done under Improvement Resolution No 238 was accepted as completed under the terms of the contract therefore, and the assessment roll confirmed as in the original, and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

Contract awarded Imp. Res. No 241.

In the matter of paving Wayne street from Hanover street to Grant Avenue under Improvement Resolution No 241, bids to do this work were received and opened August 8th, 1901, and the material to be used was selected by the Board on December 5th 1901. The time having expired within which property holders may, under the law, petition the Board to substitute some other material than that selected by the Board, and no petition of such a character having been filed with the Board, upon motion the contract was awarded to the Barber Asphalt Paving Co. their bid to do the work for $1.67 per lineal foot being the lowest and best, Mr Eggemann and Mr Dochman voting in the affirmative, and Mr Zollinger not voting.

Imp. Res. No 242.

In the matter of paving Taber street from Calhoun street to Webster street under Improvement Resolution No 242, bids were opened September 9th 1901, and the material selected by the Board on December 5th, 1901.

No petition having been filed with the Board asking for the substitution of some other material than that selected by the Board, upon motion the contract was awarded to the Barber Asphalt Paving Company their bid to do the work for $1.73 per lineal foot being the lowest and best.

The Board then on motion adjourned.

Plans approved.

The city civil Engineer submitted the following plats which were upon motion approved:

Open Oakland st.

For the opening and extending of Oakland street from High street to Third street.

Open Sherman st.

For the opening and extending of Sherman street from High street to the south line of Becks Subdivision of Ewings Outlot No 9.

Declaratory Resolution No 82.

Dec. Res. No 82. adopted.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana that it is desired and deemed necessary to open and extend Sherman street in the city of Fort Wayne Allen County, and State of Indiana, from High street to the south line of Becks Subdivision of Ewings Outlot No 9. Said opening and extension to maintain throughout a width of 50 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: Lots numbered 2, 25, 28, and 51, the East 12 feet on the south and 11.4 feet on the north of lot numbered 3, the East 11.35 feet on the south and 10.9 feet on the north of lot numbered 24, the East 10.7 feet on the south and 10.25 feet on the north of lot numbered 29, the East 10.2 feet on the south and 9.6 feet

on the north of lot numbered 50 of Lovetsers Subdivision of a part of Ewings outlot No 15. Also a strip of ground 50 ft in width beginning at a point on the north line of Third street 50 feet west of the southwest corner of lot No 16 Clarks Addition to the city of Fortwayne, thence north to the north line of the Old Feeder Canal property, thence southwest along the north line of said Old Feeder Canal property to the west line of Sherman street thence south to the north line of Third street, thence east 50 feet to the place of beginning.

All as shown by the plan of such proposed opening and extending of Sherman street above described now on file in the office of the Board of Public Works.

The property which may be injuriously or beneficially affected by the opening and extending of said Sherman street as above described is described as all lots or parcels of land not occupied by streets or alleys lying south of Archer Avenue west of Wells street, north of the Lake Shore and Michigan Southern Railway and east of St Marys Avenue.

All of said street and lots and lands affected by said opening and extending being situated in the city of Fort Wayne, Allen County, and State of Indiana.

Adopted.

## Declaratory Resolution No 83.

Dec. Res. No. 83. adopted.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is ~~deemed~~ desired and necessary to open and extend Oakland street in the city of Fortwayne, Allen County, State of Indiana, from High street to Third street. Said opening and extension to maintain throughout a width of 50 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: Lots numbered 13, 14, 39, and 40, the west 17 feet of lot No 12, the west 17 feet of lot No 15, the west 17 feet of lot No 38, and the west 17 feet of lot No 41 of Lovetsers subdivision of a part of Ewings outlot No 14.

All as shown by the plan of such proposed opening and extending of Oakland street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said Oakland street as above described is described as all lots or parcels of land not occupied by streets or alleys lying south of Archer Avenue, west of Wells street, north of the Lake Shore and Michigan Southern Railway and east of the city limits

All of said street and lots and lands affected by said

opening and extending being situated in the city of Fort Wayne, Allen County, State of Indiana. adopted.

Notice to P.O. Acc. Res. Nos. 82 & 83.

Moved that notice to owners of property to be affected by the improvements to be made under Declaratory Resolutions Nos 82 and 83 be published in the Ft Wayne Journal Gazette on the 21st and 28th days of December, 1901, and that the 11th day of January 1901, be fixed a date, when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned proposed improvements adopted.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Special meeting held January 6th. 1902, 10 A.M.
Present: Peter Eggeman, William Boehman, H.C. Zollinger members of the Board of Public Works, mayor H.C. Berghoff, city attorney Wm. H. Thumbaugh, city engineer F. M. Randall.

Proposed improvements.

Aforementioned city officials met for the purpose of considering various proposed improvements and other matters of public importance. A general discussion followed and it was finally decided that the following steps should be taken:

1. To get prices on various kinds of street sweepers, said prices to be nett cash prices without any commission whatever to agents or anyone else.
2. To get prices on two one horse carts similar to those now in use in the street cleaning department.
3. To get prices on lumber needed to construct a shed on the city lots on north Clinton street where the street department can house their tools and machinery.
4. That the city civil engineer prepare an estimate of the cost to the city for paving the following streets:
Maumee Avenue from Harmer street to Walton Avenue, each line.
Maiden Lane from Main street to Berry street.
Main street from St Marys river bridge west to city limits.
Fairfield Avenue, from Brackenridge street to Creighton Avenue.
Columbia street from Calhoun street to Barr street.
Washington street, from Calhoun street to Harmer street and
Harmer street from Washington street to Maumee Avenue.

5. The city civil engineer was requested to prepare plans for a system of sewers in South Wayne and such other territory whose sewerage will be tributary to the South Wayne Sewer.

6. The Board decided to pave all streets running north and south between Calhoun street and Rockhill street that have not already been supplied with a good and substantial street pavement from Main street to Jefferson street.
7. The Clerk was authorized to offer Mrs Lydia Crawford of Grand Works, Ills., the sum of $50.00 for damages in full to lot No 16 Gollard and Swayne's Addition account of South Wayne Sewer crossing her lot.

The meeting then adjourned

Present: Peter Eggemann, Wm Dochmann, H.C. Zollinger.

To move a street light

The clerk was requested to notify the Jenney Electric Light and Power Company to move the light now located on Case street between the railroad bridge to the north end of the bridge.

Plans ordered

The city civil Engineer was instructed to prepare plans and specifications for paving the following streets:

Van Buren street, from Main street to Jefferson street.
Jackson " " " " " "
Union " " " " " "
Rockhill " " Berry " " "
Ewing " " Main " " Baker "

Communication from Council

The city clerk submitted a communication from the common council submitting the report of the city civil Engineer to the common council enumerating all sewers not connected with the Main Intercepting Sewer. On motion the communication was received and placed on file.

Complaint Guthrie street blocked.

The complaint of Chr. Von Behren and 40 others about Guthrie street from Broadway to Thompson Avenue being continually obstructed and made impassable by logs, chips, rubbish, trimmings of trees Etc. being deposited thereon, was received and placed on file, the Board having personally taken the matter up with the offenders, and having notified them to remove all obstructions.

Plat approved

Mr. Henry M. Williams submitted a plat of "The Broadway, Home, and Lavilla Avenue Addition to the city of Fortwayne" comprising all that part of Outlot No 2 as laid out by the Trustees of Wayne Township, Allen County, Indiana, which lies west of a line drawn parallel with and twenty five (25) feet east of the line dividing Sections No 14 and 15 in Township 30, North Range 12, East, in Allen County, Indiana into lots, streets, and alleys as shown on the plat attached hereto. The lots are numbered from one (1) to seven (7) inclusive, and the dimensions of the lots are indicated in feet and tenths by figures on said plat. The alley on the East side of said plat is six (6) feet in width.

On motion the plat was approved.

Jeffery E.L. & P. Co. Abrogate contract.

Mr. J.W. White President of the Jeffery Electric Light and Power Company submitted a communication stating that aforesaid Company wished to abrogate its present contract with the city for lighting the streets and entering a new contract at a much less figure. They also submitted a new contract with the communication. Upon motion the communication and contract were received and placed on file for further consideration.

The Board then on motion adjourned.

Bids to furnish lumber.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for furnishing the city with oak lumber needed by the street and bridge departments during the year 1902, the Board now opened the bids received and obtained the following result:

Kilian Baker $19.90 per thousand.
Peters Box and Lumber Company $19.75 for street lumber per thousand
" " " " $24.50 " bridge " " "
Smith and Randall Lumber Company $19.40 per thousand
Hilker Bros $18.00 per thousand for lumber 8 inches wide
" " 20.00 " " " " 10 inches wide.

Upon motion all bids were taken under advisement.

Bids to furnish lumber

This being the date and time previously fixed by the Board when they would open sealed proposals for furnishing lumber for the purpose of constructing a tool house and machinery sheds for the city street department the Board now proceeded to open such proposals submitted and obtained the following result: For furnishing the quantity, quality and sizes mentioned in specifications prepared by the Board the bids were as follows:

Edward Gilmartin bid $536.00
Henry Franke " $510.00
Fort Wayne Lumber Company bid $541.00
Jacob Klett and Sons bid $520.00
Deither Lumber Company bid $525.00
Rhinesmith and Simonson bid $539.00
Upon motion all bids were taken under advisement.

Engr. Annual report. The city civil engineer submitted his annual report for the year 1901 and upon motion it was received and placed on file.

More street light. The clerk was instructed to notify the Jenney Electric Light and Power Company to move the light now located at the corner of Ewing and Jefferson streets back to its original location at the corner of Lewis and Ewing streets.

Kentucky Rock Asphalt admitted. Thos. J. Peter acting for a Kentucky Rock Asphalt Company, for some time had been trying to induce the Board to admit his material in the specifications for all street improvements. A lenghty discussion followed in which the merits of the material, the standing of the company, the competency of the men employed by them and other phases were discussed at lenght. Mr Doehrman and Mr. Sollinger contended that the material should be admitted thereby inviting a greater degree of competition, and if upon the opening of bids the Board felt that the material was faulty or the company in any way not responsible or equipped with men and machinery to properly put down the street pavement, then the bids could be rejected. Mr Eggeman contended that this information should be obtained before the material be admitted to the specifications and warned the Board to go slow in this matter as past experiences in such matters had learned him a severe lesson. However Mr Doehrman made the motion that the material be admitted, which motion recived a second from Mr. Sollinger and was carried by Mr Doehrman and Sollinger voting in the affirmative and Mr Eggeman in the negative, thus admitting Kentucky Rock Asphalt to the specifications for all street improvements.

Ft Wayne Traction Company submit franchise Mr J.M. Barrett, attorney for the Fort Wayne Traction Company, submitted a supplementary franchise to the Board by which said company asks for the privilege to extend their lines on Broadway south to river bridge, on Calhoun street south to John Avenue, west on John Avenue to Hoagland Avenue,

north on Hoagland Avenue to Bryan Avenue, west on Bryan Avenue to Fairfield Avenue, on Pontiac street east to the city limits, on Minder street to Selden street east on Selden street to Wayne Trace, thence east to the city limits, on Huffman street to Jesse street, south on Jesse street to Spring street east on Spring street to Franklin Avenue, north on Franklin Avenue to Huffman street. Also a "Y" on Walton Avenue at the intersection of Creighton Avenue. A double track on Main street from Calhoun street to Broadway; a double track on Columbia street from Calhoun to Lafayette street, a double track on Clinton street from Main to Columbia street, a double track on Lafayette street from Main to Columbia street. The agreement was received and placed on file for further consideration.

The Board then on motion adjourned

Assessment Rolls confirmed Dec. Res. No 79.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits and damages in the matter of vacating the alley between lots 43 and 44 Huffmans Addition in accordance with Declaratory Resolution No. 79,

Dec. Res. No 80.

also the date and time previously fixed to hear objections or remonstrances against the assessment roll of benefits and damages in the matter of vacating the alley between Barr and Lafayette streets from Washington street to Jefferson street in accordance with Declaratory Resolution No 80,- aforesaid assessment rolls of benefits, there being no damages representing the actual cost incurred by the vacation of each of aforesaid alleys, and there appearing no objections or remonstrances whatever, upon motion the assessment rolls under Declaratory Resolutions Nos 79 and 80 were confirmed in the original and ordered forthwith delivered to the Department of Finance.

Remonstrance, Dec Res No 81.

The remonstrance of John P. Eraus and two others against the assessment of benefits and damages in the matter of opening a 12 foot alley between Pontiac and Leith streets from the alley on the East line of Barretts Outlot No 3 to the alley east of Hoagland Avenue in accordance with Declaratory Resolution No 81, was received and placed on file.

Hearing deferred Dec. Res. No 81.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrance against the assessment roll of benefits and damages in the matter of opening a 12 foot alley between Pontiac and Leith streets from the alley on the East line of Barretts Outlot No 3 to the alley east of Hoagland Avenue in accordance with Declaratory Resolution No 81, a remonstrance was presented by John P. Eraus and considered by the Board. The Clerk also reported that the residence of Sarah Hassler and Noah N. Baker was unknown and that notice by publication would have to be served on them before taking final action thereon. It was moved that notice to Sarah Hassler and Noah N. Baker of the adoption of the assessment roll of benefits and damages under Declaratory Resolution No 81 be served according to law by publishing same in the Fort Wayne Journal Gazette

January 18th, 25th, and February 1st 1902, and that the 27th day of February, 1902 at 7:30 o'clock P.M. be fixed a date and time when the Board of Public Works will further hear and consider objections or remonstrances against the assessment roll of benefits and damages under Declaratory Resolution No 81. Adopted.

Remonstrance Oakland st. The remonstrance of Mary C. Ewing against the proposed opening and extension of Oakland street from High street to Third street was received and placed on file.

Do. The remonstrance of Fannie C. Forrester against the proposed opening and extension of Oakland street from High street to Third street was received and placed on file.

Confirmed Dec. Res. No. 82. This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the proposed opening and extending of Sherman street from High street to the south line of Beeks Subdivision of Ewings Outlot No 9 in accordance with Declaratory Resolution No 82 no remonstrance having been filed with the Board against said proposed improvement, upon motion Declaratory Resolution No 82 was confirmed as in the original.

Dec. Res. No. 83. This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 83 which provides for the opening and extending of Oakland street from High street to Third street, Mary C. Ewing and Fannie C. Forrester had filed remonstrances against the proposed improvement. there also appeared a number of property owners living in the vicinity of the proposed improvement and presented their objections orally. After a lenghty discussion the Board decided that the improvement was a necessity and it should be made and upon motion Declaratory Resolution No 83 was confirmed as in the original.

Bids for carts. It having become necessary to add two more carts to the street cleaning department, the Board had requested several wagon makers to submit prices for the construction of such carts. These bids were now opened and the following result obtained:

| | | |
|---|---|---|
| Chas Ehrmann | $48.00 | for each cart. |
| L.L. Zollinger | 40.00 | " " " |
| Chalfey Bros | 46.10 | " " " |
| B.H. Baker | 60.00 | " " " |

Upon motion the contract was awarded to H.C. Zollinger & Bro. his bid being the lowest and best.

Estimate of cost of street pavements to city.

In compliance with a request from the Board the City Civil Engineer submitted a list showing an estimate of the cost to the city for paving street and alley intersections in connection with the paving of various streets during the present year as contemplated by the Board. The Engineers estimate is as follows:

| | | |
|---|---|---|
| Columbia street from | Calhoun street to Barr street | $977.40 |
| Maumee Avenue " | Harmer street to Walton Ave | $3,791.80 |
| Harmer street " | Washington street to Maumee Ave | 356.00 |
| Washington street " | Calhoun street to Harmer street | 6,352.80 |
| Brackenridge street, jog at | Fairfield Avenue | 707.00 |
| Fairfield Avenue, from | Brackenridge st. to Creighton Ave. | 5,888.40 |
| Main street, " | St Marys river to city limits | 3,964.00 |
| Maiden Lane, " | Main street to Berry street | 124.00 |
| | Total | $22,161.40 |

Plan, open Warsaw st approved.

The city civil engineer submitted a plat showing the proposed opening of Warsaw street from Pontiac street to Wiebke street. On motion the plat was approved.

## Declaratory Resolution No 84.

Adopted Dec. Res. No. 84

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Warsaw street in the city of Fort Wayne, Allen County, and State of Indiana, from Pontiac street to Wiebke street, said opening and extension to maintain throughout a width of 50 feet, and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:

The east 25 feet of lot Nos 1, and 27 Sanders and Metcalfs Subdivision of Hoods Outlot No 1, the east 13.3 ft of lots Nos 19 and 18 of Bolts Subdivision of Hoods Outlot No 2, the east 13 feet of lot No 14 Romys Second Addition to the city of Fort Wayne, the east 25 feet of the south 126 feet of Hoods Outlot No 3, the east 25 feet of the north 38 feet of Hoods Outlot No 4, the east 25 feet of lots Nos 1, 2, 3, 4, and 5 of Noels Subdivision of a part of Hoods Outlot No 4 and Hoods Outlot No 5, the east 25 feet of Hoods Outlot No 6 and 7, lot No 14 and the east 4 feet of lot No 15 of Wiebkes Subdivision of Hoods Outlot No 8, the west 25 feet of the north 48 feet of La Salles Outlot No 1, the west 25 feet of La Salles Outlots Nos 2, 3, 4, 7, 8, 10, and 13, the west 25 feet of the north 5 feet of La Salles Outlot No 9, and the west 3 feet of lot No 13 Koenigs Subdivision of La Salle's Outlot No 9.

All as shown by a plan of such proposed opening and extending of Warsaw street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of Warsaw street above described is described as all lots and parcels of lands not occupied by streets or alleys lying between Lafayette street and Hanna street from Creighton Avenue south to city limits

All of said street and lots and lands affected by said opening and extending of said Warsaw street being situated in the city of Fort Wayne, Indiana.

Adopted.

Moved that notice to property owners of the adoption of Declaratory Resolution No 84 be published in the Fort Wayne Journal Gazette on the 24th day of January and 5th day of February and that the 13th day of February 1902 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against aforementioned proposed improvement.

adopted.

Appropriation asked for.

The Board instructed the clerk to request the comptroller to arrange for an appropriation of $7,357.20 to New Street Intersection Account for the purpose of paying the cities portion of pavement to be laid on the following streets as per engineers Estimate:

| | |
|---|---|
| Mannee Avenue, from Harmer street to the east line of Walton Avenue | $991.80 |
| Columbia Avenue, from Calhoun street to Barr street | $917.40 |
| Main street, from Miami River Bridge to western limits of the city | $3,964.00 |
| Maiden Lane, from Main street to Berry street | 124.00 |
| Law Buren street, from Main street to Jefferson street | 1,000.00 |
| Relaying and extending sidewalk intersections on above named street | 300.00 |
| | $7,357.20 |

do.

The clerk was also instructed to request the comptroller to arrange for an appropriation of $2500.00 to Public Buildings and Grounds account in order to pay for the proposed pavement on Mannee Avenue along Hayden Park, and along Engine House No 4 and on West Main street in front of Engine House No

Jenney E. Light & Power Co. franchise to council

Mr John W. White and other representatives of the Jenney Electric Light and Power Company appeared before the Board and urged them to take some action on the proposed agreement submitted to the Board on January 6th. 1902, whereby a modification of the present lighting contract is arranged for. The Board did not feel disposed to sign the contract in its present form, but in order to obtain from the common council some expression as to what they deem should be done in this matter, the Board decided to submit the agreement to the common council without having been signed by anyone.

Assessment Roll confirmed
L.S. Imp. Res. No 85

The Board of Public Works having viewed the work of constructing a vitrified clay pipe sewer in the alley between Maumee Avenue and Lewis street from the alley west of Walton Avenue to a point 30 feet west of Walton Avenue, also in the alley between Walton Avenue and Lillie street from the alley between Maumee Avenue and Lewis street to a point 20 feet north of Lewis street in accordance with Local Sewer Improvement Resolution No 85, -

L.S. Imp. Res. No 86.

also the work of constructing a vitrified clay pipe sewer in the first alley north of Huffman street from Andrew street to Beech street in accordance with Local Sewer Improvement Resolution No 86, - and this being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions, before accepting same also a date when objections or remonstrances against the assessment rolls would be heard before taking final action thereon, said assessment rolls containing the names of the owners of property affected by said improvements together with a description of such property and the pro rata assessment against each piece of property, which pro rata assessments are based upon the actual benefits each piece of property has received from the improvements for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under Local Sewer Improvement Resolutions Nos 85 and 86 was accepted as completed under the terms of the respective contracts, and the assessment rolls were confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

Res. Res. No 81.

This being the date and time to which the consideration of the objections against the assessment of benefits and awards of damages in the matter of opening an alley between Pontiac and Leith street from

the east line of Barnetts outlot No 3 to the alley east of Hoaglands Avenue in accordance with declaratory Resolution No 81 had been postponed, upon further investigation the Board decided that the objections raised were not well taken, and upon motion the assessment roll of benefits and awards of damages was confirmed as in the original.

Bids opened printing annual reports.

This being the date and time previously fixed when the Board would receive and open sealed proposals for printing and binding the annual reports of the various department of the city government for the year 1901, the Board now proceeded to open such proposals which were as follows:
The Journal-Gazette Company bid per page $1.19½
The Lingnaker-Hall Printing Company bid per page $1.16

Upon motion the contract was awarded to the Lingnaker-Hall Printing Company, they being the lowest and best bidders.

Present: Peter Eggeman, William Lochrman, H.C. Zollinger.

Petition to open Permain street.

The petition of Frank E. Fournier and 9 others asking for the opening of Permain street from its present eastern terminus East to Hanna street was received and placed on file and the city civil Engineer instructed to prepare plans and specifications.

Petition, sidewalks

The petition of Wm. F. Stocker and 1 for permission to construct a cement sidewalk next to the curb on the west side of Jackson strt from Wayne street to Washington street was granted providing the walk be constructed from curb to curb without any expense to the city for intersections, and providing further that the work be done under the supervision of the city Civil Engineer to the entire satisfaction of the Board of Public Works.

Petition to vacate all streets and alleys in Berghoff's Add.

William J. and Maggie L. Vesey presented a petition asking that all streets and alleys in Berghoffs Addition to the city of Fort Wayne except the alley upon the south side thereof be vacated. The Board unanimously decided not to take any further action in this matter, until another plat had been submitted to the Board showing the streets and alleys that were to be dedicated to the city in place of those sought to be vacated.

Confirmed

Imp. Res. No. 258.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 258, which provides for paving Monroe Avenue from Harmer street to Walton Avenue, —

Imp. Res. No 260

also against Improvement Resolution No 260 which provides for paving Maiden Lane from Main street to Berry street —

Imp. Res. No 261

also against Improvement Resolution No 261 which provides for paving Columbia street from Calhoun street to Barr street —

Imp. Res. No 262.

also against Improvement Resolution No 262 which provides for paving Main street from the St Marys river to the west side of the city limits, — and there appearing no objections or remonstrances against either of aforementioned Improvement Resolutions, upon motion Improvement Resolutions Nos 258, 260, 261, 262 were confirmed as in the original.

Rescinded Impr. Res. No 259.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the paving of Van Buren street from Main street to Jefferson street under Improvement Resolution No 259 owing to the fact that the Waterworks Department had begun the work of laying a 24 inch water main along said part of Van Buren street and the Board deeming it inadvisable to construct a pavement before the trenches had been thoroughly settled, upon motion all actions taken under Improvement Resolution No 259 aswell as the resolution itself were rescinded.

Notice to contractors.

Moved that notice to contractors of the work to be done under Improvement Resolution No 258, 260, 261, 262 be published in the Fort Wayne Journal Gazette on the 19th and 26th days of April, 1903 and that the 8th day of May at 7:30 o'clock P.M. be fixed at date when at 7:30 o'clock P.M. the Board will received and open sealed proposals for such work to be done.

Adopted.

R.R. track on Hayden street.

The Board having investigated the matter of constructing a railroad track along the south side of Hayden street from Francis street east as per petition of the Noble Machine Company, the Board decided that in their opinion it would be inadvisable to permit the construction of a railroad track along such street.

| " " " Duplex cover No 3 each | $28.00 |
| " furnishing new manhole covers and setting same, each | $5.00 |

For 12 inch vitrified clay pipe used for connection per l. ft. .65¢
" " " " " " Elbows used for connections each .70¢
" 3x12 inch white oak heading plank per lineal foot .09¢

Upon motion all bids were taken under consideration.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for paving Main street from the St Marys river bridge to the west line of the city limits, in accordance with Surp. Reg. No 262 owing to a difference in the specifications providing for a brick pavement and those providing for a sheet asphalt pavement, the specifications for a brick pavement permitting the contractor to bid on constructing a pavement upon the broken stone foundation already in existence under the cedar block pavement upon the street at the present time, as well as upon a new concrete foundation while the specifications for asphalt pavements required the contractor to bid on a new concrete foundation only, and as contractors bidding on sheet asphalt set up the claim, that the specifications by reason of this were unfair to them, upon motion the Board decided to defer the opening of these bids until Monday, May 13th, at 3o'clock P.M.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, May 12th, 1902.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggemann, William Dochnemann, H.C. Zollinger.

E.A. Krommiller submitted a Sewer Builders Bond, also a Plumbers and Gasfitters Bond, which bonds were upon motion approved.

The petition of Fred H. Lindemann for the construction of a sewer in the first alley east of Fairfield Avenue from the alley north of Creighton Avenue to Creighton Avenue was received and the City Civil Engineer instructed to prepare plans and specifications.

The Home Telephone Company submitted a petition asking that permission be given them to make the following extensions to their underground system:

In the alley between Wayne and Berry streets from Harrison street west to the first intersecting alley.

From the manhole on the west side of Lafayette street between Washington street and Wayne street east into the alley a distance of about 35 feet.

Beginning at the manhole in the alley between Columbia street and Main street East of Barr street, thence east along said alley to Lafayette street, thence north on Lafayette street to Columbia street, thence east on Columbia street to a point about thirty feet east of Lafayette street.

In the alley between Washington street and Jefferson street from Calhoun street East to first intersecting alley.

In the alley between Berry street and Wayne street from Clinton street to a point 150 feet East of Clinton street.

Also to enlarge the manhole on Barr street at the alley between the alley between Wayne and Washington street.

The petition was received and placed on file.

A communication from Thomas J. Peter, manager of the Interstate Construction Company, asking that Natural Kentucky Asphalt Rock be elected as the material to be used in making various street pavements, was received and placed on file.

The petitions of 44 owners of property along Maumee Avenue from Harmer street to Walton asking that Kentucky Rock Asphalt be selected as the material to be used in paving said trucks were received and placed on file.

In the matter of paving Buchanan street under Improvement Resolution No. 254, bids for which had been received on April 3d 1902, and on the 4th day of April, 1902, metropolitan block was selected as the material to be used in making the improvement, various petitions from freeholders along said street for the selection of some other material upon which bids had been received had been filed with the Board prior to midnight of April 9th. 1902. An order from court restraining the Board from awarding any contract for paving Buchanan street with any material until April 19th 1902 was served upon the Board on the morning of April 10th. 1902, and nothing further was done in the matter until the injunction proceedings had been dismissed. Upon opening aforesaid petitions and after having given them careful consideration the Board found that freeholders representing more than two thirds of the front feet along the proposed improvement had signed petitions asking that Genuine Trinidad Pitch Lake Asphalt, under the bid of the Barber Asphalt Paving Company, be substituted for metropolitan block when paving said street. Upon motion the contract for paving Buchanan street under Improvement Resolution No 254 was awarded to the Barber Asphalt Paving Company.

The contract for paving Force street under Improvement Resolution No 255 was awarded to the Barber Asphalt Paving Company for the same reasons set out at length when awarding the contract for Paving Buchanan street under Improvement Resolution No 254.

The Board now proceeded to select the material to be used in making various street improvements and for which bids had been received on May 8th, 1902, as follows:
Improvement Resolution No 258, for paving Monroe Avenue from Harmer street to Walton Avenue, upon motion Kentucky Rock Asphalt was selected as the material to be used.

Improvement Resolution No 260, for paving Maiden Lane from Main street to Berry street, upon motion Genuine Trinidad Pitch Lake Asphalt was selected as the material to be used in making the improvement.

Improvement Resolution No 261, for paving Columbia street from Calhoun street to Barr street, upon motion Metropolitan Block was selected as the material to be used in making the improvement.

Upon motion the Board now decided to open the bids received May 8th 1902 for paving Main street from the St Marys river bridge west to the western limmits of the city under Improvement Resolution No 262, and obtained the following result:

C.E. Moellering & Co. bid as follows:

| | |
|---|---|
| Metropolitan Block on concrete foundation per square yard | $1.64 |
| Mack Block " " " " " " | $1.65 |
| 3" Asphalt Block " " " " " " | $2.59 |

Dorheimer & Co bid as follows:

| | |
|---|---|
| Metropolitan Block on concrete foundation per sq yd. | $1.88 |
| Harris Paver " " " " " | $1.64 |
| Mack repressed block " " " " " | $1.86 |
| Metropolitan Block " old " " " | $1.54 |
| Harris Paver " " " " " | $1.32 |
| Mack repressed Block " " " " " | $1.52 |
| For excavation per cubic yard | 25¢ |
| " 5"x22" circular limestone curb per lineal foot | $1.00 |
| " 4"x18" Berea curb per lineal foot | 42¢ |
| " resetting old curbing per lineal foot | 12¢ |
| " solid corners 2' radius each | $4.50 |
| " No 3 catchbasins 4'x7' each | $38.00 |
| " No 4 catchbasin inlets each | $15.00 |
| " 12" pipe per lineal foot for connections | 72¢ |
| " repairing old catchbasins each | $5.00 |
| " 3"x12" white oak heading plank per lineal foot | 10¢ |
| " 4"x18" curb dressed not set per lineal foot | 38¢ |

The Western Construction Company by R. R. Moorman bid as follows

| | |
|---|---|
| For sheet asphalt per square yard | $1.90 |
| " Excavation per cubic yard | 30¢ |

| | |
|---|---|
| For 5 x 22 inch Berea curbing per lineal foot | 35¢ |
| " resetting old curbing " " " | 12¢ |
| " catchbasins 4 x 7 feet with Duplex cover No 3 each | $28.00 |
| " cleaning catchbasins each | $4.00 |
| " catchbasin inlets with Duplex cover No 4 each | $14.50 |
| " 5 x 22 inch circular curb | $1.03 |
| " 12" elbows | $1.08 |
| " 12 inch vitrified clay pipe used for connections per lineal foot | 65¢ |
| " 12" x 12" Y's | 52¢ |
| " hard limestone corners | $4.00 |
| " 3 x 12 inch white oak heading planks per lineal foot | 12¢ |

The Barber Asphalt Paving Co. by Robert Wheatley bid as follows:

| | |
|---|---|
| For Genuine Trinidad Pitch Lake Asphalt per square yard | $1.88 |
| " excavation per cubic yard | 30¢ |
| " 4 x 18 inch Berea curbing per lineal foot, dressed but not set | 35¢ |
| " resetting old curb per lineal foot | 12¢ |
| " catchbasins, 4 x 7 feet with Duplex cover No 4 each | $14.50 |
| " catchbasins repaired and cleaned out | $4.00 |
| " catchbasins with Duplex cover No 3 each | $28.00 |
| " 5 x 22 inch circular curb | $1.02 |
| " 12" vitrified clay pipe Y's used for connections per lineal foot | 50¢ |
| " 12" " " " " " " " " " " " | 65¢ |
| " 12" " " " elbows " " " " " " | $1.10 |
| " hard limestone corners 2' Radius | $3.75 |
| " 3 x 12 inch white oak heading planks per lineal foot | 10¢ |

The Interstate Construction Company by Thos. J. Peter bid as follows:

| | |
|---|---|
| For Natural Kentucky Federal Rock Asphalt per square yard | $1.78 |
| " excavation per cubic yard | 18¢ |
| " 5 x 22 inch limestone circular curb 6' Radius per lineal foot | 90¢ |
| " 4 x 18 " Berea curbing per lineal foot dressed but not set | 35¢ |
| " resetting old curbing per lineal foot | 10¢ |
| " catchbasins 4 x 7 feet with with Duplex cover No 4 each | $25.00 |
| " catchbasin inlets with Duplex cover No 3 each | $18.00 |
| " 12 x 12 vitrified clay pipe Y branches used for connections each | 75¢ |
| " 12 inch vitrified clay pipe used for connections per lineal foot | 65¢ |
| " " " " " " long and short elbows each | 75¢ |
| " cementing and repairing old catchbasins where necessary each | $8.00 |
| " 3 x 12 inch white oak heading plank per lineal foot | 10¢ |
| " 5 x 22 inch Limestone corners 2' Radius each | $4.00 |

Upon motion the Board decided that Metropolitan Block laid on the old foundation be selected as the material to be used in making

the improvement under Improvement Resolution No 262.

The city civil Engineer was instructed to prepar plans and specifications for the construction of sidewalks on both sides of Fourth street from Calhoun street to Clinton street.

The Board then on motion adjourned.

Fort Wayne, Indiana, May 19th, 1902.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of Merich Brake to relay the sidewalk on Mc Culloch street along lot No 6 Mc Culloch's Addition was granted.

The Board at its regular session held May 12th, 1902, having made the selection of material for various street improvements to be made under Improvement Resolutions Nos 258, 260, 261, and 262, and the time in which freeholders fronting along such proposed improvements may petition for the substitution of some other material upon which bids were received having expired at midnight May 11th 1902, the Board now proceeded to open and consider any such petitions received, and to award the contracts as follows:

Improvement Resolution No 258, for paving Maumee Ave from Harmer street to Walton Avenue, no petition for other material than Kentucky Rock Asphalt having been received upon motion the contract for paving this street was awarded to the Interstate Construction Company.

Improvement Resolution No 260, for paving Maiden Lane from Main street to Berry street, no petition containing the necessary frontage and asking for the substitution of some other material upon which bids had been received having been received the selection of Trinidad Pitch Lake Asphalt made by the Board stood, and upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No 261, for paving Columbia street from Calhoun street to Barr street, no petition of any kind having been received upon motion the contract for paving said Columbia street with Metropolitan Block was awarded to H.C. Moellering & Co.

Improvement Resolution No 262, for paving Main street from the St Marys River bridge to west line of city limits, a petition was submitted by freeholders asking that Kentucky Rock Asphalt be substituted for Metropolitan Block, the material selected by the Board. Upon an examination of the petition it was found that the freeholders signing such petition did not represent the necessary two thirds of the total frontage upon and along the line of the proposed improvement, therefore the original selection of Metropolitan Block upon the old foundation, made by the Board stood and upon motion the contract was awarded to H.C. Moellering and Company.

The Board decided to place an order with the Austin and Western Company, Ltd., of Chicago, Ills., for an improved street sweeping machine, as per copy of order, the price to be paid being $270.00 and including repairs to be made to Austin Sweeper, now owned by the city, as listed on the order.

The Board then adjourned.

The bond of the Home Telephone Company to build trenches and place therein tiling for the use of their underground cable in accordance with their request under date of May 9th, 1902 was approved.

The request of Emanuels Lutheran Church that permission be granted them to hold a school picnic in Swinney Park on July 4th, 1902, was granted.

The City Civil Engineer submitted various plans and specifications for improvements, which were approved as follows:
For the opening of Alliger street from Minter street to Walton Avenue.
For a vitrified clay pipe sewer in the alley east of Fairfield Ave from the sewer in the alley between Dewald street and Creighton Avenue to Creighton Avenue.
For a vitrified clay pipe sewer in and through lot No 4 Hildings first Addition from the west line of Walton Avenue to the alley east of Walton Avenue, also in the alley between Walton Avenue and Euclid Avenue from Diamond street to the P.F.W.&C. R.R., also in the alley north of Creighton Avenue from Euclid Avenue to the first alley west.
For paving the alley between Wayne and Washington streets from Jackson street to Union street.

For grading Begue street and constructing brick sidewalks on the west side from Liberty street to Erie street.
For paving the alley between Wayne and Washington streets from Clinton street to a point 245 feet west of Clinton street.
For paving the alley between Calhoun and Clinton streets from Montgomery street to Holman street.
For grading to a width of ten feet and paving with brick to a width of five feet the sidewalk on the south side of High street from Delaware Avenue to Franklin Avenue.

Declaratory Resolution No 85

For opening and extending of Alliger street from Minter street to Walton Avenue.
Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is desired and deemed necessary to open and extend Alliger street in the city of Fort Wayne, Indiana, from Minter street to Walton Avenue. Said opening and extension to maintain throughout a width of 40 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:
The south 6.8 feet of lot No 7, the south 4.6 feet of lot No 3, all of lots No. 4 and No 8 of Woodworths Subdivision of Lillies Out Lots No 15, also lot No 1 and the north 2 feet of lot No 2 Dreier's Addition, also 5 feet of space north of lot No 49 Lillie's Addition, and the north 35 feet of lot No 49 Lillies Addition.
All as shown by a plan of such proposed opening and extending of Alliger street above described now on file in the office of the Board of Public Works of said city.
The property which may be injuriously or beneficially affected by the opening and extending of said Alliger street above described is described as all lots or parcels of land not occupied by streets or alleys lying East of Ohio street, south of Lewis street to Walton Avenue and South of Manning Avenue to Wabash Avenue, west of Wabash Avenue and north of the Wabash Railroad.
All of said streets and lots and lands affected by said opening and extending of said Alliger street being situated in the city of Fort Wayne, Allen County, and State of Indiana.

Adopted.

Local Sewer Improvement Resolution No 89.

Resolved by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along and through lot No 4 Wildings first addition from the west line of Walton Avenue to the alley east of Walton Avenue also in the alley between Walton Avenue and Euclid Avenue from Diamond street to the alley on the north line of Wildings first Addition also in the alley north of Creighton Avenue from the alley west of Euclid Avenue to Euclid Avenue as follows: Said sewer shall be an 18 inch vitrified clay pipe sewer from the west line of Walton Avenue to the alley east of Walton Avenue and a 12 inch vitrified clay pipe sewer from Diamond street to Creighton Avenue and a 15 inch vitrified clay pipe sewer from Creighton Avenue to the alley on the north line of Wildings First Addition and a 12 inch vitrified clay pipe sewer from the alley west of Euclid Avenue to Euclid Avenue all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Improvement Resolution No 263

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the alley between Wayne street and Washington street from Jackson street to Union street by grading and paving full width with sheet asphalt, asphalt blocks or vitrified paving block upon a concrete foundation, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city

Adopted.

Improvement Resolution No 264.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve Wayne street from Liberty street to Erie street, by grading the roadway to a width of 30 feet and grading to a width of ten feet and paving with brick to a width of 5 feet the sidewalks on the west side, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city

Adopted.

Improvement Resolution No 265.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve the alley between Wayne street and Washington street from Clinton street to a point 245 feet west of Clinton street by grading and paving full width with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 266.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the alley between Calhoun street and Clinton street from Montgomery street to Holman street by grading and paving full width with sheet asphalt, asphalt block, or vitrified paving block upon a concrete foundation all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Improvement Resolution No 267.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the south side of High street from Swinney Avenue to Franklin Avenue by grading to a width of 10 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Moved that notice to property owners of the adoption of Declaratory Resolution No 85, Local Improvement Resolutions Nos 88, 89 and Improvement Resolutions Nos 263, 264, 265, 266, 267, be published in the Fort Wayne Journal Gazette on the 24th and 31st days of May 1902, and that the 12th day of June 1902, be fixed a date, when the Board at 7:30 o'clock P.M. will hear and consider

objections or remonstrances against either of aforementioned Improvement Resolutions. Adopted.

The following remonstrances against the opening of Sherman street from High street to south line of Becks Sub of Ewings Outlot No 9 were received and placed on file: Michael Dennis and 37 others; M. C. Ewing and F. C. Loretscher by L.K. Alden their attorney; Mrs Anna L. Snyder; Mrs A. B. Acker; Mrs. Mary P. Lamont.

The following remonstrances against the opening of Oakland street from High street to Third street were received and placed on file: William F. Lenz and 16 others; Mary C. Ewing and Fannie C. Loretzer by L.K. Alden their attorney; Mary C. Ewing, by L.K Alden her attorney; J. M. and C. Haines.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessments of benefits or awards of damages in the matter of opening and extending Sherman street from High street to the south line of Beck Subdivision of Ewings Outlot No 9 in accordance with Declaratory Resolution No 82 —
also in the matter of opening Oakland street from High street to Third street in accordance with Declaratory Resolution No 83, and there having been filed with the Board a number of remonstrances against aforementioned improvements, and there also appearing before the Board a large number of freeholders affected by the proposed improvements, a number of whom were remonstrating against the improvements while others were in favor of same, after a lengthy discussion the Board upon motion decided to defer further hearing of the assessment rolls under Declaratory Resolutions Nos 82 and 83 until 7:30 o'clock P.M. June 19th, 1902.

The Board then upon motion adjourned.

Office Board of Public Works.

Fort Wayne Indiana June 11th. 1902.

Special meeting held at 3.30 o'clock P.M.

Present: Peter Eggemann, William Dochrmann, N.C. Zollinger, Board of Public Works, Stephen B. Fleming, and city attorney W. H. Chambaugh.

The city clerk submitted a communication from the common council returning to the Board the contract entered into with Stephen B. Fleming on June 2nd 1902, granting unto said Fleming the priviledge to construct a line of street railway over and along certain streets and avenues for the purpose of providing for an entrance into the city for a proposed line of interurban railway between New Haven Indiana, and Fort Wayne, Indiana. The common council saw fit to suggest that a number of ammendments or changes be made in the contract before it be approved by ordinance and asked the Board to meet with Mr. Fleming without delay for the purpose of considering such proposed ammendments or changes, and to report to the common council by 7.30 o'clock P.M. Wednesday, June 11th 1902, whether such proposed ammendments or changes were acceptable to the Board and Mr. Fleming or not. The ammendments or changes suggested were gone over seperately and each and everyone agreed to by both Mr. Fleming and the Board of Public Works, except one, Namely the one providing for the sale of seven tickets for twenty five cents. Mr. Fleming refused to accept the latter proposition for the reason that it would not be fair to require him to sell seven tickets for twenty five cents as long as no other city or interurban line in Fort Wayne was at the present time compelled to sell more than six tickets for twenty five cents. He stated however that

he would agree to a provision that would make it compulsory for his line to sell seven tickets for twenty five cents whenever his company would consolidate with any other company or line of street or interurban railway or railways that were compelled to sell seven tickets for twenty five cents prior to such consolidation. The Board deemed this a fair proposition and agreed to the proviso as modified by Mr. Flemming.
The ammendments and changes as agreed upon were hereupon made in the original contract and the clerk then instructed to submit the contract in its present ammended form to the Common Council and to report to said Council the action taken by the Board and Mr. Flemming.

The Board then on motion adjourned.

BOARD OF PUBLIC WORKS.

Attest. Alb. Schmidt.
CLERK.

Office Board of Public Works.

Fort Wayne, Indiana, June 12th, 1903.
Regular meeting held at 7 30 o'clock P.M.
Present: Peter Eggemann, William Doehrmann, H.C. Gallinger.

The Sidewalk Builders bond of Charles Schreck was upon motion approved.

The Sewer Builders Bond of Mc Donald and Mc Mackin was upon motion approved.

The petition of Sarah F. Maxwell and two others asking for permission to construct either a brick or cement sidewalk next to the curb on the East side of Rockhill street from Wayne street to Washington street was received and placed on file.

The following petitions were upon motion granted:
Chas. Schreck to raise and relay the sidewalks on the northeast corner of Lafayette and Dewald streets.
Charles Schreck to relay the sidewalks on the East side of John street from Creighton Avenue to a point 500 feet south.

H.A. Herberding to relay the sidewalks abutting on lot No 79 County Addition.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 263 which provides for paving the alley between Wayne and Washington streets from Jackson street to Union street, —
also against Improvement Resolution No. 264 which provides for grading Begue street from Liberty street to Erie street and the construction of sidewalks on the west side of Begue street between aforementioned points, —
also against Improvement Resolution No 265 which provides for paving the alley between Wayne and Washington streets from Clinton street to a point 245 feet west of Clinton street, —
also against Improvement Resolution No 266, which provides for the paving of the alley between Calhoun street and Clinton street from Montgomery street to Holman street, —
also against Improvement Resolution No 267 which provides for the construction of sidewalks on the south side of High street from St Marys Avenue to Franklin Avenue, —
also against Local Sewer Improvement Resolution No 88, which provides for the construction of a vitrified clay pipe sewer in the alley between Dewald street and Creighton Avenue from the alley east of Creighton Avenue to Creighton Avenue, —
also against Local Sewer Improvement Resolution No 89, which provides for the construction of a vitrified clay pipe sewer in and along and through lot No 4 Wildings first Addition from the west line of Walton Avenue to the alley east of Walton Avenue, also in the alley between Walton Avenue and Euclid Avenue from Diamond street to the alley on the north line of Wildings first Addition, also in the alley west of Euclid Avenue to Euclid Avenue, —
and there appearing no objections or remonstrances whatever against either of aforementioned Improvement Resolutions upon motion Improvement Resolutions Nos 263, 264, 265, 266, 267, and Local Sewer Improvement Resolutions Nos 88 and 89 were confirmed as in the original.

Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 263, 264, 265, 266, 267, and Local Sewer Improvement Resolutions Nos 88 and 89 be published in the Fortwayne Journal Gazette on the 14th and 21st days of June, 1902, and that the third day of July 1902 at 7:30 o'clock

P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under either of aforementioned Improvement Resolutions.

Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 85 which provides for the opening of Alliger street from Minker street and Walton Avenue, James Reilley, the only objector appeared before the Board and stated that he was not opposed to the opening of Alliger street as long as no part of the property owned by him would be taken for street purposes. The Board decided that Mr Reilleys objection was not well taken inasmuch as Mr Reilley would be paid for any of his property that would be taken or damaged by the opening of such street, and if his property was not condemned for street purposes, property belonging to some one else and perhaps of a greater value and containing more extensive and expensive improvements would have to be condemned thereby increasing the cost of the desired improvement. Upon motion therefor Declaratory Resolution No 85 was confirmed as in the original.

The Board then upon motion adjourned.

Fort Wayne, Indiana, June 16th, 1902.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, William Doehrmann, H.C. Zollinger.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the grading of the alley between Putnam street and Archer Avenue from Clark street to Hench street, in accordance with Improvement Resolution No 246, be and the same is hereby approved -
also that an assessment roll containing an Estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the first alley west of Lafayette street from Luddenfield street to Woodland Avenue, in accordance with Local Sewer Improvement Resolution No 87, be and the same is hereby approved
and that notice to property holders of the approval of such assessment rolls be published in the Fort Wayne Journal Gazette on the 20th day of June, 1902, and that the 3d day of July 1902, be fixed a date and time when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances from persons interested in or affected by the adoption of aforementioned assessment rolls.

Adopted.

Mr A.K. Scott General Manager of the Fort Wayne Traction Company submitted a lengthy communication in which he informed the Board that he would not accept the franchise as submitted to him in its present ammended form. The Board instructed the clerk to submit the communication to the common council together with the franchise in its ammended form.

The city civil engineer was instructed to prepare plans and specifications for the construction of a sidewalk on the south side of Fifth street from Barthold street east to the present terminus of the walk.

Upon motion the Board allowed Mr. J.T. Adams contractor for the South Wayne Sewer the following Extras:
For 1500 feet of sheeting left in trench on Fairfield Avenue @ $15.00 per thousand $22.50

The Plumbers and Gasfitters Bond of John B. O'Rourke was approved.

Mr Will P. Cressler proprietor of the National Enamelling Co. of Cincinnati, Ohio sent a communication to the Board stating that inasmuch as the Board had cut down the number of street signs to be made to about one third of the original estimate that he could not make the signs for the prices submitted by him in his bid viz. 20 cents for each sign f.o.b. cars at Cincinnati but that he would make the signs in the quantity now ordered for 25 cents each f.o.b. cars at Fort Wayne, Indiana and that if this arrangement would be satisfactory that he would complete the signs and fill the order by September 1st 1902. The Board under the circumstances did not deem the demand from Mr. Cressler excessive and upon motion decided to accept the advance in price.

The Board then on motion adjourned.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggemann, Wm Dochnuann, H.C. Zollinger.

L.K. Nelson, general manager of the Fort Wayne and Northwestern Traction Company appeared before the Board and stated that the asphalt block on Columbia street from Calhoun street to Harrison street were so badly worn that they could not be properly put down again, and as asphalt block would not wear against the rail, he asked for permission to put down sheet asphalt between the rails of their track on Columbia street between aforementioned points. Upon motion the Board decided to grant the request.

Mr. L.K. Nelson in behalf of the Fort Wayne and Northern Traction Company submitted a proposition setting forth that his company stood ready to construct and put into operation street railroad lines into such portions of the city as are now without street railway facilities under the terms and conditions set forth in a contract entered into between the Board of Public Works and the Fort Wayne Traction Company on January 13th, 1902, together with the ammendments thereto suggested by the common council under date of June 2nd 1902. That they would be willing to accept a thirty five year franchise, sell seven tickets for twenty five cents, and that they would file with their contract a certified check in the sum of $5000.00 guaranteeing that the road would be constructed and in operation as provided in said contract.)

Upon motion the communication was received and placed on file.

The petition of Thomas Ahern to relay the sidewalks abutting on the East ½ of lot 15 Bakers Addition was granted.

The petition of H. Bower and 4 others asking for the construction of a vitrified clay pipe sewer in the alley between Euclid Avenue and Walton Avenue from Diamond street to Mercer street was received and the City Civil Engineer instructed to prepare plans for same.

The petition of Winefred J. Randall and one for the construction of a brick sidewalk on the East side of Fletcher Avenue from the Wayne Trace to the Wabash R.R.

was received and the city civil Engineer instructed to prepare plans and specifications for the grading of Fletcher Avenue and the construction of sidewalks on the east side from the Wabash Railroad to the Wayne Trace.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne Indiana, July 7th 1902.

Regular meeting held at 30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, N.C. Zollinger.

The petition of C. Lehrack to relay the sidewalks at the corner of Charles and Monroe streets was granted.

The Fort Wayne and Northern Traction Company submitted a form of contract for a street railway franchise over and along certain streets within the City and asked the Board to give it due consideration. They stated that as soon as a form of contract had been agreed upon acceptable to both the city and their company they would deposit with the Board a certified check in the sum of $5000.00 as a guarantee that they would construct the road according to the terms of their contract.

The clerk was instructed to request the comptroller to arrange for an appropriation of $400.00 to the account of Advertising and Printing.

Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of sidewalks on the East side of Reed street from Wisconsin street to Creighton Avenue, in accordance with Improvement Resolution No 250, -

also an assessment roll containing an estimate of the cost to each person affected by the construction of sidewalks on the west side of Fletcher Avenue from Madison Avenue to the Wayne Trace in accordance with Improvement Resolution No 253, be and the same are hereby approved,

and that notice to property holders be published in the Fort Wayne Journal Gazette on the 9th day of July

1902, and that the 17th day of July 1902, be fixed a date when at 7:30 o'clock P. M. the Board will meet for the purpose of hearing and considering objections or remonstrances against either of aforementioned assessment rolls or against the work done under aforementioned Improvement Resolutions.

Adopted.

The city civil Engineer was instructed to prepar plans and specifications for sidewalks on the south side of Berry street from the terminus of the present walk west to Nelson street and on the East side of Nelson street from Berry street to Washington street.

Also to prepar plans and specifications for raising and relaying the sidewalks on the west side of Webster street from Jefferson street to the first alley north.

The Board having Examined the proposals received July 3d. for various work to be done under public contract they now took the following action:

Improvement Resolution No 264, upon motion all bids were rejected, they beeing entirely too high.

Improvement Resolution No 267, for the construction of sidewalks on the south side of High street from St Marys Avenue to Franklin Avenue upon motion the contract was awarded to George Wilhelm his bid of 37¢ per lineal foot being the lowest and best.

Local Sewer Improvement Resolution No 88, for the construction of a vitrified clay pipe sewer in the alley east of Fairfield Avenue from the alley between Dewald street and Creighton Avenue to Creighton Avenue, upon motion the contract was awarded to Alton Rieg, his bid to do the work for 88¢ per lineal foot being the lowest and best.

Local Sewer Improvement Resolution No 89, for the construction of a vitrified clay pipe sewer in and along and through lot No 4 Wildings First Addition from the west line of Walton Avenue to the alley east of Walton Avenue, Etc., upon motion the contract was awarded to Derheimer and Co. their bid of 88¢ per lineal foot being the lowest and best.

The Board thereupon adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, July 24th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, Wm Dochtman, H.C. Gollinger.

The petition of Mrs. C. Kirkhoff and two others for the opening of McLachlan street from the first alley north of Esmond Street to Esmond street was received and the city civil Engineer ordered to prepare a plat.

The petition of F. Siemeendorff for permission to construct under private contract a cement sidewalk on the East side of Rockhill street from Wayne street to Washington street said walk to be constructed next to the curb, was granted.

The petition of John Auer for permission to raise and relay the sidewalks abutting on lot Nos 9 and 10 Moraus Sub., lot 4 Equitable Trust Co. Sub., and lot 6 Martins Sub. was granted.

A communication from the Fort Wayne and Northern Traction Co. asking that immediate action be taken on the proposition submitted by this Co. to the Board some time ago, was received and placed on file.

Upon motion the Board now proceeded to award the contracts under Improvement Resolutions Nos 263, 265, and 266, the bids having been received July 3d. 1902, and Iron Rock Block selected by the Board as the material to be used in making the improvements. There not having been any petition filed with the Board, within the time prescribed by law, asking that some other material be substituted, the Board now proceeded to award the contracts as follows:

Improvement Resolution No 265, for paving the alley between Wayne and Washington streets from Clinton street to a point 245 feet west of Clinton street, the contract was awarded to C.E. Moellering & Co., their bid being the lowest and best.

Improvement Resolution No 263, for paving the alley between Wayne and Washington streets from Jackson street to Union street, upon motion the contract was awarded to C.E. Moellering and Co. their bid being the lowest and best.

Improvement Resolution No 266, for paving the alley

between Calhoun street and Clinton street from Montgomery street to Holman street, upon motion the contract was awarded to C.E. Moellering and Co. their bid being the lowest and best.

Moved, that an assessment roll containing an estimate of the cost to each person affected by the construction of sidewalks on the south side of Lafayette street from Winter street to Walton Avenue in accordance with Improvement Resolution No 249 be approved;
also, that an assessment roll containing an estimate of the cost to each person affected by the grading of Creighton Avenue from Walton Avenue to Euclid Avenue, also for the construction of sidewalks on the north side of Creighton Avenue from Walton Avenue to Euclid Avenue in accordance with Improvement Resolution No 252 be approved;
also that an assessment roll containing an estimate of the cost to each person affected by the paving of Columbia street from Calhoun street to Baker street in accordance with Improvement Resolution No 261 be approved
said assessment rolls containing the names of each holder of property or valuable interests affected thereby together with a description of each piece of property and the amount of the pro rata assessment against same, said pro rata assessments being based upon the actual benifits each piece of property has received from the improvement for which it is assessed, and that notice to property holders of the approval of said assessment rolls be published in Fort Wayne Journal-Gazette on the 26th day of July 1902, and that the 7th day of August 1902, be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions or against the assessment rolls as approved by the Board
Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Fort Wayne, Indiana July 28th, 1902.
Regular meeting held at 3 o'clock P.M.
Present: Peter Eggeman, William Koehneman, H.C. Zollinger.

The petition of W.F. Lindenberg and 14 others for the construction of a sewer in the alley between Wall street and Lowney Ave and the alley east of Nelson street from Broadway to Factory street was received and the city civil Engineer instructed to prepar plans and specifications.

The city civil engineer was instructed to prepare plans and specifications for relaying the sidewalks on the north side of Berry street from Ewing street east to the present brick sidewalks.

The city civil engineer submitted plans and specifications for proposed public improvements as follows:
For the construction of sidewalks on the south side of St Martin street from Lafayette street to Warsaw street.
For relaying the brick sidewalk on the west side of Force street from Buchanan street to the north line of lot No 53 Foundry Add.
For grading Lumon street from Winter street to Walton Avenue.
For grading the roadway and constructing sidewalks on the east side of Fletcher Avenue from the Wabash Railway to Wayne Trace.
For the construction of a cement sidewalk on the east side of Cass street from Wells street to First street.
For the construction of sidewalks on the south side of Fifth street from the west line of lot No 7 Gausers Add. to Burkhold street.
For grading the roadway and the construction of sidewalks on both sides of Fourth street from Calhoun street to Clinton st.
For grading Lauternier street from Winter street to Walton Avenue.
For constructing a sewer in the alley east of St Marys Avenue from the alley between High street and Sinclair street to Third street, and in the alley between Sinclair street and Third street from the alley east of St Marys Avenue to the east line of Bates and Hoaglins Addition.
Upon motion the plans and specifications were approved.

Improvement Resolution No 268.
Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of St Martin street from Lafayette street to Warsaw street by grading to a width of ten (10) feet and

paving with brick to a width of five (5) feet, excepting all sidewalks now laid to the proper line and grade, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 269.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the west side of Force street from Buchanan street to the north line of lot No 53 Foundry Addition, by relaying the present four foot walk, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 270.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Simons street from Winter street to Walton Avenue by grading the roadway to a width of twenty six (26) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 271.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Fletcher Avenue from the south line of the right of way of the Wabash Railway to Wayne Trace by grading the roadway to a width of Forty (40) feet and grading the sidewalks on the east side to a width of ten (10) feet, and paving with brick to a width of five feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 272.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the east side of Cass street from Wells street to First street by grading to a width of twelve (12) feet, and paving with Portland Cement to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 273.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the south side of Fifth street from the west line of lot No 7 Gausers Addition to Barthold street by grading to a width of six (6) feet and paving with brick to a width of three (3) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 274.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve Fourth street from the east property line of Calhoun street to the west property line of Clinton street by grading the roadway to a width of twenty six (26) feet also grading the sidewalks of each side to a width of twelve (12) feet and paving with brick to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 275.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve Lauterbach street from Minker street to Walton Avenue by grading the roadway to a width of twenty two (22) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No 90.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley east of St Marys Avenue from the alley between High street and Sinclair street to Third street. Also in the alley between Sinclair street and Third street from the alley east of St Marys avenue to the east line of Bass and Roughs Addition as follows:

Said sewer shall be a twelve (12) inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved that notice to property holders of the work to be done under Improvement Resolutions Nos. 268, 269, 270, 271, 272, 273, 274, 275, and Local Sewer Improvement Resolution No 90 be published in the Fort Wayne Journal Gazette on the 30th day of July and on the 6th day of August, 1902, and that the 14th day of August, 1902, be fixed a date when at 7:30 o'clock P.M. the Board will meet for the purpose of hearing and considering objections or remonstrances against either of aforementioned Improvement Resolutions.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, August 7th, 1902.

Regular meeting held at 7 30 o'clock P.M.

Present: Peter Eggeman, William Doehrmann, H.C. Zollinger.

The petition of P.O. Dinklage and three others for the paving of the alley between Creighton Avenue and Taber street from Harrison street to Webster street with broken stone and No 2 paving brick was received, and the city civil Engineer instructed to prepare plans and specifications.

The petition of Alexander Ratter and three others for the construction of a 5 ft. brick sidewalk at the proper grade on the north side of Lavilla Avenue from Indiana Ave to Broadway was received and placed on file.

The Fort Wayne Electric Light and Power Company submitted a communication Enclosing a proposition to enter into a contract with the city for furnishing light and power to light up the streets. Upon motion the papers were received and placed on file.

The Board having viewed the work of constructing sidewalks on the south side of Lauermier street from Minker street to Walton Avenue in accordance with Improvement Resolution No 249, —

also the work of grading Creighton Avenue and constructing sidewalks on the north side from Walton Avenue to Euclid Avenue in accordance with Improvement Resolution No 252,

also the work of paving Columbia street from Calhoun street to Barr street in accordance with Improvement Resolution No 261, —

and this being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions also to hear objections or remonstrances against the assessment rolls covering the work done under aforementioned Improvement Resolutions, said assessment rolls containing a description of each piece of property affected by either of aforementioned improvements together with the names of the owner of each piece of property so affected and the pro rata assessment against each piece of property, said pro rata assessments being based upon the actual benefits each piece of property

has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under improvement resolutions nos 249, 253, and 261 was accepted as completed and the assessment rolls confirmed as in the original, and ordered delivered to the department of finance. All of which was finally ordered and approved.

Plans and specifications for proposed improvements were approved as follows:
For paving Rockhill street from the south line of old Main street to the south line of new Main street.
For the construction of a vitrified clay pipe sewer with all its appurtenances in the alley between Leith street and Bolt street from the alley east of Lafayette street to the east line of Bolt's Addition.
For the widening of Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad.

Improvement Resolution No 276.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Rockhill street from the south property line of old Main street to the south property line of new Main street as opened, by grading and paving the roadway to a width of twenty eight (28) feet with sheet asphalt, rock asphalt, asphalt block or vitrified paving block upon a concrete foundation and placing a marginal finish at all street and alley intersections, curbing with new curb-stone and paving the wings of all connecting streets, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city. Adopted

Local Sewer Improvement Resolution No 91

Resolved, by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Leith street and Bolt street from the alley east of Lafayette street to the alley east of Bolt's Addition as follows: Said sewer shall be a twelve (12) inch vitrified clay pipe sewer

all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Declaratory Resolution No 86.

For the widening of Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad Company.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to widen Taylor street in the city of Fort Wayne, county of Allen and state of Indiana, from the east property line of Broadway to the east line of the right of way of the Wabash Railroad Company, said widening to maintain throughout a width of 40 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: The north 5 feet of lots No 7 and 8 of Fairfield's Outlots, and the south 5 feet of a tract of land lying north of Taylor street east of Broadway and west of the right of way of the Wabash Railroad Company. Said outlots and tract of land being situated in the west half of section 11, township 30, north range 12 East in Allen County, Indiana.

All as shown by a plan of such proposed widening of Taylor street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the widening of said Taylor street above described is described as all lots and parcels of land not occupied by streets or alleys abutting on said Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad Company.

All of said streets and lots and lands affected by said widening of said Taylor street being situated in the city of Fort Wayne, county of Allen, and State of Indiana.

Adopted.

Moved, that notice to property holders of the adoption of Improvement Resolution No 276, Local Sewer Improvement Resolution No 91, and Declaratory Resolution No 86 be published in the Fort Wayne Journal Gazette on the 9th and 16th days of August 1902, and that the 28th day of August 1902 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned resolutions.

adopted.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, August 11th, 1902.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, Wm Doehrmann, H.C. Zollinger.

The petition of H.C. McDougall and five others for permission to construct a 5½ ft cement sidewalk next to the curb on the west side of Fairfield Avenue from Main street to Jefferson street was received and placed on file.

The petition of Martin D. Shroyer and 9 others for the grading of the alley between Fairmount Place and High street from Wells street to the western terminus of the alley was received and the city civil Engineer instructed to prepare plans and specifications.

The bond of Alfred Shrimpton to construct cement sidewalks on the south side of Washington street and the east side of Broadway abutting on lots 4, 5, 6 Block 32 Covings Addition was approved.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the construction of sidewalks on the west side of Minter street from Buchanan street to Creighton Avenue in accordance with Imp. Res. No. 251, —

also an assessment roll containing an Estimate of the cost to each person affected by the paving of Wayne street from Hanover street to Grant Avenue in accordance with Improvement Resolution No 241, —

also an assessment roll containing an Estimate of the cost to each person affected by the construction of sidewalks on the west side of Lafayette street from Lutheefield street to Pontiac street in accordance with Improvement Resolution No 256, —

also an assessment roll containing an Estimate of the cost to each person affected by the construction of a sewer in the first alley east of Fairfield Avenue from the alley between Oswald street and Creighton Avenue to Creighton Avenue in accordance with Local Sewer Improvement Resolution No 88, —

be and the same are hereby approved and that notice of the approval of said assessment rolls be given to property holders by publishing same in the Fort Wayne Journal Gazette on the 12th day of August 1902, and that the 21st day of August, 1902, be fixed a date when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against

the work done under either of aforementioned Improvement Resolutions or against either of the assessment rolls as approved by the Board before taking final action thereon. Adopted.

Upon motion the Board now took a recess until 1 o'clock P.M. Tuesday August 12th, 1902.

The Board reconvened Tuesday August 12th, 1902 at one o'clock P.M.
Present: Peter Eggemann, Wm Doehrmann, H.C. Sollinger.

The Fort Wayne Traction Company submitted a new form of contract asking for various extensions of their lines as follows:
1.) On Broadway from Creighton Avenue southward to a point four hundred feet south of Organ Avenue.
2.) On Dawson street from Calhoun street to Hoagland Avenue, thence south on Hoagland Avenue to Williams street, thence west on Williams street to Fairfield Avenue, thence south on Fairfield Avenue to Creighton Avenue, thence west on Creighton Avenue to South Wayne Avenue, thence south on South Wayne Avenue to Organ Avenue.
3.) On Calhoun street south from Creighton Avenue to Leith street, thence East on Leith street to Lafayette street, thence north on Lafayette street to Pontiac street, thence east on Pontiac street to Walton Avenue.
4.) To extend the Lewis street line east and south to the intersection of Pioneer avenue with Wabash avenue over such streets and avenues as may hereafter be directed by the board of public works and common council.
5.) On Huffman street from Wells street to Jessie Avenue.
6.) On additional track on Main street from the center of Calhoun street to the center of Broadway street.
7.) On additional track on Columbia street from Calhoun street to Clinton street.
8.) A double track on Clinton street from Main street to Columbia street.
9.) A double track on Lafayette street from Main street to Columbia street.
10.) On additional track on Columbia street from Clinton street to Lafayette street.
The Extensions thus Enumerated to be constructed under conditions and stipulations set out in full in the contract. This contract also included all suggestions and recommendations made by the common council and filed with the Board under date of August 4th, 1902, Except

those pertaining to a 3½ cent fare, which the company absolutely refused to consider unless they were granted an extension on Lewis street southward to their car barns, a concession the Board would not consider.
The contract having been carefully gone over and thoroughly considered and revised was upon motion approved by the Board, and the clerk requested to present it in proper form to the common council for approval at a meeting to be held by them under even date.

The Board then adjourned.

Present: Peter Eggemann, H.C. Zollinger.

The petition of Wm. K. Noble to construct under private contract a sewer in the rear of lots 238, 239, 240, and 241 Eliza Hamers Srs. Addition was received and placed on file.

The petition of W. J. Naikel to construct under private contract a cement sidewalk 5 feet in width in front of No 522 west Superior street was granted.

The petition of C. Schreck to relay the sidewalks on the east side of St Marys Avenue from Pape Avenue north was granted.

The sidewalk builders bond of William J. Naikel was upon motion approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 268, which provides for the construction of sidewalks on the south side of St Martins street from Lafayette street to Warsaw street, —
also against Improvement Resolution No 270, which provides for the grading of Linnora street from Winter street to Walton Avenue, —
also against Improvement Resolution No 271 which provides for the grading of Fletcher Avenue from the Wabash Railroad to

the Wayne Brace, also for the construction of sidewalks on the east side of Fletcher Avenue between aforementioned points, —
also against Improvement Resolution No. 272, which provides for the construction of cement sidewalks on the east side of East street from Wells street to First street, —
also against Improvement Resolution No 273, which provides for the construction of sidewalks on the south side of Fifth street from the west line of lot No. 7. Sauers Addition to Barthold street, —
also against Improvement Resolution No 275, which provides for the grading of Lautermier street from Minker street to Walton Avenue, —
also against Local Sewer Improvement Resolution No 90 which provides for the construction of a vitrified clay pipe sewer in the alley east of St Marys Avenue from the alley between High street and Sinclair street to Third street, also in the alley between Sinclair street and Third street from the alley east of St Marys Avenue to the east line of Bass and Haughs Addition, —

and there appearing no objections or remonstrances whatever - upon motion Improvement Resolutions Nos 268, 270, 271, 272, 273, 275, and Local Sewer Improvement Resolution No 90 were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Improvement Resolutions Nos 264, 268, 270, 271, 272, 273, 275, and Local Sewer Improvement Resolution No 90 be published in the Fort Wayne Journal Gazette on the 18th and 25th days of August 1902, and that the 28th day of August 1902, be fixed a date when at 7:30 o'clock P.M. the Board will receive and open sealed proposals for the work to be done under either of aforementioned resolutions.

Adopted.

This being also the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 269 which provides for relaying the sidewalks on the west side of Force street from Buchanan street north to the north line of lot No 53 Foundry Addition, a number of owners of property asked to be permitted to relay their walks under private contract. In order to give all property owners affected by the proposed improvement an opportunity to arrange for relaying their walks under private contract, the Board upon motion decided to postpone further action for one week until 7:30 o'clock P.M. August 21st, 1902.

This also being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 274, which provides for grading Fourth street and the construction of sidewalks on both sides from Calhoun street to Clinton street, the attorney for the L.E. & W.R.R. appeared before the Board that he had been advised by his superiors that instructions regarding this matter were under way, and as these instructions had not arrived he asked the Board to postpone further action until the documents referred to had arrived. Upon motion the Board postponed further action until Thursday evening August 21st at 7:30 o'clock P.M.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, August 28th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, William Doehrman, H.C. Zollinger.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 247, which provides for the construction of sidewalks on the south side of Wall street from Grand avenue to Wabash avenue, — also to hear objections or remonstrances against the work done under Improvement Resolution No 254, which provides for the paving of Buchanan street from Hanna street to Winter street, —
also against the work done under Improvement Resolution No 255 which provides for paving Force street from the north line of Buchanan street on the east side of Force street to the south line of Buchanan street on the west side of Force street and this also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment rolls covering the work done under either of aforementioned Improvement Resolutions, said assessment rolls containing the names of holders of property affected by the construction of either of aforementioned improvements together with a description of each piece of property and the pro rata assessment against each piece of property, said pro rata assessments being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever upon motion the work performed under Improvement Resolutions Nos 247, 254, 255 was accepted as completed under the terms of the respective contracts for each piece of work and the assessment rolls were confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 86, which provides for the widening of Taylor street from Broadway to the east line of the right of way of the Wabash Railroad, and there appearing no objections or remonstrances whatever, upon motion Declaratory Resolution No 86 was confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 276 which provides for paving Rockhill street from the south property line of old Main street to the south property line of new Main street, —
also to hear objections or remonstrances against Local Sewer Improvement Resolution No 91 which provides for the construction of a sewer in the alley between Leith street and Bolt street from the alley east of Lafayette street to the alley east of Bolt's Addition, — and there appearing no objections or remonstrances of any kind upon motion Improvement Resolution No 276 and Local Sewer Improvement Resolution No 91 were confirmed as in the original.

Moved that notice to contractors of the work to be done under Improvement Resolution No 276 and under Local Sewer Improvement Resolution No 91 be published in the Ft Wayne Journal Gazette on the 30th day of August and 6th day of September 1902, and that the 18th day of September 1902 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under aforementioned Improvement Resolutions.

Adopted

Moved that an assessment roll containing an estimate of the cost to each person affected by the paving of Taber street from Calhoun street to Webster street in accordance with Improvement Resolution No 242, —
also an assessment roll containing an Estimate of the cost to Each person affected by the paving of Maiden Lane from Main street to Berry street in accordance with Improvement Resolution No 260 be and the same are hereby approved and that notice of same to property holders affected be published in the Fort Wayne Journal Gazette on 30th day day of August 1902, and that the 11th day of September 1902 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under either of aforementioned improvement resolutions and against the assessment rolls as approved by the Board.

Adopted

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Ind. September 2nd 1902

Special meeting held at 9:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger, Board of Public Works, City Attorney W.A. Chamberlain and Mr. A.K. Lytle and attorney J.M. Barrett representing the Fort Wayne Traction Company.

The common council, having before it for ratification a contract with the Fort Wayne Traction Company, asked that the Board and the Fort Wayne Traction Company agree to some minor changes and ammendments to the contract before it is ratified. The changes suggested were that the operation of the line on Creighton Avenue from Calhoun street to Broadway be maintained and that the proviso fixing the conditions under which extensions must be made in the future be changed so that the Board of Public Works and common council may order extensions built every six months after the company has failed to make any extension required to be made.

Having given the matter due consideration the following report was ordered delivered to the common council:

The city of Fort Wayne by and through its Board of Public Works

and the Fort Wayne Traction Company hereby consent to the ammendments of the foregoing contract as recommended by the common council at its special meeting of September 2nd. 1902.

Witness our hands and seals this 2nd day of September, 1902.

The Fort Wayne Traction Company

By A.L. Scott, General Manager.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the east side of Lafayette street from Toledo street to Virginia street by relaying the brick sidewalk to the proper line and grade, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved that notice to property holders of the adoption of Local Sewer Improvement Resolutions Nos 92 and 93 and under Improvement Resolutions Nos 280, 281, 282, 283, 284, 285, 286, 287, be published in the Fort Wayne Journal Gazette on the 24th day of September and first day of October 1902, and that the 9th day of October 1902 be fixed a date when the Board will meet at 7:30 o'clock P.M. for the purpose of hearing objections or remonstrances against either of aforementioned Improvement Resolutions. Adopted.

Re the matter of paving Rockhill street from the south line of old Main street to the south line of new Main street under Improvement Resolution No 276 the Board now selected Metropolitan Block as the material to be used in making the improvement.

Peter Eggeman

BOARD OF PUBLIC WORKS.

Attest. Albert Schmidt
CLERK.

Office Board of Public Works.

Fort Wayne, Indiana, September 25th 1902

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochman, H.C. Zollinger.

The petition of John W. McMahan for the vacation of that portion of Main street abutting on lots 1 and 2 Rockhills 2nd Addition lying between the south line of New Main street and the south line of old Main street was received, and the city civil Engineer was instructed to prepare a plat.

The petition of John W. McMahan for permission to relay under private contract the sidewalk along the south side of Main street from Bluff street to a point 150 feet west was granted providing he furnish a proper bond.

In the matter of relaying the sidewalks on the west side of Fore street from Buchanan street to the north line of lot No 53 Foundry Addition in accordance with Improvement Resolution No 269 upon motion further action in the matter was deferred until October 9th, 1902.

Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of sidewalks on the south side of High street from St Marys Avenue to Franklin Avenue in accordance with Improvement Resolution No 267,— also an assessment roll containing an estimate of the cost to each person affected by the construction of sidewalks on the south side of Fifth street from the west line of lot No 7 Somers Addition to Barkhold street in accordance with Improvement Resolution No 273,— be and the same are hereby approved, and that notice of same be published in the Fort Wayne Journal-Gazette on the 27th day of September, 1902, and that the 9th day of October 1902 be fixed a date and time when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board. Adopted.

The city civil Engineer was instructed to prepare plans and specifications for raising and relaying the sidewalks on the north side of Baylor street from Broadway to Nelson street.

Upon motion the Board decided that the Fort Wayne Traction Company be required to use a 7 inch 'T' rail when constructing the extensions authorized by the supplementary franchise and contract approved by the Board of Public Works on the 12th day of August, 1902.

The Board then upon motion adjourned.

Attest. C. W. Schmidt. CLERK.

Peter Eggemann
Wm Doehrmann

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, September 29th 1902.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, William Doehrmann.

The petition of F. R. Bierbaum and four others for the construction of a sewer in the first alley north of Superior street from Van Buren street west to the river was received and the city civil Engineer instructed to prepare plans and specifications.

The following petitions to raise and relay sidewalks were granted:
Schroeder and Burlage on Harmer street abutting on lot 11 Hannas Partition Addition.
Dan Miles, on Fourth street abutting on lot 103 Northside Add.

In the matter of paving Rockhill street from the south property line of old Main street to the south property line of new Main street, as opened, in accordance with Improvement Resolution No 276, the Board having previously selected Metropolitan Block as the material to be used in making the improvement and no petition for the substitution of any other material having been received by the Board, the Board now proceeded to award the contract for paving said street with Metropolitan Block, and upon motion the contract was awarded to C. E. Worlleing & Co. the lowest and best bidder.

The following petition to tap the 10th ward sewer was submitted to the Board.

Fort Wayne, Indiana, Sept 29, 1902.

Board of Public Works, Fort Wayne, Indiana:

Gentlemen, — The Pennsylvania Company operating the Pittsburgh Fort Wayne and Chicago Railway, hereby applies for a permit

C. Moellering & Co. to connect the Pennsylvania Companys proposed twenty four inch sewer with the city sewer in Minker street at a point about one hundred fifty (150) feet north of the main tracks of said railway.

The aforesaid twenty four inch pipe sewer is intended for the drainage of the Pennsylvania Companys new Engine House between Hoy and Minker streets and of the tracks and other improvements in connection therewith.

Very truly
Pennsylvania Company
By William Blake
Engr. Maint. of Way.

The Board declined to grant the permit for the following reasons:

To the Pennsylvania Company:

The Board of Public Works of the city of Fort Wayne refuses to grant permission to the Pennsylvania Company to tap the South ward sewer as asked for until such a time as the said Company pays the assessment made against the ground now intended to be drained into it by the making of the said connection. Said assessment being referred having been made against the said ground for its proportionate share of constructing the South ward sewer.

Respectfully yours
Peter Eggeman
William Dochrman.

The plat of J.H. Teichlers Sub-Division of lots Nos 30 & 31 McCulochs Homestead Addition and lot No 1 N.B. Reeds Addition to the city of Fort Wayne was upon motion approved

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, October 2nd, 1902.

Regular meeting held at 7 30 o'clock P.M.

Present: Peter Eggemann, William Dochnan, H.C. Zollinger.

The petition of R.F. Schweifer & 16 others for paving Dewald street from Calhoun street to Hanna street was received and placed on file.

The petition of L.N. Gordon and five others for the construction of a sewer in the alley between Leith and Pontiac streets on the west side of Calhoun street was received, and the city civil engineer instructed to prepare plans and specifications.

The following petitions to relay sidewalks were granted:
George Wilhelm, on Third street abutting on lots 13 & (21 & 22) Bass and Hughes Addition.
E.J. Estry, on Buchanan street abutting on lot 59 Greenes Add.
F.H. Meyers, on Superior street abutting on lots 20 & 21 Old Plat.

The bonds of E.J. Estry and F.H. Meyers to relay sidewalks were upon motion approved.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for work to be done under public contract, the Board now proceeded to open such proposals and obtained the following results:
Improvement Resolution No 278, for constructing sidewalks on both sides of John street from McKee street to Colerick street

George Wilhelm bid per lineal foot 46¢
C.E. Moellering & Co. " " " 51¢

Upon motion the contract was awarded to Geo. Wilhelm his bid being the lowest and best.

Improvement Resolution No 277, for the construction of sidewalks on the west side of Gay street from Pontiac street to Colerick street,

George Wilhelm bid per lineal foot 42¢
C.E. Moellering & Co. " " " 43¢

Upon motion the contract was awarded to George Wilhelm, his bid being the lowest and best.

Improvement Resolution No 279 for the construction of sidewalks on the north side of Main street from St Marys Avenue to Franklin Ave.
C.E. Moellering & Co. bid per lineal foot 42¢
George Wilhelm " " " 44¢
Upon motion the contract was awarded to C.E. Moellering & Co. their bid being the lowest and best.

Moved, that an assessment roll containing an estimate of the cost to each person affected by the paving of Main street from the St Mary's river bridge to the west line of the city limits, in accordance with Improvement Resolution No 262, be and the same is hereby approved, said assessment roll containing a description of each piece of property assessed together with the names of the holders of property thus affected, and the amount of the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and that notice of said assessment roll be published in the Fort Wayne Journal Gazette on the 4th day of October 1902, and that the 16th day of October 1902 be fixed a date when at 7:30 o'clock P.M. the Board of Public Works will meet and hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and against the assessment roll as approved by the Board. adopted.

The Pittsburgh, Fort Wayne and Chicago Railway Company and Pennsylvania Company operating the same, submitted a petition for permission to construct a sidetrack as follows: From the intersection of their tracks with Clay street southward over the property of the Bass Foundry and Machine Company to the first alley north of Force street, thence west along said alley to Hanna street, thence southward to the first alley north of Wallace street, thence west along said alley to Lafayette street, thence northwest to the north side of Murray street, thence west on Murray street to Calhoun street, together with the necessary switches and tracks to properly reach and accomodate the various industries and factories along the vicinity of the proposed sidetrack. A plat showing all such tracks, connections &c. accompanied the petition.
Upon motion the petition and plat were received and placed on file.

A plat of L. Freitroffers Addition to the city of Fort Wayne, Ind., was upon motion approved, the same being a subdivision of Labalies Outlot No 4 in the east half of the west half of the Northwest quarter of Section 13, Township 30 North, Range 12 east in Allen County Indiana.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fortwayne Indiana October 9th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochmann.

The following petitions to raise and relay sidewalks were granted:
C. Lehrack, on Wayne Avenue along Hayden Park: on south Calhoun street along lot 315 Hamiltons 4th Addition;
on Buchanan street along lot 19 Chas Hannas Addition;
along lot 30 Etzolds Addition: on St Marys Avenue along lots 12, 13, 14, 15, 16, 17 Bass & Roughs Addition.
George Ehrmann, on Montgomery street along lot 12 Hamiltons 1st Addition: on second street along lot No 5 Brownsville Addition.
M.F. Noll, on west side of Lafayette street along St Marys School.

The L.E.& W.R.R. Railway Company by Alden & Dorghman its attorney asked for permission to change the location of their present sidetrack across Cass street by moving it to the north not to exceed three (3) feet and to replace and put the track in as good condition as the same now is.
Upon motion the permit was granted.

The remonstrance of L. M. Hines and five others against the assessment roll of benefits and damages in the matter of widening Taylor street from Broadway to the Wabash Railway was received and placed on file.

The remonstrance of Eliza J. Olds against the construction of a cement walk on the east side of Nelson street from Washington street to the first alley north was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 267 which provides for the construction of sidewalks on the south side of High street from St Marys Avenue to Franklin Avenue, - also against the work done under Improvement Resolution No 273, which provides for the construction of sidewalks on the south side of Fifth street from the west line of lot No 7 Hausers Addition to Barthold street, - also a date and time when the assessment rolls covering the work done under aforementioned Improvement Resolutions would be heard before taking final action thereon, which assessment rolls contain a description of each piece of property assessed together with the name of the owner of each piece of property and the pro rata assessment

against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under Improvement Resolutions Nos 267 and 273 was accepted as completed under the terms of the respective contracts and the assessment rolls were confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

In the matter of relaying the sidewalks on the west side of Force street from Buchanan street to the north line of lot No 53 Foundry Addition under Improvement Resolution No 269, inasmuch as the sidewalks in question had all been relaid under private contract, the Board upon motion decided to rescind Improvement Resolution No 269.

This being the date and time previously fixed by the Board when the would hear and consider objections or remonstrances against the assessment of benefits or award of damages in the matter of widening Taylor street from Broadway to the Wabash Railroad under Declaratory Resolution No 86, a remonstrance having been filed upon motion the Board decided to postpone further action in this matter until 7$^{30}$ o'clock P.M. Thursday evening October 16$^{th}$, 1902.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 280, which provides for paving the alley between Creighton Avenue and Taber street from Harrison street to Webster street, -
also against Improvement Resolution No 281, which provides for paving the alley between Harrison street and Webster street from Taber street to the alley north of Taber street, -
also against Improvement Resolution No 282 which provides for the construction of cement sidewalks on the south side of Berry street from the east line of lot No 6 Millers Addition to Nelson street, -
also against Improvement Resolution No 284, which provides for the construction of cement sidewalks on the west side of Fairfield Avenue from Main street to Jefferson street, -
also against Improvement Resolution No 285, which provides for the construction of sidewalks on the south side of Taylor

street from a point 60 feet east of Broadway to the east line of Fairfields Outlot No 8, -
also against Improvement Resolution No 286, which provides for grading Leith street and the construction of sidewalks on both sides from Lafayette street to the west line of Lot 13 Raballes Outlots, -
also against Improvement Resolution No 287, which provides for relaying the sidewalks on the east side of Lafayette street from Toledo street to Virginia street -
also against Local Sewer Improvement Resolution No 92, which provides for the construction of a vitrified clay pipe sewer in the alley between Wayne street and Erie street from the east line of Taylors Addition to Hanover street -
also against Local Sewer Improvement Resolution No 93, which provides for the construction of a vitrified clay pipe sewer in the alley between Grand Avenue and Wabash Avenue from the south line of Minch street to the south line of Lot No 162 Fletchers Addition, -
and there appearing no objections or remonstrances whatever against either of aforementioned Improvement Resolutions, upon motion Improvement Resolutions Nos 280, 281, 282, 284, 285, 286, 287 and Local Sewer Improvement Resolution Nos 92, 93 were confirmed as in the original.

Moved, that notice to Contractors of the work to be done under Improvement Resolutions Nos 280, 281, 282, 284, 285, 286, 287 and Local Sewer Improvement Resolution Nos 92 & 93 be published in the Fort Wayne Journal Gazette on the 11th and 18th days of October 1902 and that the 23d day of October 1902 be fixed a date when at 7:30 o'clock P.M. the Board will receive and open sealed proposals for the work to be done under aforementioned resolutions. Adopted.

This also being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No 283, which provides for the construction of a cement sidewalk on the east side of Nelson street from Berry street to Washington street owing to a remonstrance having been filed further action in this matter was deferred until 7:30 o'clock P.M. October 16th. 1902.

The Board then adjourned.

Present: Peter Eggemann, William Dochrman, H.C. Zollinger.

The petition of Wm J. Fuhrman and 10 others for the construction of a sewer in the alley between Killea and Leith streets from Calhoun street to Hoagland Avenue was received and the city civil engineer instructed to prepare plans and specifications.

The petition of A.R. Bierbaum to construct under private contract a five foot brick sidewalk on the west side of Van Buren street abutting on lot No 28 Reeds Addition was granted and his bond approved.

The bonds of Geo. W. Limonton and D.A. Cruse to relay sidewalks were approved.

The Sewer Builders Bonds of Geo Ehrman and of C. Kern were approved

In the matter of hearing objections or remonstrances against the assessment of benefits and award of damages made for widening Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad under Declaratory Resolution No 86, owing to remonstrances presented by abutting property owners the Board upon motion decided to rescind all actions taken by the Board under Declaratory Resolution No 86.

Hoffmann Bros appeared and protested against the assessment made against lot 31 Nelsons Addition for paving Main street under Improvement Resolution No 262 as being entirely too high. as the lot was not a full lot in depth. They claimed that they should be assessed for but half a lot. The Board however decided that there was no other property (against which) against which any portion of the cost of the pavement abutting on lot 31 could be assessed, therefor lot 31 would have to pay for the whole amount of the assessment.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 262 which provides for paving Main street from the river bridge to the west line of the city limits, also a date when the assessment roll covering the cost of the improvement made under this resolution would be heard before taking final action thereon which assessment roll contains the names of all owners of property affected by the improvement together with a description of each piece of property assessed and the amount of the assessment of each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed and there appearing no objections or remonstrances whatever except that presented by Hoffman Bros as aforesaid upon motion the work done under Improvement Resolution No 262 was accepted by the Board as completed according to the terms of the contract and the assessment roll was confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

Moved that an assessment roll containing an estimate of the cost to each person affected by the paving of the alley between Wayne and Washington streets from Clinton street

to a point 245 feet west of Clinton street in accordance with Improvement Resolution No 265, —
also an assessment roll containing an Estimate of the cost to each person affected by the paving of the alley between Calhoun street and Clinton street from Montgomery street to Holman street in accordance with Improvement Resolution No. 266, —
also an assessment roll containing an Estimate of the cost to each person affected by the construction of cement sidewalks on the east side of Cass street from Wells street to First street in accordance with Improvement Resolution No 272 be and the same are hereby approved, and that notice of same be published in the Fort Wayne Journal Gazette on the 18th day of October 1902, and that the 30th day of October 1902 be fixed a date and time when at 7:30 o'Clock P.M. the Board will hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board.

Adopted.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne Indiana, October 27th, 1902.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, William Dochman, H.C. Zollinger.

The petition of C.P. Klett and 14 others for the construction of a sewer in the alley between Lowell Avenue and Clophill street from Nelson street to Broadway, also in the alley west of Broadway from Clophill street north to first alley was received and the city civil Engineer instructed to prepar plans and specifications.

The petition of H.A. Iterberding to construct a cement walk in front of lot No 45 Original Plat was granted.

The clerk was instructed to request the comptroller to arrange for an appropriation of $34.75 to "Insurance" account in order to pay premiums falling due this fall.

The Board now proceeded to a consideration of the bids that were received by them at a meeting held October 23d, 1902, and the following action was taken:
All bids received under Improvement Resolutions Nos 280 and 281 were upon motion rejected, the Board deeming them too high.

The contract for constructing cement sidewalks on the south side of Berry street from the east line of lot No 6 Millers Addition to Nelson street under Improvement Resolution No 283 was upon motion awarded to Thos. Bridges' Son, their bid being the lowest and best.

The contract for constructing cement sidewalks on the west side of Fairfield Avenue from Main street to Jefferson street under Improvement Resolution No 284 was upon motion awarded to Thos Bridges' Son, their bid being the lowest.

No action was taken on the bids submitted under Improvement Resolution No 285 owing to the fact that property owners expressed a desire that the street be first widened.

The contract for grading Leith street and constructing sidewalks on both sides from Lafayette street to the west line of lot No 13 LaSalles Outlots under Improvement Resolution No 286 was upon motion awarded to C.E. Woellering & Co. their bid

being the lowest and best.

The contract for relaying the sidewalks on the east side of Lafayette street from Toledo street to Virginia street under Improvement Resolution No 287 was awarded to Charles Schreck, his bid being the lowest and best.

The contract for constructing a vitrified clay pipe sewer in the alley between Wayne street and Erie street from the east line of Taylors Addition to Hanover street under Local Sewer Improvement Resolution No 92 was awarded to C.E. Moellering Co., their bid being the lowest and best.

The contract for constructing a vitrified clay pipe sewer in the alley between Grant Avenue and Wabash Avenue from the south line of Wiech street to the south line of lot No 162 Fletchers Addition under Local Sewer Improvement Resolution No. 93 was awarded to C.E. Moellering Co. their bid being the lowest and best.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, October 30th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochtman, N.C. Zollinger.

The Plumbers and Gasfitters bond of Jahn and Meyer was upon motion approved.

The petition of Aug. Freese and 12 others for the construction of a sewer in the alley between Lincoln Avenue and Lavilla Avenue and on Anna street from Fox Avenue to the alley east of Broadway also in the alley east of Broadway from Lincoln Avenue to Lavilla Avenue was received and the city civil engineer instructed to prepare plans and specifications.

The petition of Henry Gimpel and 13 others asking that Baylor street be widened from the Wabash Railroad to Broadway was received and the Board ordered a resolution drawn up by its next regular meeting.

The petition of Conrad N. Gallmeier to relay under private contract the sidewalks in front of No 256 Baker street was granted.

The petition of F. Siemendorff to construct under private contract a cement sidewalk in front of No 1410 and 1412 Walton Avenue was granted.

The petition of Jos. Derheimer & Co. asking that they be given an extension of time until December 1st 1902 in which to complete the work they had contracted for under "Local" Sewer Improvement Resolution No. 89, was granted.

The Board on the 7th day of October 1902 having awarded to Aaron Lischy the contract to furnish the city with certain trees as stipulated in a proposal made by said Aaron Lischy, provided however that said Lischy furnish a bond in the sum of $250.00 and said Lischy having refused to furnish the bond required, the Board now declared that Lischy had refused to enter into contract and thereupon awarded the contract to Mathias Medler, he having been the next lowest and best bidder.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 265 which provides for paving the alley between Wayne and Washington streets from Clinton street to a point 245 feet west of Clinton street

also against Improvement Resolution No 266 which provides for paving the alley between Calhoun and Clinton streets from Montgomery street to Holman street, —

also against Improvement Resolution No 273 which provides for the construction of cement sidewalks on the east side of Cass street from Wells street to first street, —

and this being also a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment rolls covering the work done under aforementioned Improvement Resolutions, which assessment rolls contain the names of owners of property affected by the improvements made together with a description of each piece of property thus benefitted and the pro rata assessment against each piece of property, which pro rata assessment is

based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under Improvement Resolutions Nos 265, 266, and 272 was accepted as completed under the terms of the respective contracts and the assessment rolls were confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, November 6th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrman, N.C. Zollinger;

The petition of J.W. Miller and 10 others for the construction of a sewer in the alley between Grace Avenue and Lincoln Avenue from Indiana Avenue to Broadway was received and the City civil Engineer instructed to prepare plans and specifications.

The petition of A.H. Rippe and 3 others for the construction of a sewer in the first alley south of Wall street and on Lavinia street from Nelson street to Jackson street was received and the City civil Engineer instructed to prepar plans and specifications.

The petition of Geo. Ehrman to relay a sidewalk in front of the west 34 feet of lot 37 Rockhill and Nelsons Addition, also to construct a new walk in front of lot No 66 Archers Addition were granted.

The petition of Conrad N. Gallmeier to relay the brick sidewalks in front of lot No East ½-9 Bakers Addition was granted.

The bond of the Fort Wayne Traction Company in the sum of $20,000.00 secured by the Federal Union Surety Company, conditioned that they will carry out certain stipulations and agreements contained in the contract entered into August 12th 1902 by and between The Fort Wayne Traction Company and the city of Fort Wayne

Indiana, was upon motion approved.

Declaratory Resolution No 87.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to widen Taylor street in the city of Fort Wayne County of Allen and State of Indiana, from the east property line of Broadway to the east line of the right of way of the Wabash Railroad Company said widening to maintain throughout a width of 40 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:

The north five feet of lots Nos 7 and 8 of Fairfields outlots and the south five feet of a tract of land lying north of Taylor street east of Broadway and west of the right of way of the Wabash Railroad Company. Said outlots and tract of land being situated in the west half of Section 11, township 30, north range 12 east in Allen County, Indiana.

All as shown by a plan of such proposed widening of Taylor street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the widening of said Taylor street above described is described as all lots or parcels of land not occupied by streets or alleys abutting on said Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad Company. All of said streets and lots and land affected by said widening of Taylor street being situated in the city of Fort Wayne, county of Allen, and State of Indiana.

Adopted.

Moved, that notice to property owners of the the adoption of Declaratory Resolution No. 87 be published in the Fort Wayne Journal Gazette on the 8th and 15th days of November 1902, and that the 4th day of December 1902, be fixed a date when the Board at 7 30 o'clock P.M. will hear and consider objections or remonstrances against aforementioned resolution.

Adopted.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the paving of the alley between Wayne and Washington streets from Jackson street to Union street under Improvement Resolution No 263,—

also to each person affected by the paving of Rockhill street from the south line of old Main street to the south line of New Main street under Improvement Resolution No 276,—

also to each person affected by the construction of a vitrifie

clay pipe sewer in the alley east of St Marys Avenue from the alley between High street and Sinclair street to Third street also in the alley between Sinclair street and Third street from the alley east of St Marys Avenue to the east line of Bass and Roughs Addition in accordance with Local Sewer Improvement Resolution No 90, be and the same are hereby approved, said assessment rolls containing the names of holders of property affected by either of aforementioned improvements together with a description of each piece of property assessed and the amount of the pro-rata assessment against each piece of property, said pro-rata assessment being based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and that notice of said assessment rolls be published in the Fort Wayne Journal Gazette on the 8th day of November 1902, and that the 20th day of November 1902 be fixed a date when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against the work done under either of aforementioned improvement resolutions, and against the assessment rolls as approved by the board. Adopted.

The Board then upon motion adjourned.

Attest. A.M. Schmidt

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, November 10th, 1902.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, Wm Doehrmann.
Absent: H.C. Zollinger.

The Sidewalk Builders bond of John Auer was approved.

The following petitions to raise and relay sidewalks were granted:
John Auer lots 44 and 45 E. Creighton Ave. Addition.
Conrad N. Zollmeier, lots 29, 30 and 31 Stophlets Addition.
George Ehrman, lot 2 Rooks Addition. (E. 33 feet).

The city civil engineer was instructed to prepare plans and specifications for the construction of sidewalks on both sides of Hayden street from Huron street to Francis street.

The clerk was instructed to ask the comptroller to arrange for additional appropriations as follows:
Maintenance and repair of streets $700.00
Street Cleaning $100.00
Expense city civil engineers office $250.00

The Pa. Co. having petitioned the Board for permission to construct a sidetrack over and along the first alley north of Wallace street and along the north side of Murray street between Gay street and Calhoun street, and a remonstrance against granting said petition having been signed by nearly every owner of property abutting upon the said alley and street sought to be occupied by such sidetrack and filed with the Board, and the Board having given a hearing to both petitioners and remonstrants and having taken the matter under consideration, the Board now finds that owing to the remonstrances filed with the Board it could not grant the prayer of the petitioners, and instructed the clerk to notify petitioners to that effect.

In addition to extra work previously ordered and allowed in the construction of the South Wayne Sewer under Main Sewer Improvement Resolution No 6, the Board had ordered extra work and for which allowances were to be made as follows:
Extra ring on Fox Avenue between Shawnee run and Dewald street, 48 feet @ $1.10 $52.80
Sheeting left in trench across South Wayne Avenue

900 ft @ $15.00 per M. $13.50

Extra excavation for extra ring on Fox Avenue from a point 50 feet south of alley south of Dewald street to a point 130 feet south total 130 feet @ 60 cents per foot $90.00

For extra ring under right of way of Wabash Railroad total 50 feet @ $2.50 per foot $125.00

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office, Board of Public Works.

Fort Wayne, Indiana, December 4th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochman, H.C. Zollinger.

The petition of Geo. H. Knodop for permission to construct a railroad sidetrack across Hayden street into his coal yard at the northeast corner of Hayden and Francis streets was received and placed on file.

The application of William H. Morton for a sewer builders license was granted and his bond approved.

The Board allowed Margareth Reed $10.00 for the privilege of crossing a portion of lot 13 Hinde's Addition with the South Wayne Sewer and for damages sustained by fences during the construction of said sewer.

The Board allowed Edwin G. Crosby $25.00 account of going through lot No 3 Shawnee Addition for the purpose of constructing a sewer under Local Sewer Imp. Res. No. 95, and approved a contract to that effect.

Two remonstrances of L. M. Himes and three others against the widening of Taylor street from Broadway to the Wabash R.R. were received and placed on file.

A large number of owners of property affected by the proposed opening of Alliger street from Nuttman street to Walton Avenue in accordance with Declaratory Resolution No 85 appeared before the Board, a part of them urging the Board to complete the proposed improvement, while others objected against their respective assessments of benefits or awards of damages. The Board having listened to the arguments on both sides for some time upon motion they decided to postpone further hearing in the matter until 7:30 o'clock P.M. December 18th, 1902.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 87 which provides for widening Taylor street from the east property line of Broadway to the east line of the right of way of the Wabash Railroad, a lengthy discussion arose between remonstrants and those advocating the improvement. Finally the Board announced that in their opinion the improvement was a public necessity, and upon motion Declaratory Resolution No 87

was confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 88, which provides for vacating Kinnaird avenue from Beaver avenue to Broadway, &c. upon motion the Board decided to postpone further action in this matter until 7:30 o'clock P.M. December 11th, 1902.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 94 which provides for the construction of a vitrified clay pipe sewer in the alley between Lovinney avenue and Hopkins street from Nelson street to the alley west of Broadway, also in the alley west of Broadway and south of Lovinney avenue from Hopkins street to Broadway, -
also against Local Sewer Improvement Resolution No 95 which provides for the construction of a vitrified clay pipe sewer in the alley south of Creighton avenue from Fox avenue to Webster street and branches
and the Board deeming it a public necessity that both sewers be constructed as soon as possible, upon motion Local Sewer Improvement Resolutions Nos 94 and 95 were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 94 and 95 be published in the Fort Wayne Journal Gazette on the 6th and 13th days of December 1902, and that the 18th day of December 1902, at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under aforementioned resolutions. Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 270, which provides for grading Simons street from Winter street to Walton Avenue, - also against the work done under Improvement Resolution No 275, - which provides for grading Lauderdale street from Winter street to Walton avenue, - also a date when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under either of aforementioned Improvement Resolutions, which assessment rolls contain the names of owners of property together with a description of each piece of property

affected thereby and the pro rata assessment against each piece of property which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under Improvement Resolutions Nos 270, and 275 was accepted as completed under the terms of the respective contracts for said work and the assessment rolls were confirmed as in the original, and ordered delivered to the Department of finance. All of which was finally ordered and approved.

Moved, that an assessment roll covering the work done under Main Sewer Improvement Resolution No 6, which provides for the construction of the South Wayne Sewer, be and the same is hereby approved, and that notice to property holders be published in the Fort Wayne Journal Gazette on the 6th day of December 1902, and that the 18th day of December 1902, at 7:30 o'clock P.M. be fixed a date when the the Board will hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No 6 and against the assessment roll as approved by the Board.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, December 11th, 1902.

Regular Meeting held at 7.30 o'clock P.M.

Present: Peter Eggemann, William Boehman, H.C. Zollinger.

A petition from N. Heiney and 7 others for paving the alley between Wayne and Washington streets from Lafayette street to Clay street was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of W.M. Bucksell and 12 others for a sewer in the alley between Delvald street and Creighton Avenue from Fox Avenue to Broadway was received and the city civil Engineer instructed to prepare plans and specifications.

The Sewer Builders Bond of P.E. Cox was upon motion approved.

The Board having viewed the work of constructing sidewalks on the west side of Grant Avenue from Wayne street to the first alley south of Wayne street in accordance with Improvement Resolution No 248, —
also the work of constructing sidewalks on the south side of Grace Avenue from Indiana Avenue to the first alley east of Indiana Avenue in accordance with Improvement Resolution No 257, —
also the work of constructing a cement sidewalk on the south side of Berry street from the east line of lot No 6 Millers Addition to Nelson street, in accordance with Improvement Resolution No 282, —
also the work of constructing a cement sidewalk on the west side of Fairfield Avenue from Main street to Jefferson street in accordance with Improvement Resolution No 284, —
also the work of relaying the sidewalks on the east side of Lafayette street from Toledo street to Virginia street in accordance with Improvement Resolution No 287, —
and this being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions, also at date and time when the assessment rolls covering the work done under aforementioned Improvement Resolutions would be heard before taking final action thereon, —
which assessment rolls contain the names of the holders or owners of property affected by either of aforementioned Improvement resolutions, together with a description of each piece of property thus affected and the pro rata assessment against each piece of property which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is

assessed, and there appearing no objections or remonstrances whatever, upon motion the work done under Improvement Resolutions Nos 248, 257, 282, 284, 287 was accepted as completed under the terms and conditions of the respective contracts for such work, and the assessment rolls were confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No 96 which provides for the construction of a vitrified clay pipe sewer in the alley north of Dewald street from Fox Avenue to the alley east of Broadway, also in the alley east of Broadway from Dewald street to the first alley north of Dewald street, also in the alley east of Broadway from alley north of Dewald street to Wabash Railroad, also on the east line of lots 9, 10 and 11 Broadway Place Addition, —
also against Local Sewer Improvement Resolution No. 97, which provides for the construction of a vitrified clay pipe sewer in the alley between Walnut street and Poplar street from Fox Avenue to a point 20 feet west of Fairfield Avenue, also in alley East of Fox Avenue from Poplar street to the first alley north, also in alley west of Oakley street from Poplar street to the first alley north, also in the alley east of Oakley street from Poplar street to the first alley north, and there appearing no objections or remonstrances whatever, upon motion Local Sewer Improvement Resolutions Nos 96 & 97 were confirmed as in the original.
Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 96 and 97 be published in the Fort Wayne Journal Gazette on the 13th and 20th days of December, 1902, and that the 5th day of January 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under aforementioned Improvement Resolutions.

Adopted.

In the matter of vacating Kinnaird Avenue from Beaver Avenue to Broadway, also vacating the alley between Kinnaird Avenue and Packard Avenue from Beaver Avenue to Broadway, also vacating Packard Avenue from Beaver Avenue to Broadway, also vacating the alley east of Broadway from the north line of Berghoff Addition to the south line of Berghoff Addition in accordance with Declaratory Resolution No 88, there appearing no objections or remonstrances whatever, upon motion Declaratory Resolution No 88 was confirmed as in the original.

Moved that an assessment roll containing an Estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in, along and through Lot No 4 Nildings First Addition from the west line of Walton Avenue to the alley east of Walton Avenue also in the alley between Walton Avenue and Euclid Avenue from Beaumont street to the alley on the north line of Nildings First Addition also in the alley north of Creighton Avenue from the alley west of Euclid Avenue to Euclid Avenue in accordance with Local Sewer Improvement Resolution No 89 be and the same is hereby approved and that notice to abutting property owners be published in the Fort Wayne Journal Gazette on the 13th day of December 1902 and that the 22nd day of December 1902 at 3 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution and against the assessment roll as approved by the Board. Adopted.

The Fort Wayne and Southwestern Traction Company deposited with the Board their check in the sum of $150.00 to be kept on deposit in the city treasury to the credit of the Board of Public Works in accordance with Section 5 of the franchise granted them and approved by the Common Council December 13th 1900.
The check was received and ordered deposited in the city treasury.

The Board then upon motion adjourned.

BOARD OF PUBLIC WORKS.

Attest. Alb Schmidt
CLERK.

Office Board of Public Works.

Fort Wayne, Indiana Dec 18th, 1902.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrman, H.C. Gollinger.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No 6, which provides for the construction of the South Wayne Sewer, also a date and time when objections or remonstrances ~~would be heard~~ against the assessment roll covering the work performed by contract under aforementioned Main Sewer Improvement Resolution No 6 would be heard before taking final action thereon, Mr Doehrman now introduced the following motion:

I move that the assessment roll covering the work performed by contract under Main Sewer Improvement Resolution No 6, as originally made out, be modified and amended by including all the lots and lands not assessed therein and being included within the following described area: Commencing at the intersection of Pigua Avenue with the city limits; thence north on Pigua Avenue to Dalman street; thence north in the first alley east of Pigua avenue and the same produced north to Esmond street; thence east on Esmond street to Lafayette street; thence north on Lafayette street to Bolty street; thence east on Bolty street to west line of lot 10 Labalmes Outlots; thence west on said line of lots 10 and 13 Labalmes Outlots to Pontiac street; thence east on Pontiac street to first alley west of Hanna street; thence south on first alley west of Hanna street to north line of lot no 10 Labalmes Outlots; thence east on north line of lot 10 Labalmes Outlots to Hanna street, thence south on Hanna street to city limits; thence west on city limits to Pigua avenue; that said lots and lands be assessed for the construction of said South Wayne Sewer in proportion to benefits received and the aggregate amount thereof be deducted from the assessment made against property contained in original assessment roll, and I further move that we postpone further action in this matter until Monday afternoon December 22nd 1902, at three O'clock for the purpose of making such additional assessment and amending the assessment made in original assessment roll, and for the further purpose of then hearing any objections to such amended assessment or to the work as completed by the contractor under the terms of his contract for such work.

Wm Doehrman.

Mr. Doehrman: "I move you the adoption of the resolution" Mr. Gollinger: "I second the motion." The motion being put, it was carried by a unanimous vote.

In the matter of further hearing and considering objections or remonstrances against the roll of assessments of benefits or award of damages in the matter of opening Alliger street from Winder street to Walton Avenue in accordance with Declaratory Resolution No 85, the Board found, after having given all objections due consideration, that the objections presented were not well taken, that the pro rata assessment of benefits were in accordance with the actual benefits to be received from the proposed improvement, and that the awards of damages represented the actual amount of damages sustained by any person that would be affected by such proposed opening of Alliger street.
Upon motion the Board therefor confirmed the roll of assessments of benefits and awards of damages and ordered it delivered to the department of finance.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for various work to be performed under public contract the Board now proceeded to open such proposals and obtained the following result:
Local Sewer Improvement Resolution No 94, for the construction of a vitrified clay pipe sewer in the alley between Livingston Avenue and Stophlet street from Nelson street to the alley west of Broadway and in alley north of Broadway and south of Livingston Avenue from Stophlet street to Broadway

| | | |
|---|---|---|
| J. Derheimer & Co | bid per lineal foot | $1.09 |
| Anton Rieg | " " " " | 99¢ |
| Julius Reuter | " " " " | 92¢ |
| C.E. Woellering & Co. | " " " " | 1.10 |

Local Sewer Improvement Resolution No 95, for the construction of a vitrified clay pipe sewer in the alley south of Creighton Avenue from Fox avenue to Webster street and various branches connected therewith

| | | |
|---|---|---|
| Anton Rieg | bid per lineal foot | $1.82 |
| J. Derheimer & Co. | " " " " | $1.70 |
| C.E. Woellering & Co | " " " " | $1.59 |

Upon motion all bids received were taken under consideration.

Moved, that an assessment roll covering the work done under Local Sewer Improvement Resolution No 91, which provides for the construction of a vitrified clay pipe sewer in the alley between Leith street and Bolt street from the alley east of Lafayette street to the alley east of Bolt's Addition — also an assessment roll covering the work done under Local Sewer Improvement Resolution No 93, which provides for the construction

of a vitrified clay pipe sewer in the alley between Grant avenue and Wabash avenue from the south line of Wiech street to the south line of lot No 162 Fletchers Addition, be and the same are hereby approved and that notice to property holders be published in the Fort Wayne Journal Gazette on the 20th day of December 1902, and that the 8th day of January 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under either of aforementioned Improvement Resolutions and against the assessment rolls as approved by the Board. Adopted.

The Board then adjourned.

The city civil Engineer submitted a plan showing the proposed opening of Mc Lachlan street from the alley north of Esmond street to Esmond street. Upon motion the plan was approved.

Declaratory Resolution No 89.
Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend

McLachlan street from the alley north of Esmond street to Esmond street. Said opening and Extension to maintain throughout a width of 50 feet and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:
The west 3 feet of lot No 8, lot No 9 and the east 5 feet of lot No 10 Flemming and Esmonds Addition to the city of Fort Wayne Indiana.
All as shown by a plan of such proposed opening and extending of McLachlan street above described now on file in the office of the Board of Public Works of said city.
The property which may be injuriously or beneficially affected by the opening and extending of said McLachlan street above described is described as all lots or parcels of land not occupied by streets or alleys lying west of Lafayette street north of Esmond street East of Jane street and East of Clinton street to the alley north of Leith street and south of the alley north of Leith street.
All of said street and lots and lands affected by said opening and extending of said McLachlan street being situated in the city of Fort Wayne, county of Allen and State of Indiana.

Adopted.

Moved that notice to property holders of the adoption of Declaratory Resolution No. 89 be published in the Fort Wayne Sentinel on the 6th and 13th days of January 1903 and that the 22nd day of January 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against aforementioned Improvement Resolution. Adopted.

Bids having been received and opened by the Board on December 18, 1902 for work to be done under public contract, the Board now awarded contracts as follows:
Local Sewer Improvement Resolution No 94 for the construction of a sewer in the alley between Lewinney Avenue and Stophlet street &c. the contract was awarded to Julius Remus at 92¢ per lineal ft. his bid being the lowest and best.
Local Sewer Improvement Resolution No 95, for the construction of a sewer in the alley south of Creighton Avenue from Fox Avenue to Webster street, the contract was awarded to C.E. Wellering & Co. at $.59 per lineal foot, their bid being the lowest and best.

The plat of Youngs Addition to the city of Ft Wayne, Indiana, was upon motion approved, it being a Subdivision of Broadway Park Outlot 37 and the north 70 feet of No 38.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Attest. Allen Schmidt
CLERK.

Fort Wayne, Indiana, January 8th, 1903.

Regular meeting held at 7 30 o'clock P.M.

Present: Peter Eggemann, William Dochman, H.C. Zollinger.

This being the date and time previously fixed by the Board when they would receive and open, sealed proposals for work to be done under public contract, the Board now proceeded to open such proposals and obtained the following result:

Local Sewer Improvement Resolution No 96, for the construction of a vitrified clay pipe sewer in the alley north of Dewald street from Fox Avenue to the alley east of Broadway, and in the alley east of Broadway from Dewald street to the first alley north of Dewald street, also in the alley east of Broadway from the alley north of Dewald street to the Wabash Railroad E.&C.

| | |
|---|---|
| Anton Rieg bid per lineal foot | 87¢ |
| Jos Derheimer & Co. " " " " | 98¢ |
| H. Moellering & Co. " " " " | $1.32 |

Upon motion the contract was awarded to Anton Rieg his bid being the lowest and best.

Local Sewer Improvement Resolution No 97, for the construction of a vitrified clay pipe sewer in the alley between Walnut street and Poplar street from Fox Avenue to a point 20 feet west of Fairfield Avenue, also in the alley east of Fox Avenue from Poplar street to the first alley north, also in the alley west of Oakley street and in the alley east of Oakley street from Poplar street to the first alley north.

| | |
|---|---|
| Anton Rieg bid per lineal foot | $1.07 |
| H. Moellering No. " " " " | $1.40 |
| J. Derheimer No " " " " | $1.35 |

Upon motion the contract was awarded to Anton Rieg his bid being the lowest and best.

The remonstrance of S.M. and Della Himes, Albina Rear, H. A. Fletter against the widening of Taylor street was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits and awards of damages in the matter of widening Taylor street from Broadway to the Wabash Railroad under Declaratory Resolution No. 87, the Board decided that inasmuch as the improvement was a public necessity and

as the remonstrances against the respective assessments of benefits or awards of damages were not well taken, the improvement should stand. Upon motion therefor the assessment roll was confirmed and ordered delivered to the department of finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No 91, which provides for the construction of a vitrified clay pipe sewer in the alley between Leith Street and Bolz Street from the alley east of Lafayette Street to the alley east of Bolz's Addition, —

also against the work done under Local Sewer Improvement Resolution No 93 which provides for the construction of a vitrified clay pipe sewer in the alley between Grand Avenue and Wabash Avenue from the south line of Winch Street to the south line of Lot No 162 Fletchers Addition, —

also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work done under aforementioned Improvement Resolutions, before taking final action thereon, which assessment rolls contain the names of holders of property affected together with a description of each piece of property affected and the pro rata assessment against each piece of property which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever upon motion the work done under Local Sewer Improvement Resolutions Nos 91 and 93 was accepted as completed according to the terms of the respective contracts and the assessment rolls were confirmed as in the original and ordered forwith delivered to the department of finance. All of which was finally ordered and approved.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana January 13th, 1903.

Special meeting held at 4 o' clock P.M.

Present: Peter Eggemann, William Doehrman, H.C. Zollinger.

The special meeting was held for the purpose of considering a request from the L.B. Flemming Co. in which they asked for an extension of time in which to complete their railroad within the limits of the city. They represented that under the provisions of their original contract they were to complete their said railroad by the first day of May 1903 unless prevented from doing by Acts of Providence, litigation, or from unavoidable delay, in which event a reasonable extension of time should be given. They further represented that an action was brought against them by property owners on Berry and Monroe streets, delaying said company in the prosecution of constructing their railroad for a period of four months and four days, and they therefor asked that due extension of time equivalent to said loss of time be granted them.

The Board after giving the matter due consideration decided that the request in their opinion was reasonable and approved a contract extending the time in which to complete the work until the 5th day of September, 1903.

The clerk was hereupon instructed to submit the supplementary contract with the L.B. Flemming Company to the common council for approval.

The Board then adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, January 29th 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochman, H.C. Gollinger.

The city civil engineer submitted the following plats which were upon motion approved:

For the vacation of the alley between lots Nos 17 and 15 and 18 and 16 Rau's Subdivision of Reeds Outlots Nos. 6, 7, 8, 9 and 10.

For the vacation of that part of Old Main street east of lot No 1. Rockhills Second Addition.

For the vacation of the alley between lots Nos. 165 and 166 and 193 and 194 De Lalles Addition.

For the opening and extending of the alley between Leith street and Killea street from the east line of lot No 4 Barretts Outlots, to the east line of the alley east of Hoagland Avenue.

Declaratory Resolution No 90.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the alley between lots nos 17 and 15 and 18 and 16 Rau's Subdivision of Reeds Outlots Nos 6, 7, 8, 9 and 10.

The property which may be injuriously or beneficially affected by said vacation of said alley above described is described as Lots Nos. 15, 16, 17, and 18 of Rau's Subdivision of Reeds Outlots Nos. 6, 7, 8, 9 and 10.

All as shown on the plan of such proposed vacation now on file in the office of the Board of Public Works of said city. The cost of said vacation and all expenses connected therwith to be assessed against any and all property beneficially affected thereby.

All of said alley and lots herein named and described being situated in the city of Fort Wayne, County of Allen, and State of Indiana.

Adopted.

Declaratory Resolution No 91.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate that part of Old Main street lying east of lot No 1 of Rockhills Second Addition.

The property which may be injuriously or beneficially affected by the said vacation of said part of Old Main street above described is described as lot No 1 Rockhills Second Addition.

All as shown on the plan of such proposed vacation now

on file in the office of the Board of Public Works of said city.

The cost of said vacation and all expenses connected therewith to be assessed against any and all property beneficially affected thereby. All of said lots and lands herein named and described being situated in the city of Fort Wayne County of Allen and State of Indiana.

The right is reserved by the city to enter upon this part of vacated street at any time it may be necessary to repair the drainage pipe or manhole now constructed upon and through this piece of land.

Adopted.

Declaratory Resolution No 92.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the alley between lots 165 and 166 and 193 and 194 Lasselles Addition. The property which may be injuriously or beneficially affected by said vacation of said alley above described is described as lots Nos. 165, 166, 193, 194 Lasselles Addition to the city of Fort Wayne, Indiana.

All as shown on the plan of such proposed vacation now on file in the office of the Board of Public Works of said city. The cost of said vacation and all expenses connected therewith to be assessed against any and all property beneficially affected thereby.

All of said alley and lots herein named and described being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution No. 93.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend the alley between Leith street and Killea street from the east line of Barnetts Outlot No. 4 to the east line of the alley east of Hoaglund avenue.

Said opening and Extension to maintain throughout a uniform width of 14 feet and to be made by condemning and appropriating for alley purposes a strip of land described as follows: Commencing on the east line of lot No 4 Barnetts Outlots 168 feet North of the north line of Killea street, thence west parallell with the north line of Killea street to the east line of the alley east of Hoaglund avenue, thence north 14 feet, thence East to the east line of lot No. 4 of Barnetts Outlots, thence south 14 feet to the place of beginning.

All as shown by the plan of such proposed opening and Extending of said alley now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said alley above described is described as all parcels and lots of land not occupied by streets or alleys lying south of Leith street west of the east line of lot No. 4 of Burdetts Outlot, north of Killea street and east of the alley east of Hoagland Avenue.
All of said alley and lots and lands herein described being situated in the city of Fort Wayne, county of Allen and State of Indiana. Adopted.

Moved, that notice to property owners of the adoption of Declaratory Resolutions Nos 90, 91, 92 and 93 be published in "The Sentinel" on the 30th day of January and the 6th day of February, 1903 and that the 16th day of February 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned proposed improvements.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, March 2nd, 1903.

Regular Meeting held at 3 o'clock P.M.

Present: Peter Eggemann, William Dochman, H.C. Zollinger.

The petition of John N. Metzel and 32 others for the opening and Extending of Garden street from the south line of Rockhill and Nelsons Addition south to Garden street as laid out in Swinneys Extended Addition was received and placed on file.

The Sewer Builders Bond of Wm Schroeder was approved.

Moved that an assessment of benefits and award of damages in the matter of vacating the the alley between lots Nos 17 and 15 and 18 and 16 Rau's Subdivision in accordance with Declaratory Resolution No 90, -
also an assessment of benefits and award of damages in the matter of vacating that part of Old Main street lying east of lot No 1 Rockhill's Second Addition in accordance with Declaratory Resolution No 91, -
also an assessment roll of benefits and award of damages in the matter of opening and extending the alley between Leith street and Hilled street from the east line of lot No 4 Barnetts Outlots to the alley east of Hoagland Avenue in accordance with declaratory Resolution No 93, -
be and the same are are hereby approved, and that notice to owners of property affected thereby thereby be served according to law and that the 2nd day of April 1903 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the respective assessments of benefits or awards of damages from anyone interested therein or affected thereby. Adopted.

The clerk was instructed to advertise for proposals to furnish oak lumber as needed by the bridge street and sewer departments from time to time during the year. Said proposals to be opened by the Board at 3 o'clock P.M. March 9th, 1903.

Whereas, the Board of Public Works did on the 22nd day of May 1902 adopt a resolution to open and extend Alliger street west from Walton Avenue to Minker street to the width of forty (40) feet by condemning the north thirty five (35) feet of lot forty nine (49) Lillies Addition to the city of Fort Wayne and a strip of land five (5) feet in width between lot forty nine Lillies Addition and

and lot nineteen (19) Whites Subdivision; also lot one (1) and the north two (2) feet of lot two (2) Drivers Subdivision; also lots four (4) and Eight (8) and the south 6.8 feet of lot seven (7) and south 4.6 feet of lot three (3) Lillies Outlots.

And whereas, notice was given, resolutions confirmed, assessments made remonstrances heard and assessments modified and confirmed.

And whereas, there was an error made in estimating the damages to lot forty nine (49) and the strip of land five feet in width immediately to the north of said lot 49 in this, that estimate for the damages to the improvements on said lot forty nine and five foot strip was too low and not intended.

Therefore, be it resolved that all proceedings heretofore had in relation to the opening of Alliger street as herein stated and fully set out in the proceedings of the Board of Public Works, be and the same are hereby abrogated and annulled, and the clerk be ordered to cancel assessments made therein.

Therefore, it is adjudged and decreed by the Board of Public Works that all the proceedings had in relation to the opening and Extending of Alliger street to the width of fourty (40) feet by condemning the north thirty five feet of lot 49 Lillie's Addition to the City of Fort Wayne and a strip of land five feet in width between lot forty nine Lillies Add. and lot nineteen Whites Sub.; also lot one and the north two (2) feet of lot two (2) Drivers Subdivision; also lots four (4) and eight (8) and the south 6.8 feet of lot seven (7) and the south 4.6 feet of lot three Lillies Outlot be abrogated and annulled and that the Clerk of the Board of Public Works cancel of record the assessments therein made for damages and benefits to property.

Adopted.

The city civil Engineer was instructed to prepare plans and specifications for the opening of Alliger street from Winter street to Walton Avenue.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana March 5th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, Wm Doehrman, H.C. Zollinger.

The petition of C.H. McAfee and two others for the construction of a sewer in the first alley west of Crescent avenue from Lake avenue to Riverside avenue and in the first alley north of Lake avenue from Tecumseh street east to aforementioned alley was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of D.L. McKerring and 10 others for the construction of a vitrified clay pipe sewer in the alley between Taylor street and Milnor street from Fox avenue to the Wabash railroad and in the first alley west of Fox avenue from Taylor street to the first alley south was received and the city civil Engineer instructed to prepare plans and specifications.

The city civil Engineer submitted a plat showing the proposed opening and extending of Alliger street from Winter street to Walton avenue, and upon motion it was approved.

Declaratory Resolution No. 94.

For the opening and Extending of Alliger street from Winter street to Walton Avenue.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Alliger street in the city of Fort Wayne, Allen County Indiana, from Winter street to Walton avenue, said opening and extension to maintain throughout a width of 35 feet, and to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows:

The south 1.8 feet of lot No 7 and all of lots No 8 and 4 of Woodworths Subdivision of Lillies Out Lot No. 15, also the south 30 feet of lot No 1 and the north 5 feet of lot No 2 Driers Addition, also the south 35 feet of lot No 49 Lillies Addition.

All as shown by a plan of such proposed opening and Extending of Alliger street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said Alliger street above described is described as all lots or parcels of land not occupied by streets or alleys lying east of Ohio street, south of Lewis street to Walton avenue and south of Maumee avenue to Wabash avenue, west of Wabash avenue and

north of the Wabash railroad.
All of said streets and lots and lands affected by the opening and Extending of said Alliger street being situated in the city of Ft Wayne, county of Allen and State of Indiana. Adopted.

Moved, that notice to property holders of the adoption of Declaratory Resolution No 94 be published in the Ft Wayne Sentinel on the 6th and 13th days of March, 1903, and that the 26th day of March, 1903, be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against aforementioned improvement resolution.
Adopted.
This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 98 which provides for the construction of a vitrified clay pipe sewer in the alley between Belle Avenue and Ferguson street from Fox avenue to the alley west of Fox avenue, Etc.
also against Local Sewer Improvement Resolution No. 99, which provides for the construction of a vitrified clay pipe sewer in the alley between Taylor street and Walnut street from Fox Avenue to Oakley st. -
also against Local Sewer Improvement Resolution No. 100, which provides for the construction of a vitrified clay pipe sewer in the alley between Wall street and Guirney Avenue from Nelson street to Broadway, also through McCulloch Park Etc. —
also against Local Sewer Improvement Resolution No. 101, which provides for the construction of a vitrified clay pipe sewer in the alley between Mill street and Jones street from Nelson street to the alley west of Rockhill street, also in the alley west of Rockhill street, Etc.
also against Local Sewer Improvement Resolution No. 102, which provides for the construction of a vitrified clay pipe sewer in the alley north of Superior street from Van Buren street to the east line of lot No. 35 N.B. Reeds Addition, —
and there appearing no objections or remonstrances whatever, upon motion Local Sewer Improvement Resolutions Nos 98, 99, 100, 101, 102, were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 98, 99, 100, 101, 102, be published in the Ft Wayne Sentinel on the 6th and 13th days of March 1903, and that the 26th day of March 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open proposals for the work to be done under any of aforementioned Improvement Resolutions.
Adopted.

In the matter of vacating the alley between lots 165 and 166 and 193 and 194 Lasalles Addition in accordance with Declaratory Resolution No 92, owing to remonstrances presented against such vacation upon motion Declaratory Resolution No 92 and all proceedings had thereunder were rescinded.

Upon motion the Board then adjourned.

Attest. Allb Schmidt.
CLERK.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, March 9th, 1903.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, William Dochman, H.C. Zollinger.

Upon motion of Mr. Dochman seconded by H.C. Zollinger the city civil engineer was instructed to prepare a plat showing the proposed vacation of the alley between lots 401 and 402 Hamans Addition from Jefferson street to Lewis street.
The motion being put to a vote was carried Dochman and Zollinger voting in the affirmative and Eggemann in the negative.

The petition of Harry A. Swahlen and 8 others for the construction of a sewer in the alley between Cottage avenue and Lakeus avenue from South Wayne avenue to Indiana avenue was received and placed on file.

The Sewer Builders Bond of Henry A. Kamming was approved.

The Peters Box and Lumber Company proposed to furnish oak lumber at the following prices:
Crossing Plank and Dimension Stock per M. $23.95
Good oak bridge plank " " $26.50
delivered at city yard.
Upon motion the proposal was placed on file.

The city civil Engineer was instructed to prepare plans and specifications for the construction of a sidewalk on the east side of Hunt avenue from Maumee Avenue to the Wabash Railroad.

Whereas, the case of Dreibelbiss et.al. vs. The City of Fort Wayne and the Board of Public Works, wherein the Board of Public Works was enjoined from accepting the South Wayne Sewer, or confirming the assessment roll therefor in so far as it related to or affected the property of plaintiffs in said action, viz: John Dreibelbiss, Frank Thompson, Allen Bollard, Elizabeth M. Burroughs, Charles Greiner, Jeremiah Downing and wife, Hiram C. Moderwell and Mary D. Moderwell, his wife; Edmund N. Coombs, Susan Martz, has been dismissed and cost paid.

Therefore, I move that the assessment roll in so far as it relates to plaintiffs property, be confirmed and that the acceptance of the work heretofore made be approved.

The motion was unanimously adopted.

The Board thereupon adjourned.

The petition of Owen Owens and two others for the construction of a sewer in the alley between Lillie street and Walton Ave. from Autoinette street to Pontiac street was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of O. Owens and one for the construction of side-walks on the west side of Walton Avenue from Autoinette street to lot No. 9 Eckels Addition was received and the city civil engineer instructed to prepare plans and specifications.

The petition of Hoffmann Bros and six others asking the Board that they try and induce the Fort Wayne Traction Co. to construct a double track on west Main street from Broadway to the river bridge before said street is pared was received and the clerk requested to submit it to the general manager of the Fort Wayne Traction Company with the request that the Traction Company arrange to obtain permission to construct said double track as soon as possible.

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley north of Dewald street from Fox Avenue to the alley east of Broadway, also in the alley east of

Broadway from Dewald street to the first alley north of Dewald street, also in the alley east of Broadway from the alley north of Dewald street to the Wabash Railway also on the east line of lots 9, 10, 11 Broadway Place Addition, in accordance with Local Sewer Improvement Resolution No. 96 be and the same is hereby approved and that notice of same be published in the Fort Wayne Sentinel on the 30th day of March, 1903, and that the 16th day of April 1903, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under aforementioned Local Sewer Improvement Resolution and against the assessment roll as approved by the Board.

Adopted.

The clerk was requested to send the following communication to the Federal Asphalt Company, Chicago, Illinois:

"The Board of Public Works in regular session took up the ~~work~~ matter of unfinished work on Maumee Avenue. Section four of general specifications of your contract provides the penalties for failure to complete work of any contract within time, in case no extension is given. In this case no extension was given after the expiration of the first. The situation of things here is quite embarrassing and evidently you fully realize it. The work is not alone unfinished but what has been done excepting curbing and concrete is worthless. The result is that the property owners are dissatisfied and suspicious of the general results. In view of these conditions of affairs the Board does not say that you shall not complete the work with the material that has been agreed upon but that you may fully understand the position it will take when the work is completed, it calls your attention to subdivision four of specifications under head of "Natural Rock Asphalt:" The Asphalt Rock wearing surface shall be so composed and laid that when it becomes cooled to the atmospheric temperature it will be so firm that it will sustain the heaviest traffic thereon without marked impression and of so much tenacity that it will neither break, crumble or pulverize with usage."

The impression now is of the Board that the composition provided in subdivision two of same specifications will not give such results as are provided and required in subdivision four, and to be sure of that the Board will fully satisfy itself before an estimate will be allowed for any work. It is true that you are to provide a bond, yet a bond is not what the city wants. It wants a "first class street". These suggestions may be thought unnecessary, yet they are read in view of the fact that the Board is being criticised for conditions now existing on the street and to protect itself it will take every precaution to secure the kind

and character of street contracted for. The season is rapidly approaching, and the Board desires that you complete this work by June 15th, 1903. If these instructions are not complied with, the Board may or may not exercise its right to declare a forfeiture of the contract. In conclusion the Board desires to say that it does not wish to be regarded as captious in this matter, but in view of your unsatisfactory work here, at Auburn and Wabash it is just a bit afraid that the guaranteed results cannot be obtained as provided in specifications. If they are, the Board will be prompt in carrying out its part of the contract. Please indicate to us upon receipt of this letter when you intend to commence work."

The Board then adjourned.

Attest. A.M. Schmidt.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 13th, 1903.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggeman, William Dorhmann, H.C. Zollinger.

The petition of C.M. Gallmeier to relay the sidewalks abutting on lot No 231 Hamiltons Fourth Addition was granted.

The petition of Mary Palmer and 17 others for the construction of sidewalks on the south side of Pontiac street from Calhoun street to Webster street was received and placed on file.

The Sewer Builders Bond of Henry Wehrenberg was approved.

The city civil engineer submitted a plat showing the proposed opening of Poplar street from Oakley street to the first alley west, which was upon motion approved.

The city civil Engineer submitted plans and specifications for the following proposed public improvements, which were approved:
For the construction of sidewalks on the east side of Wabash avenue from Washington street to Humphrey street (exempting all sidewalks now laid to a proper line and grade).
For the construction of sidewalks on the east side of Grant Avenue from Maumee Avenue to Wabash Railroad.
For the construction of sidewalks on the south side of Maumee Avenue from Lillie street to Walton Avenue.
For the construction of sidewalks on both sides of Hayden street from Hanna street to Francis street.
For the construction of sidewalks on the west side of Warsaw street from Taber street to Rattenfield street.
For the construction of a sewer in the alley between Dewald street and Creighton avenue from Fox avenue to the alley west of Fairfield avenue, also in the alley west of Fairfield avenue from the alley south of Dewald street to Dewald street.
For the construction of a sewer in the alley between Dewald street and Creighton Avenue from Fox avenue to a point 110 feet east of Broadway, also in the alley east of Broadway from the alley north of Creighton avenue to Creighton Avenue.

Declaratory Resolution No 95.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to open and extend Poplar street in the city of Fort Wayne, Allen County, Indiana,

from Oakley street to the first alley west of Oakley street, said opening and extension to be made by condemning and appropriating for such purposes sufficient lots and lands described as follows: The north 15 feet of lot No 32 Bonds second addition to the city of Fort Wayne, Allen County, Indiana located in the southwest quarter of Section 11, T. 30, N.R. 12 east, and being a part of Fairfields Outlot No 15. All as shown by a plan of such proposed opening and extending of Poplar street above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the opening and extending of said Poplar street above described is described as all lots or parcels of land not occupied by streets or alleys lying south of the first alley south of Walnut street and the lines of said alley produced west to Miner street west of Fairfield avenue, north of the alleys north of Dewald street and north of Lots Nos. 15 and 28 Bonds second addition and east of Miner street. All of said street and lots and lands affected be the opening and extending of said Poplar street being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Improvement Resolution No. 298.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Wabash avenue from Washington street to Humphrey street (exempting all sidewalks now laid to a proper line and grade) by grading to a width of 12 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 299.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Grand avenue from Maumee Avenue to Wabash Railroad (exempting all sidewalks now laid to a proper line and grade) by grading to a width of 10 feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No 300.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Maumee Avenue from Lillie street to Walton avenue by grading to a width of 14 feet and relaying the brick

sidewalk to a width of 6 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No. 301.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on both sides of Hayden street from Hanna street to Francis street by grading to a width of 12 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city

Adopted.

Improvement Resolution No. 302.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Warsaw street from Taber street to Lutheufield street by grading to a width of 12 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 103.

Resolved, by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Dewald street and Creighton Avenue from the brick sewer on Fox avenue to the alley west of Fairfield avenue, also in the alley west of Fairfield avenue from the alley south of Dewald street to Dewald street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 104.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Dewald street and Creighton avenue from the brick sewer on Fox avenue to a point 116 feet east of Broadway, also in the alley East of Broadway from the alley south of Creighton avenue to Creighton avenue as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer from the brick sewer on Fox

avenue to the east line of Miner street, a 12 inch vitrified clay pipe sewer from the east line of Miner street to a point 110 feet east of Broadway, and a 12 inch vitrified clay pipe sewer in the alley east of Broadway, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved, that notice of the adoption of Declaratory Resolution No. 95, Improvement Resolutions Nos. 298, 299, 300, 301, 302, and Local Sewer Improvement Resolutions Nos. 103, 104, be published in the Fort Wayne Sentinel on the 14th and 21st days of April, 1903, and that the 30th day of April, 1903, at 7 30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against any of aforementioned improvement resolutions.

Adopted.

The Board Entered into a contract with the Pennsylvania Company granting them a franchise to construct and operate a steam railroad of standard width over and along Toledo street from the east property line of Hanna street to Lafayette street, thence south on Lafayette street to Murray street, thence west on Murray street to a point opposite of the east side of the north and south alley east of Calhoun street, in order to give the Pennsylvania Company an opportunity to reach the various industries located south of the Wabash Railroad. The clerk was instructed to transmit the contract to the common council for ratification by ordinance.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 23d, 1903.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, William Doehrman, H.C. Zollinger.

The contract for constructing sidewalks on the south side of Taylor street in accordance with Imp. Res. No. 285, and for which bids had been opened October 23d, 1902, was upon motion awarded to George Wilhelm, his bid being the lowest and best.

The petition of D.A. Deister and 9 others for the construction of a brick sidewalk on the east side of Walton Avenue from Creighton Ave. to Pontiac street also for the construction of a sewer in the alley between Walton Avenue and Euclid Avenue from Creighton Avenue to Pontiac street, was received and the city civil Engineer instructed to prepare plans and specifications.

On February 9th, 1903, Mrs. A. Evans and 10 others filed a petition with the Board asking that Randall street be vacated from the cemetery to Glasgow Avenue. The Board upon investigating the matter found that it would not be a benefit to the public at large if the street were vacated, and upon motion it was decided not to grant the prayer of the petitioners.

In relation to an alleged ~~to an alleged~~ nuisance being maintained by John N. White and Lucian Stapleford on lot No 23 County Addition to the city of Fort Wayne, Indiana, and the date for hearing Evidence in connection with this matter having been fixed by the Board on the 8th and 16th days of April, 1903 and John N. White and Lucian Stapleford both having been served with notice of said meeting and both being present in person and by attorney, the Board proceeded to hear evidence in the matter. Upon the evidence heard the Board finds that there are on said lot 23 County Addition to the city of Fort Wayne, Indiana, two partially burned frame buildings, the one a barn standing to the east side and to the rear of said lot, the other dwelling located to the west and north of said barn; that said barn was on the 18th day of February 1903, almost completely destroyed by fire; that the said dwelling house was likewise partially destroyed by fire at the same time. That both of said buildings are within the fire limits of the city. That the standing frames of said buildings are without foundations, and both are in a dilapidated and unsafe condition. That said frame buildings have been after three different times within the past three years. That no insurance can be obtained on said building because of their dangerous and unsafe condition.

The Board further finds that there are adjoining said buildings substantial frame buildings and sheds used for barns and warehouses, that have been and are now in constant danger of being destroyed by fire by reason of the condition and surrounding of said buildings herein complained of; that they are unsafe and dangerous for the purpose for which they are used; that they are in danger of being set on fire from the defective construction of chimneys, coupled with the use of same by the class of people occupying them.

The Board of Public Works therefor finds that the said buildings viz: the said barn on the east and south part of said lot 23, and the said dwelling east and north of said barn are a nuisance. It is therefor ordered by said Board of Public Works that the said John W. White and the said Lucian Stapleford or either of them abate said nuisance by the removal of the whole of said partially burned dwelling house and barn, together with all offal, dirt, debris of any kind situate on said lot on or before the 1st day of June 1903. If at the Expiration of said time the said J.W. White and Lucian Stapleford, or neither of them have abated such nuisance, this Department will proceed to abate the same by the removal of such structures in the manner provided by ordinance.

It is further ordered by the Board that the clerk of said Board serve notice upon John W. White and Lucian Stapleford to abate the nuisance herein found to exist by the time in order designated.

The Board then adjourned

Attest. A.M. Schmidt
CLERK.

Wm Lochmann
N. Zollinger
BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 27th, 1903.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, William Dochrman, H.C. Zollinger.

This being the date and time previously fixed when the Board would receive and open sealed proposals for various work to be done under public contract the Board now proceeded to open such bids and obtained the following results:

Improvement Resolution No. 280, for paving the alley between Brighton Avenue and Baker street from Harrison street to Webster street

C.E. Moellering & Co bid for Cherry Red Block per lineal foot $2.98

Jos. Derheimer & Co bid as follows:

For Cherry Red Met. Repressed Block per lineal foot $3.25

" Metropolitan " " " " " $3.75

" Nelsonville or Athens Block " " " $3.87

Improvement Resolution No. 281, for paving the alley between Harrison and Webster streets from Baker street to the alley north of Baker street

C.E. Moellering & Co. bid for Chern Red Block per lineal foot $2.65

Jos Derheimer & Co bid as follows:

For Cherry Red Met. Repressed Block per lineal foot $3.15

" Metropolitan Repressed " " " " $3.60

" Nelsonville or Athens " " " " $3.72

Improvement Resolution No 288, for paving Washington street from Calhoun street to Clinton street

C.E. Moellering & Co. bid as follows:

For Metropolitan Block per lineal foot $9.20

" Nelsonville or Athens Block per lineal foot $9.30

" 4"x18" Berea Curb (dressed but not set) per lineal foot .50¢

Jos. Derheimer & Co. bid as follows:

For Metropolitan Repressed Block per lineal foot $11.04

" Nelsonville or Athens Block " " " $11.36

" 4"x18" Berea Curbing (dressed but not set) " " " 35¢

Hipskind and Bridges bid as follows:

For Metropolitan Block per lineal foot $10.64

" 4"x18" Berea Curb (dressed but not set) per lineal foot .07¢

The Barber Asphalt Paving Company bid as follows:
For Genuine Trinidad Pitch Lake Asphalt per lineal foot $9.75
For 4"x18" Berea Curbing (dressed but not set) per lineal foot 45¢

The Western Construction Company bid as follows:
For Trinidad Pitch Lake Asphalt per lineal foot $9.95
" 4"x18" Berea Curb (dressed but not set) per " " .50¢

Improvement Resolution No. 289, for paving Washington street from Clinton street to Harmer street.
C.E. Moellering & Co bid as follows:
For Metropolitan Block per lineal foot $7.75
" Nelsonville or Athens Block per lineal foot $7.83
" 4"x18" Berea Curbing (dressed but not set) per lineal foot .50¢

Jos Derheimer & Co. bid as follows:
For Metropolitan Represed Block per lineal foot $10.13
" Nelsonville or Athens " " " " $10.35
" 4"x18" Berea Curbing (dressed but not set) " " " .35¢

Hipskind and Bridges bid as follows:
For Metropolitan Block per lineal foot $9.27
" 4"x18" Berea Curbing (dressed but not set) per lineal foot .07¢

The Barber Asphalt Paving Company bid as follows:
For Genuine Trinidad Pitch Lake Asphalt per lineal foot $8.37
" 4"x18" Berea Curbing (dressed but not set) per lineal foot ——

The Western Construction Company bid as follows:
For Genuine Trinidad Pitch Lake Asphalt per lineal foot. $8.60
" 4"x18" Berea Curbing (dressed but not set) per lineal foot .50¢

Improvement Resolution No. 290 for paving Harmer street from Washington street to Miami Avenue
C.E. Moellering & Co. bid as follows:
For Metropolitan Block per lineal foot $9.84
" Nelsonville or Athens Block " " " $9.94
" Knox Block extra per M $10.00

Jos. Derheimer & Co. bid as follows:
For Metropolitan Represed Block per lineal foot $12.57
" Nelsonville or Athens " " " " $12.89
" 4"x18" Berea Curbing (dressed but not set) " " " .35¢

Hipskind and Bridges bid as follows:
For Metropolitan Block per lineal foot $12.09
" 4"x18" Berea Curbing(dressed but not set) per lineal foot .07¢

The Barber Asphalt Paving Company bid as follows:
For Genuine Trinidad Pitch Lake Asphalt per lineal foot $10.44
" 4"x18" Berea Curbing(dressed but not set) " " " .45¢

The Western Construction Company bid as follows:
For Trinidad Pitch Lake Asphalt per lineal foot $10.63

Improvement Resolution No.291, for paving Main street from Calhoun street to Harrison street
C.E. Woellering & Co. bid as follows:
For Metropolitan Block per square yard $1.89

" " Wells " " $150.00
" " VanBuren " " $65.00
" " West Main " " $175.00

Martin Noland bid as follows:
For painting Columbia street bridge $145.00
" " Clinton " " $67.60
" " Wells " " $90.00
" " VanBuren " " $49.50
" " West Main " " $110.00

Upon motion all bids were taken under advisement.

Moved, that an assessment roll covering the work done under Improvement Resolution No. 271, which provides for grading

Fletcher Avenue, and the construction of sidewalks on the east side of Fletcher Avenue from Wabash Railroad to the Wayne Trace — also an assessment covering the work done under Improvement Resolution No. 279, which provides for the construction of sidewalks on the north side of Ward street from St Marys Avenue to Franklin Avenue be and the same is hereby approved, and that notice of same be published in the Fort Wayne Sentinel on the 28th day of April, and the 7th of May 1903, be fixed a date, when the Board will meet at 7:30 o'clock P.M. for the purpose of hearing or considering objections or remonstrances against the work done under either of aforementioned Improvement Resolutions, also against the assessment rolls as approved by the Board. Adopted.

The petition of Samuel C. Hartle for the construction of a sewer in the first alley north of Huffman street from Andrew street to Sherman street was received and placed on file.

The petition of Simon Feistroffer and one for the construction of brick sidewalks on the east side of Walton Avenue from Creighton Avenue to the Pennsylvania Railroad was received and the city civil engineer instructed to prepare plans and specifications.

At noon having become late, upon motion the Board took a recess until 9 o'clock A.M. April 28th, 1903.

The Board reconvened at 9 o'clock A.M. April 28th, 1903, there being present Peter Eggemann, William Dochman, H.C. Zollinger.

The Board together with the city civil engineer took up for consideration the various bids for street and alley improvements opened by the Board at a meeting held upon the day previous. Each bid for each part of any street or alley improvement was carefully gone over, and at 11:30 o'clock A.M. the Board took a recess until 2:30 o'clock P.M. the same day.

The Board reconvened at 2:30 o'clock P.M. April 28th, 1903. Present: Peter Eggemann, William Dochman, H.C. Zollinger.

The Board now proceeded to take further action upon the bids for street and alley improvements received upon the 27th day of April, 1903.
Upon motion all bids received under Improvement Resolutions Nos 280 and 281 were rejected as being altogether too high,

and as bids for these proposed improvements had been rejected upon a previous occasion, namely on October 27th 1902 upon motion Improvement Resolutions Nos. 280 and 281 and all proceedings had under these resolutions were rescinded.

The Board now proceeded to select material for the other proposed improvements as follows:
Improvement Resolution No. 288 Genuine Trinidad Pitch Lake Asphalt in accordance with the bid of the Barber Asphalt Paving Company.
Improvement Resolution No. 289, Genuine Trinidad Pitch Lake Asphalt in accordance with the bid of the Barber Asphalt Paving Company.
Improvement Resolution No. 290, Genuine Trinidad Pitch Lake Asphalt, in accordance with the bid of the Barber Asphalt Paving Company.
Improvement Resolution No 291, Metropolitan Block based upon the Bid of C.E. Woellering No.
Improvement Resolution No. 292, Metropolitan Block based upon the bid of C.E. Woellering No.
Improvement Resolution No. 293, Metropolitan Block based upon the bid of C.E. Woellering & Co.
Improvement Resolution No. 294 Metropolitan Block based upon the bid of C.E. Woellering & Co.
Improvement Resolution No. 295 Genuine Trinidad Pitch Lake Asphalt, based upon the bid of The Barber Asphalt Paving Company.
Improvement Resolution No. 296, Genuine Trinidad Pitch Lake Asphalt, based upon the bid of the Barber Asphalt Paving Company.
Improvement Resolution No. 297, Genuine Trinidad Pitch Lake Asphalt and combined cement curb and gutter, based upon the bid of the Barber Asphalt Paving Company.

Upon motion the contract for paving the bridges was awarded to Martin Noland, his bid being the lowest and best

The Clerk was requested to ask the comptroller to arrange for the following appropriations to New Street Intersection Account:
For paving Broadway from Wayne street to Scott Avenue $6000.00
" " " Creighton Av. " Huma " " Holben " $3500.00
" sidewalk Extensions and repairs $500.00
Additional for streets for which bids have already been rec'd. $2500.00
To Public Grounds and Buildings Account $2400.00 in order to pay

the city's portion along McCulloch Park and Engine House No. 5 when paving Broadway from Wayne street to Lodt Avenue.

The city civil Engineer submitted plats for the following proposed improvements which were upon motion approved:
For the vacation of the alley between Harrison street and Webster street from Berry street to Wayne street.
For vacating the first alley east of Caroline street from Lutkenfield street to the first alley south of Lutkenfield street.
For vacating the alley west of Fairfield avenue from Organ Avenue to a point 169 feet North of Organ Avenue thence east 54 feet to the west line of the alley west of Fairfield avenue.

Declaratory Resolution No. 96.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the alley between Harrison street and Webster street from Berry street to Wayne street.
All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.
The cost of said vacation and all expenses connected therewith to be assessed against the property benefically affected thereby.
All of said lots and lands affected being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution No. 97.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the first alley East of Caroline street from Lutkenfield street to the first alley South of Lutkenfield street.
All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.
The cost of said vacation and all expenses connected therewith to be assessed against the property benefically affected thereby.
All of said lots and lands affected being being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution No. 98.

Resolved, by the Board of Public Works of the city of Fort Wayne, County of Allen and State of Indiana, that it is desired and deemed necessary to vacate the alley west of Fairfield avenue from Organ avenue to a point 169 feet North of Organ avenue, thence east 54 feet to the west line of the alley west of Fairfield avenue.
All as shown by a plan of such proposed vacation now on file

in the office of the Board of Public Works of said city.
The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected thereby.
All of said lots and lands affected being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved that notice to property owners of the adoption of Declaratory Resolution No. 96, 97, 98 be published in the Fort Wayne Sentinel on the 29th day of April and 6th day of May, 1903, and that the 21st day of May 1903, be fixed a date and time when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned Declaratory Resolutions.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Attest. C. W. Schmidt
CLERK

Fort Wayne, Indiana, May 5th 1903.
Special Meeting held at 8:30 o'clock A.M.
Present: Peter Eggemann, William Dochtman, H.C. Zollinger.

The Board having received proposals for various street improvements on the 27th day of April 1903 and on the 28th day of April 1903, having selected material to be used in making such improvements, and five days thereafter having elapsed in which owners of property affected by such proposed improvements might petition the Board to substitute some other material for that selected by the Board in making such improvement, the Board now met for the purpose of considering such petition and for the further purpose of awarding contracts. The results were as follows:
Improvement Resolution No. 288 for paving Washington street from Calhoun street to Clinton street upon motion the contract was awarded to the Barber Asphalt Paving Company, no petition for any other material having been received.
Improvement Resolution No. 289 for paving Washington street from Clinton street to Harmer street upon motion the contract was awarded to the Barber Asphalt Paving Company, no other petition having been filed with the Board.
Improvement Resolution No. 290 for paving Harmer street from Washington street to Maumee Avenue upon motion the contract was awarded to the Barber Asphalt Paving Company, no other petition having been filed with the Board.
Improvement Resolution No. 291 for paving Main street from Calhoun street to Harrison street, upon motion the contract was awarded to C.E. Moellering & Co., no other petition having been filed.
Improvement Resolution No. 292 for paving Main street from Harrison street to Broadway, upon motion the contract was awarded to C.E. Moellering & Co., no petition for other material having been filed.
Improvement Resolution No. 293 for paving Main street from Broadway to Union street, upon motion the contract was awarded to C.E. Moellering & Co. no other petitions having been filed.
Improvement Resolution No. 294 for paving Main street from Union street to St Marys river upon motion the contract was awarded to C.E. Moellering & Co., no other petition having been filed.
Improvement Resolution No. 295 for paving Brackenridge street from the east property line of Fairfield Avenue on the north of Brackenridge street, to the west property line of Fairfield Avenue on the south of Brackenridge street, upon motion the contract was

awarded to the Barber Asphalt Paving Company, not other petition having been filed with the Board.
Improvement Resolution No. 296, for paving Fairfield Avenue from Brackenridge street to Creighton Avenue, petitions signed by a large number of property owners asking that the Board substitute Metropolitan Block for Genuine Trinidad Pitch Lake Asphalt. In order to gain time in which to carefully examine into the petitions and ascertain their correctness the Board deferred the awarding of this contract until May 7th, 1903, at 2 o'clock P.M.
Improvement Resolution No. 297, for paving Fairfield avenue from Creighton avenue to Organ avenue upon motion the contract was awarded to the Barber Asphalt Paving Company, no other petitions having been filed with the Board.

The petition of Rev. J.H. Oetkening and 25 others asking that the Board try and induce the Fort Wayne Traction Company to construct a double track on Jefferson street from Lafayette street to Hanna street before said street is paved, was received and the clerk requested to send a copy of same to the proper official of the Traction Company with the request that they advise the Board at as early a date as possible if they wish to construct this double track or not.

The Board then adjourned.

Board of Public Works.

Fort Wayne, Indiana, May 7th, 1903.
Special meeting held at 2 o'clock P.M.
Present: Peter Eggemann, William Dochman, N.C. Zollinger.

In the matter of awarding the contract under Improvement Resolution No. 296, upon due investigation the Board found that owners of property representing more than two thirds of the frontage along the proposed improvement had signed petitions asking that Metropolitan Block be substituted for Genuine Trinidad Pitch Lake Asphalt. The Board therefore ordered that Fairfield Avenue from Brackenridge street to Creighton Avenue be paved with Metropolitan Paving Block, and upon motion the contract was awarded to

C.E. Moellering & Co.

The Board then on motion adjourned.

Peter Eggemann
Wm Dochmann

Attest. C.W. Schmidt
CLERK.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, May 7th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochmann, N.C. Zollinger.

The petition of J.H. Rahe and 7 others for the paving of Clinton street from Main street to Columbia street was received and the city Civil Engineer instructed to prepare plans and specifications.

The sidewalk Builders bond of C.W. Smitley was approved.

The bond of George Hoover to move a house from Holman street to lot 118 E. Hanna Lee Addition was approved.

The following Sewer Builders Bonds were approved: John B. O'Rourke, Martin F. Roll, Ed. Krommiller.

The following Plumbers and Gasfitters Bonds were approved: Martin F. Roll, Ed. Krommiller, Albert Tomkinson, John B. O'Rourke.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 271, which provides for the grading of Fletcher Avenue and the construction of sidewalks on the east side of Fletcher Avenue from the Wabash Railroad to Wayne Street, -
also against the work done under Improvement Resolution No. 279 which provides for the construction of sidewalks on the north side of Maria street from St Mary's Avenue to Franklin Avenue, -
Also a date and time when the assessment rolls covering aforesaid work would be heard before taking final action thereon, which assessment rolls contain the names of the owners of property affected by either of the improvements together with a description of each piece of property thus affected and the pro rata assessment against Each piece of property which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, there appeared no objections

or remonstrances of any nature. Owing to the fact however that no affidavit had been filed by the contractor as required by law the Board deferred the acceptance of the work and the confirmation of the assessment roll.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Main Sewer Improvement Resolution No. 16 which provides for the construction of a vitrified clay pipe sewer on Grace Avenue from Fox Avenue to Broadway and various branches / owing to the fact that property owners along the north side of Pork Avenue objected to being assessed for this sewer which they claimed would not benefit them, upon motion the Board decided to postpone further action in this matter until Thursday May 14th, 1903 at 7:30 o'clock P.M.

The Board then adjourned.

For the construction of a vitrified clay pipe sewer in the alley south of Huffman street from the alley west of Wells street to Short street.

Improvement Resolution No. 303.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana that it is deemed necessary to improve Clinton street from the south property line of Columbia street to the north property line of Main street by grading and paving the roadway to a width of 45 feet with sheet asphalt, asphalt block or vitrified paving block upon a six inch Portland cement concrete foundation, placing a marginal finish at all street and alley intersections and paving the wings of all connecting alleys, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Improvement Resolution No. 304.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the west side of Glasgow Avenue from Wayne street to Washington street by grading to a width of 12 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Improvement Resolution No. 305.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the north side of Pape Avenue from the St Marys river west to the terminus of the present brick walk about 400 feet east of St Marys Avenue by grading to a width of 10 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Improvement Resolution No. 306.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the east side of Sherman street from High street to Fourth street by grading to a width of 10 feet and paving with brick to a width of 5 feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No. 307.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley south of Putnam street from Meridian Street to Andrews street by grading to a width of 12 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 107.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along Leith street from the brick sewer on Hoagland Avenue to the alley east of Hoagland avenue on the north of Leith street, in the alley east of Hoagland Avenue from Pontiac street to Killea street, on Pontiac street from a point 60 feet East of Hoagland Avenue to a point 118 feet west of Webster street, in the alley between Pontiac street and Leith street from the alley east of Hoagland Avenue to the alley west of Calhoun street, in the alley west of Calhoun street from Pontiac street to Leith street, in the alley west of Harrison street from the alley south of Pontiac street to Pontiac street, in the alley between Leith street and Killea street from the alley east of Hoagland Avenue to the alley west of Calhoun street, and in the alley west of Calhoun street from Leith street to to Killea street as follows: Said sewer shall be an 18 inch vitrified clay pipe sewer from the brick sewer on Hoagland Avenue to the alley east of Hoagland Avenue on the south of Leith street, a 15 inch vitrified clay pipe sewer in the alley east of Hoagland Avenue from the alley south Pontiac street to the alley south of Leith street, a 12 inch vitrified clay pipe sewer in the alley east of Hoagland Avenue from the alley south of Leith street to Killea street, a 12 inch vitrified clay pipe sewer in the alley east of Hoagland Avenue from the alley south of Pontiac street to Pontiac street, a 12 inch vitrified clay pipe sewer on Pontiac street from a point 60 feet east of Hoagland Avenue to a point 118 feet west of Webster street, a 10 inch vitrified clay pipe sewer in the alley between Pontiac

street and Leith street from the alley east of Hoagland Avenue to the alley west of Harrison street, a 12 inch vitrified clay pipe sewer in the alley between Pontiac street and Leith street from the alley west of Harrison street to the alley west of Calhoun street, a 12 inch vitrified clay pipe sewer in the alley west of Calhoun street from Pontiac street to Leith street, a 12 inch vitrified clay pipe sewer in the alley west of Harrison street from the alley south of Pontiac street to Pontiac street, a 15 inch vitrified clay pipe sewer in the alley between Leith street and Killea street from the alley east of Hoagland Avenue to the east line of Barnetts Outlot No. 4, a 12 inch vitrified clay pipe sewer in the alley between Leith street and Killea street from the east line of Barnetts Outlot No. 4 to the alley west of Calhoun street, and a 12 inch vitrified clay pipe sewer in the alley west of Calhoun street from Leith street to Killea street, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 108.

Resolved by the Board of Public Works of the City of Fort Wayne, State of Indiana, that the construction of a local sewer intended or adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley south of Huffman street from the alley west of Wells street to Short street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city

Adopted.

Moved that notice of the adoption of Improvement Resolutions Nos. 303, 304, 305, 306, 307, Local Sewer Improvement Resolutions Nos. 107, 108 be published in the Fort Wayne Sentinel on the 12th and 19th days of May 1903, and that the 28th day of May, 1903, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned improvement resolutions.

Adopted.

The Clerk was requested to notify Dettheimer and Company to repair the pavement on Mackerson street, Barr street from Washington to Lewis, in the alley between Wayne and Washington street from Calhoun street to Harrison street.

L.B. Flemming to repair pavement on Lewis street from Lafayette street to Walton Avenue.

C.C. Worthington Co. to repair their pavements on all streets where it is needed.

The contractor under Improvement Resolution No. 279 having filed the affidavit as required by law, upon motion the work completed by him was now accepted and the assessment roll confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

The Board then adjourned.

Fort Wayne, Indiana, May 21st, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present; Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of Carl Jappple and 66 others for the construction of sidewalks on the south side of Columbia street from the N.Y.C. & St.L. R.R. to the Columbia street bridge, was received and placed on file.

The petition of Louis Scheer and five others for the construction of a vitrified clay pipe sewer in the alley between Winter street and Lillie street from the alley south of Lewis street south to the present terminus of the sewer was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of John N. Rohyans for the construction of a vitrified clay pipe sewer in the alley between Calhoun street and Clinton street from Leith street to the first alley north of Leith street was received

and the city civil Engineer instructed to prepare plans and specifications.

This being the date and time previously fixed by the Board when they would receive and open proposals for various work to be done under public contract, the board now proceeded to open such proposals and obtained the following results:

Improvement Resolution No 298, for the construction of sidewalks on the East side of Wabash Avenue from Washington street to Humphrey street exempting all walks now laid to a proper line and grade,

C.E. Moellering and Company bid per lineal foot 47 cents.
George Wilhelm " " " " 46 cents.

Upon motion the contract was awarded to George Wilhelm, his bid being the lowest and best.

Improvement Resolution No 299, for the construction of sidewalks on the East side of Grand Avenue from Mannee Avenue to the Wabash Railroad exempting all walks now laid to a proper line and grade,

C.E. Moellering and Company bid per lineal foot 44 cents
George Wilhelm " " " " 54 "

Upon motion the contract was awarded to C.E. Moellering & Co. they being the lowest and best bidders.

Improvement Resolution No. 300 for relaying the sidewalks on the south side of Mannee Avenue from Lillie street to Walton Avenue, C.E. Moellering & Co. bid per lineal foot 51 cents
George Wilhelm " " " " 50 "

Upon motion the contract was awarded to George Wilhelm he being the lowest and best bidder.

Improvement Resolution No 301, for the construction of sidewalks on both sides of Hayden street from Hanna street to Francis street

C.E. Moellering & Co. bid per lineal foot on each side 43 cents
George Wilhelm " " " " " " 48 cents.

Upon motion the contract was awarded to C.E. Moellering & Co. they being the lowest and best bidders.

Improvement Resolution No. 302, for the construction of sidewalks on the west side of Warsaw street from Faber street to Sutherfield St.

C.E. Moellering and Company bid per lineal foot 46 cents
George Wilhelm " " " " 48 cents.

Upon motion the contract was awarded to C.E. Moellering and Co. they being the lowest and best bidders.

Local Sewer Improvement Resolution No. 103, for the construction of a

vitrified clay pipe sewer in the alley between Dewald street and Creighton Avenue from Fox Avenue to the alley west of Fairfield Avenue also in the alley west of Fairfield Avenue from the alley south of Dewald street to Dewald street. C.E. Moellering Co. bid per lineal foot $1.02
Upon motion the contract was awarded to C.E. Moellering Co. no other bids having been received.

Local Sewer Improvement Resolution No.104 for the construction of a vitrified clay pipe sewer in the alley between Dewald street and Creighton Avenue from Fox Avenue to a point 110 feet east of Broadway also in the alley east of Broadway from the alley north of Creighton Avenue to Creighton Avenue
C.E. Moellering Co. bid per lineal foot $1.30
Upon motion the contract was awarded to C.E. Moellering Co. no other bids having been received.

Main Sewer Improvement Resolution No. 16, for the construction of a vitrified clay pipe sewer on Grace Avenue from Fox Avenue to Broadway, and numerous branches, upon motion the hearing was further postponed until May 28th, 1903, at 7:30 o'clock P.M.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 96, which provides for the vacation of the alley between Harrison street and Webster street from Berry street to Wayne street, owing to the fact that a public sewer is located in and along said alley and no provisions having been made for the maintenance of said sewer after the vacation of said alley, upon motion further action in this matter was deferred until May 28/1903.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 97, which provides for the vacation of the first alley east of Caroline street from Lutkenfield street to the first alley south of Lutkenfield street, -
also against Declaratory Resolution No 98 which provides for vacating the alley west of Fairfield Avenue from Argan Avenue to a point 169 feet north of Argan Avenue, thence east 54 feet to the west line of the alley west of Fairfield Avenue, - and there appearing no objections or remonstrances whatever, upon motion Declaratory Resolutions No. 97 and 98 were confirmed as in the original.

Moved, that a roll of assessments of benefits and award of damages in the matter of opening and extending Poplar street from

Oakley street to the first alley west of Oakley street in accordance with Declaratory Resolution No. 95, be and the same is hereby approved, and that notice to owners of property affected thereby be served according to law, and that the 25th day of June, 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances from persons interested therein or affected thereby. Adopted.

The Fort Wayne and North Eastern Traction Company by Robertson and O'Rourke, its attorneys, filed an application together with a form of franchise with the Board, providing for an entrance into the city over and along the following streets: On Walton Avenue from Lake Avenue to Columbia avenue, on Columbia avenue and Columbia street to Calhoun street, on Calhoun street to Main street on Main street to Clinton street, on Clinton street to Columbia Avenue, on Main street from Clinton street to Lafayette street, and on Lafayette street to Columbia street. Upon motion the application together with the form of franchise was referred to the city attorney.

The Fort Wayne Gas Company submitted a form of contract intended to regulate the use as well as the price paid for natural gas throughout the city, and asked that the Board take this matter up at as early a date as possible. The papers in question were received and placed on file and the Board promised to take this matter up at once.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Board of Public Works.

Fort Wayne, Indiana, May 25th, 1903.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggenbaum, William Doehrmann, H.C. Zollinger.

The petition of Wm C. Muehlenbruch and 10 others for the paving of Jefferson street from Hanna street to Division street was received and placed on file.

The Sewer Builders Bond of H.A. Gerberding was approved.

The Sidewalk Builders Bond of A. Shrimpton was approved.

The petition of A. Shrimpton to construct cement sidewalks on the east side of Clinton street from Holman street south, also on the north side of Wayne street abutting on lot 131 and part of 132 Hannas Addition were granted.

Declaratory Resolution No. 100.

Rescinded May 28/03.

Whereas, public necessity demands that a public sewer fifteen inches in diameter be constructed and maintained over and across the west end of lots 1, 2, 3, 4, 5 and 6 of Ewings Outlots in Section 10 N. Fractional S.E. 1/4, Tp. 30, N.R. 12 east for the purpose of draining said lots, and,

Whereas, there are no streets and alleys in which said sewer can be located so as to meet the Emergencies and necessities of the case, and,

Whereas, to make such public improvement requires the condemnation and appropriation of an Easement over and across the lots herein mentioned,

Therefore, be it resolved by the Board of Public Works of the city of Fort Wayne, that an easement in a strip of land four feet in width be condemned and appropriated over and across lots 1, 2, 3, 4, 5, and 6 of Ewings Outlots in Section 10, N. Fr. S.E. 1/4, Tp. 30, R 12 East, in Allen County, State of Indiana, for the purposes of locating and maintaining therein and thereon a fifteen (15") inch clay pipe sewer under grade of surface of land. This line of said easement to run parallel with west line of said lots, one hundred feet therefrom. The work to be done as is shown by a plan of such improvement now on file in the office of the Board of Public Works of said city.

The property which may be damaged or benefitted by the appropriation and condemnation of such easement for such sewer are the lots and lands herein designated and over and across which said easement extends, viz. lots 1, 2, 3, 4, 5, and 6 Ewings Outlots Section 10, N. Fractional

S. E. ¼, Tp. 30, N. Range 12 east. All of said lots and lands being within the corporate limits of the city of Fort Wayne. Adopted.

Moved, that an assessment roll covering the work done under Local Sewer Improvement Resolution No. 94, which provides for the construction of a vitrified clay pipe sewer in the alley between Swinney Avenue and Hoffman street from Nelson street to the alley west of Broadway, also in the alley west of Broadway and south of Swinney Avenue from Hoffman street to Broadway, —
also an assessment roll covering the work done under Local Sewer Improvement Resolution No. 97, which provides for the construction of a vitrified clay pipe sewer in the alley between Walnut street and Poplar street from Fox Avenue to a point 20 ft west of Fairfield Avenue, — be and the same are hereby approved, and that notice of the adoption of said assessment rolls be published in the Fort Wayne Sentinel on the 26th day of May, 1903, and that the 4th day of June, 1903, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear objections or remonstrances against the work performed under either of aforementioned Improvement Resolutions or against the assessment rolls as approved by the Board.
Adopted.

The Fort Wayne Traction Company by L. B. Fleming, its secretary, submitted to the Board for approval an agreement for approval whereby said Traction Company would be given permission and authority to construct and operate the following additional tracks:
1. On Main street from Broadway to the first switch west of the bridge across the St. Marys river.
2. On Broadway from Jefferson street to a point 400 feet south of Organ Avenue.
3. On Jefferson street from Lafayette street to the switch east of Hanna street.
4. On Lafayette street from Main street to Jefferson street.
5. On Creighton Avenue from Fairfield Avenue to South Wayne Ave.
6. On Washington street from Harmer street to Glasgow Avenue.
7. On Pontiac street from Calhoun street to Lafayette street and to surrender all its rights, privileges and franchise heretofore granted to construct, maintain and operate a street railroad track on Calhoun street from Pontiac street to Leith street, on Leith street from Calhoun street to Lafayette street, on Lafayette street from Leith street to Pontiac street.

The Board after giving the matter some consideration decided that a double track across the St. Marys river bridge on west Main street could not be permitted; it also questioned the

the advisability to take the track from Leith street and remove it to Pontiac street from Calhoun street to Lafayette street. In order gain further time to make the necessary changes in the agreement the Board upon motion took a recess until 2:30 o'clock P.M. Tuesday May 26th, 1903.

The Board reconvened Tuesday May 26th, 1903.
Present: Peter Eggemann, William Dochtman, H.C. Zollinger.

With regard to the concessions asked for by the Fort Wayne Traction Company, it was agreed to change paragraph (1) as follows:
(1). On Main street from the center of Broadway to the east end of the bridge across the St Marys River.

The contract was thereupon signed and approved and the Clerk requested to submit it to the Common Council for approval.

The Fort Wayne Gas Company by Henry C. Paul Asst. to President submitted an agreement regulating the furnishing of natural gas and fixing the rates to be charged therefor, said agreement to take the place of the one having expired on April 1st, 1903.
The contract was upon motion approved and the clerk requested to submit it to the Common Council for approval.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Indiana, May 28th, 1903.
Regular Meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, William Dochtman, H.C. Zollinger.

The petition of R.A. Van Fleet and 25 others for the erection of street lights on Edgewater Avenue in such number and at such points as the Board of Public Works shall determine are necessary, was received and placed on file.

The petition of K.J. Bauer and 32 others for the construction of a double street car track on Huffman street from Wells street as far west as the present franchise of the Fort Wayne Traction Co. permits them to lay a single track was received and the clerk requested to refer it to the proper officer of the Fort Wayne Traction Company.

Moved, that an assessment roll of benefits, there being no damages, in the matter of vacating the first alley east of Caroline street from Lutkenfield street to the first alley south of Lutkenfield street in accordance with Declaratory Resolution No. 97,—
also an assessment roll of benefits, there being no damages, in the matter of vacating the alley west of Fairfield Avenue from Bryan Avenue to a point 169 feet north of Bryan Avenue, thence east 54 feet to the west line of the alley west of Fairfield Avenue, in accordance with Declaratory Resolution No. 98, be and the same are hereby approved, and that notice to owners of property affected thereby be served according to law, and that the 11th day of June, 1903, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned assessment rolls. Adopted.

Declaratory Resolution No. 100.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the first alley south of Spring street from Andrew street to Sherman street subject to the right of the city to at all times maintain therein the public sewer therein located, and subject to the right of the city to enter upon said vacated grounds for the purposes herein set out, and that any obstructions hereafter made upon the same by any property owner or owners abutting thereon, shall be removed by the Board of Public Works at the expense of said property owner or owners. All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.
The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected thereby.
All of said alley and lots and lands affected being situated in the City of Fort Wayne, County of Allen and State of Indiana.
Adopted

Moved, that notice of the adoption of Declaratory Resolution No. 100 be published in the Fort Wayne Sentinel on the 29th day of May, and 5th day of June 1903, and that the 18th day of June 1903, be fixed a date and time when the Board at 7:30 o'clock P.M. will hear and consider objections or remonstrances against aforementioned proposed improvement. Adopted.

Improvement Resolution No. 283, for the construction of cement sidewalks on the east side of Nelson street from Berry street to Washington street, further hearing was postponed until June 18th, 1903.
This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the

assessment of benefits and awards of damages in the matter of opening and extending Alliger street from Minker street to Walters Avenue in accordance with Declaratory Resolution No. 94, there now appeared James Reilly, Bridget Reilly by Breen and Morris her attorneys and filed written remonstrances against said assessments and awards as far as they relate to them individually. Mr. Nicholas Dewald and Mr. John Evans also filed verbal objections for themselves There being a number of owners of property affected by said proposed improvement, it was ordered that notice be served upon them by publication in the Fort Wayne Sentinel on the 30th day of May and the 6th and 13th days of June 1903 and that the 2nd day of July 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will further hear and consider objections or remonstrances against the assessments of benefits or awards of damages from persons interested therein or affected thereby.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 99, which provides for vacating the alley between Hugh street and Eliza street from McCulloch street to Minker street, and there appearing no objections or remonstrances whatever, upon motion Declaratory Resolution No. 99 was confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 105, which provides for the construction of a vitrified clay pipe sewer in and along a line that is 190 feet east of Fairfield Avenue from the brick sewer south of Pontiac street to a point 2 feet north of the south line of lot No 6 C.D. Reads Subdivision of Fairfields Outlot No 5, also in the alley south of Pontiac street from a point 190 feet east of Fairfield Avenue to a point 378 feet east of Fairfield Avenue. Upon motion the Resolution was amended by adding to it: "also on the north line of lot No 15 Minder's Subdivision of Fairfields Outlots Nos 6 & 7 from the west line of said lot No. 15 to a point 180 feet east of said west lot line". Upon motion the resolution as amended was now confirmed.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 106 which provides for the construction of a vitrified clay pipe sewer in the alley west of Hoagland Avenue and on the east line of lots 15 and 16 Minders Subdivision of Fairfields Outlots Nos 6 and 7 and the same line produced North 58 feet from the brick sewer south of Pontiac street to a point

58 feet north of the south line of Hinde's Subdivision of Fairfields Outlots Nos 6 and 7, —
also against Local Sewer Improvement Resolution No. 107, which provides for the construction of a vitrified clay pipe sewer in and along Leith street from Hoagland Avenue to the alley east of Hoagland Avenue on the north of Leith street, in the alley east of Hoagland Avenue from Pontiac street to Killea street, etc., —
also against Local Sewer Improvement Resolution No. 108, which provides for the construction of a vitrified clay pipe sewer in the alley south of Huffman street from the alley west of Welles street to Short street, —
also against Improvement Resolution No. 303 which provides for paving Clinton street from Columbia street to Main street, —
also against Improvement Resolution No. 304 which provides for the construction of sidewalks on the west side of Glasgow Avenue from Wayne street to Washington street, —
also against Improvement Resolution No. 305, which provides for the construction of sidewalks on the north side of Pape Avenue from the St. Marys river west to terminus of present brick walk, —
also against Improvement Resolution No. 306 which provides for the construction of sidewalks on the east side of Sherman street from High street to Fourth street, —
also against Improvement Resolution No. 307, which provides for grading the alley south of Putnam street from Meridian street to Andrew street, —
and there appearing no objections or remonstrances whatever, upon motion Local Sewer Improvement Resolutions Nos 106, 107, 108, and Improvement Resolutions Nos. 303, 304, 305, 306, 307 were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos. 105, 106, 107, 108 and Improvement Resolutions Nos. 303, 304, 305, 306, 307 be published in the Fort Wayne Sentinel on the 29th day of May and 5th day of June 1903, and that the 15th day of June, 1903, at 3 o'clock P.M. be fixed a date and time when at 3 o'clock P.M. the Board will open sealed proposals for the work to be done under Either of aforementioned Improvement Resolutions.
Adopted.

Upon motion Declaratory Resolution adopted May 25th, 1903, was rescinded.

Fort Wayne, Ind., June 4th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of August Freese and four others for the paving of Creighton Avenue from Fairfield Avenue to South Wayne Avenue was received and the city civil engineer instructed to prepare plans and specifications.

The petition of Louis F. Curdes for the vacation of Ridmiller Avenue from Wall street north to the Pittsburg, Fort Wayne, and Chicago Railroad, and east of the city limits, was received and placed on file.

The application of J.H. Jahn for a Plumbers and Gasfitters license was granted and his bond approved.

Moved, that an assessment roll of benefits, there being no damages in the matter of vacating the alley between Hugh street and Eliza street from McCulloch street to Wilder street in accordance with Declaratory Resolution No. 99 be and the same is hereby approved, and that notice be served according to law upon owners of property affected thereby and that the 18th day

of June 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the respective assessments of benefits as approved by the Board.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 94, which provides for the construction of a vitrified clay pipe sewer in the alley between Lewinney Avenue and Clopfield street from Nelson street to the alley west of Broadway, also in the alley west of Broadway and south of Lewinney Avenue from Clopfield street to Broadway, —
also against the work done under Local Sewer Improvement Resolution No. 97 which provides for the construction of a vitrified clay pipe sewer in the alley between Walnut street and Poplar street from Fox Avenue to a point 20 feet west of Fairfield Avenue, —
also a date when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work done under each of aforementioned Local Sewer Improvement Resolutions, and there appearing no objections or remonstrances whatever, upon motion the work was accepted as completed under the terms of the contracts therefor and the assessment rolls confirmed as in the original. All of which was finally ordered and approved.

Moved, that an assessment roll covering the work done under Improvement Resolution No. 268 which provides for the construction of sidewalks on the south side of St Marks street from Lafayette street to Warsaw street, be and the same be hereby approved, and that notice of same be published in the Fortwayne Sentinel on the 5th day of June 1903, and that the 18th day of June 1903 be fixed a date and time when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution or against the assessment roll as approved by the Board.

The city civil Engineer was instructed to prepare plans and specifications for the construction of sidewalks on the south side of Columbia street from Clay street to the bridge and from Clay street to Wyatt's R.R. Also to relay the sidewalk on south side of Columbia street from Lafayette street to a point 87 feet East, also on the south side of Columbia Avenue from No. 708 to No. 728.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, June 15th, 1903.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggeman, William Doehrmann, H.C. Zollinger.

The remonstrance of Mark Rinehart and 18 others against granting a franchise for the construction of a street railway track over and along Pontiac street from Calhoun street to Lafayette street was received and placed on file.

Mr. L.B. Flemming, Secy. of the Fort Wayne Traction Company, appeared before the Board and informed them, that his company could not agree to accept any change of the contract that would defeat the construction of a line on Pontiac street from Calhoun street to Lafayette street instead of on Leith street between the same streets. He however stated that if his company were given the right to contruct the line on Pontiac street that they would arrange to properly widen the street without incurring any expense to abutting property owners.
The clerk was requested to return the contract to the common council together with a communication setting forth the facts submitted by Mr. Flemming.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for various work to be done under public contract, the Board now proceeded to open such bids and obtained the following results:
Local Sewer Improvement Resolution No. 105, for the construction of a vitrified clay pipe sewer in and along a line 190 feet east of Fairfield Avenue from the brick sewer south of Pontiac street to a point 2 feet north of the south line of lot No. 6 Old Boods Sub. and various branches

Improvement Resolution No. 307, for grading the alley south of Putnam street from Meridian street to Andrew street.

| | | |
|---|---|---|
| George Wilhelm | bid per lineal foot | 30¢ |
| C.E. Moellering & Co. | " " " " | 26¢ |

Upon motion all bids were taken under advisement.

The following plans and specifications submitted by the City Civil Engineer were approved:
For the construction of a vitrified clay pipe sewer in the alley east of Calhoun street from the alley between Pontiac and Leith street to Leith street;
also, in the alley between Wayne street and Washington street from the east line of Smith's Addition to Walton Avenue;
also, in the alley between Minker street and Lillie street from the alley south of Lewis street to the south line of lot No. 3 Woodworth's Subdivision.

Local Sewer Improvement Resolution No. 109.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage for collateral drains, be and the same is hereby ordered in and along the alley east of Calhoun street from the alley between Pontiac street and Leith street to Leith street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City. Adopted.

Local Sewer Improvement Resolution No. 110.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage

from collateral drains, be and the same is hereby ordered in and along the alley between Wayne street and Washington street from the east line of Smiths addition to Walton Avenue as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 111.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Minker street and Lillie street from the alley south of Lewis street to the south line of lot No. 3 of Woodworths Subdivision of Lillies Outlots No. 15 as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Moved, that notice of the adoption of Local Sewer Improvement Resolutions Nos. 109, 110, 111, be published in the Fort Wayne Sentinel on the 16th and 23d days of June 1903, and that the 2nd day of July 1903, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of afore mentioned Local Sewer Improvement Resolutions.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Fort Wayne, Indiana, June 16th, 1903.

Special meeting held at 8 o'clock P. M.

Present: Peter Eggemann, Wm Dochnmann, H.C. Zollinger.

The Board met for the purpose of taking some action upon the bids received and opened on June 16th, 1903.

Local Sewer Improvement Resolution No. 105, for the construction of a sewer in and along a line 190 feet east of Fairfield Avenue from Pontiac street to a point 2 feet north of the south line of lot No. 6 C.D. Bonds Sub., and branches, the Board decided to take the bids under further consideration before awarding the contract.

Local Sewer Improvement Resolution No. 106, for the construction of a sewer in the alley west of Hoagland Avenue and on the east line of lots 15 and 16 Hindes Subdivision from the brick sewer south of Pontiac street to a point 58 feet north of the south line of Hinde's Sub. and branches, upon motion the contract was awarded to C. Moellering and Company at $1.08 per lineal foot, their bid being the lowest and best.

Local Sewer Improvement Resolution No. 107, for the construction of a sewer in and along Leith street from Hoagland Avenue to the alley east of Hoagland Avenue on the north of Leith street and various branches, upon motion the contract was awarded to Derheimer No. at $1.37 per lineal foot, their bid being the lowest and best.

Local Sewer Improvement Resolution No. 108, for the construction of a sewer in the alley south of Huffmans street from the alley west of Wells street to Short street upon motion the contract was awarded to C. Moellering No. at $1.29 per lineal foot, his bid being the lowest and best.

Improvement Resolution No. 303, for paving Clinton street from Columbia street to Main street, upon motion Metropolitan Block was selected by the Board as the material to be used in making the improvement.

Improvement Resolution No. 304, for the construction of sidewalks on the west side of Glasgow Avenue from Wayne street to Washington street, upon motion the contract was awarded to George Wilhelm at 52 cents per lineal foot, his bid being the lowest and best.

Improvement Resolution No 305, for the construction of sidewalks

on the north side of Pape Avenue from the St Marys river west to terminus of present brick walk, upon motion the contract was awarded to Charles G. Pape at 43 cents per lineal foot, his bid being the best.

Improvement Resolution No. 306, for the construction of sidewalks on the east side of Sherman street, from High street to Fourth street, upon motion the contract was awarded to George Wilhelm at 42 cents per lineal foot, his bid being the lowest and best.

Improvement Resolution No. 307 for grading the alley south of Putnam street from Meridian street to Andrew street, upon motion the contract was awarded to C.C. Moellering and Company, their bid of 26 cents per lineal foot being the lowest and best.

The Common Council returned to the Board the contract with the Fort Wayne Gas Company for a number of changes; also the contract with the Fort Wayne Traction Company for certain changes and amendments, both of which contracts had been entered into May 26th, 1903, and submitted to the common council for approval.
The proposed changes to the Gas Company's contract were accepted by the Fort Wayne Gas Company by Henry C. Paul Assistant to the President, and the changes to the Fort Wayne Traction Company's contract were accepted by the Fort Wayne Traction Company by L.B. Flemming, Secretary, and approved by the Board of Public Works and the clerk requested to return both contracts to the Common Council for approval.

The Board then adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, June 18th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Dochrmann, H.C. Zollinger.

The petition of Julia Fay Randall and two others for the grading of Grand Avenue and the construction of sidewalks on the west side from the Wabash Railroad to Pioneer Avenue, was received and the city civil engineer instructed to prepare plans and specifications.

The petition of Thomas Clark and two others for the vacating of the alley between Hanna and Francis streets, from Wayne street to Washington street was received and the city civil Engineer instructed to prepare a plat.

The petition of Bernard Hankens and three others for vacating the first alley west of Warsaw street from Baker street to Lutenfield street was received and the city civil Engineer instructed to prepare a plat.

The Fort Wayne Traction Company and the L.B. Flemming Company submitted a contract asking for a double track on Clinton street from Lewis street to Berry street and the return of the $3000.00 check deposited by the L.B. Flemming Company in lieu of which the L.B. Flemming Company would surrender their rights to construct and maintain a railway over and along Berry street from Clinton street to Monroe street and on Monroe street from Berry street to Lewis street.
The contract was received and placed on file for consideration.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 268, which provides for the construction of sidewalks on the south side of St Marks street from Lafayette street to Warsaw street, also a date and time when the assessment roll containing an estimate of the cost to each person affected thereby together with a description of each piece of property and the pro rata assessment against same would be heard before taking final action thereon, which pro rata assessment against each piece of property is based upon the actual benefits each piece of property has received from the improvement thus made, and there appearing no objections or remonstrances whatever, upon motion the work performed under the terms of the contract was accepted as

completed and the assessment roll was confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved. Adopted.

Further consideration of Improvement Resolution No. 283 was again postponed until July 18th, 1903, at 7:30 o'clock P.M.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the assessment roll of benefits in the matter of vacating the alley between Hugh and Eliza streets from McCulloch street to Webster street, in accordance with Declaratory Resolution No. 99 and there appearing no objections or remonstrances upon motion the assessment roll was confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 100, which provides for the vacation of the first alley south of Spring street from Andrew street to Sherman street, and there appearing no objections or remonstrances whatever, upon motion Declaratory Resolution No. 100 was confirmed as in the original.

Moved, that an assessment roll containing an estimate of the cost to each person affected by the construction of a sewer in the alley between Wild and Jones street from Nelson street to the alley west of Rockhill street, also in the alley west of Rockhill street etc in accordance with Local Sewer Improvement Resolution No 101,- also an assessment roll containing an estimate of the cost to each person affected by the construction of a sewer in the alley north of Superior street from Van Buren street to the east line of Lot No 35 W.B. Reeds Addition in accordance with Local Sewer Improvement Resolution No. 102, be and the same are hereby approved, and that notice to property holders be published in the Fort Wayne Sentinel on the 19th day of June 1903, and that the 2nd day of July, 1903, be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under aforementioned resolutions or against the assessment rolls as approved by the Board. Adopted.

Dorheimer Bro. were given an extension of time until July 25th, 1903, in which to complete the work contracted for under Local Sewer Improvement Resolution No. 100.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, June 25th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, Wm Dochtermann, H.C. Zollinger.

The petition of D.C. McKeeman and 8 others for the construction of sidewalks on both sides of McLachlan street from the alley north of Esmond street to Esmond street was received and the City Civil Engineer instructed to prepare plans and specifications.

The petition of John Keever and three others for the construction of sidewalks on the west side of Pigua Avenue from Calhoun street to Cass street and on the east side of Pigua Avenue from Cass street to the south line of lot No 20 Anniston Heirs Addition was received and the City Civil Engineer instructed to prepare plans and specifications.

The petition of W.L. Bourne and 14 others for the construction of sidewalks on the east side of Lafayette street from a point 50 feet north of Esmond street to Wiebke street and on the west side of Lafayette street from the school house to Wiebke street was received, and the City Civil Engineer instructed to prepare plans and specifications.

The petition of Mathilda Leo and 1 for the construction of sidewalks on the north side of Wiebke street from Pigua Avenue to Lafayette street was received and placed on file.

The petition of Jacob Heiser and three others for the construction of brick sidewalks on the east side of Indiana Avenue from Home Avenue to Dayton Avenue was received and placed on file.

The petition of C.W. Smiddey to construct under private contract a cement sidewalk in front of lot No 1 Mefels Addition was granted.

The petition of Lehrorder and Burlage to relay under private contract the sidewalks abutting on the east half of lot No 26 Hannas Addition was granted.

The Sewer Builders Bond of Henry C. Ehle was approved.

This being the date and time previously fixed by the Board when they would hear and consider objections and remonstrances against the roll of assessments of benefits and awards of damages in the matter of opening and extending Poplar street from Oakley street to the first alley west of of Oakley street in accordance with declaratory Resolution No. 95, a few objections of a minor nature were presented. The Board however decided that these objections were not well taken and that the opening of said street, as mentioned, should not be delayed, hence upon motion the assessment roll was confirmed as in the original and ordered delivered to the Department of Finance.

Further hearing in the matter of constructing a sewer on Grace Avenue from Fox Avenue to Broadway and various branches under Main Sewer Improvement Resolution No. 16 was upon motion postponed until July 23d, 1903.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No 96 which provides for the vacation of the alley between Harrison street and Webster street from Berry street to Wayne street the following easement was filed with the Board:

To the Board of Public Works:-

The undersigned resident property owners abutting on the North and south alley between Webster and Harrison streets and Berry and Wayne streets, respectfully ask of your Honorable Board that it vacate said alley for the reason that it is of no benefit to the public and that the use to which it is put, makes it both a public and private nuisance.

The undersigned further say that because of the sewer located and maintained through said alley, that they will, if the Board will vacate said alley, permit the use of the same for the purpose of

Maintaining said sewer, and further agree that they will never occupy said space of ground in any way that will obstruct the free use of said alley for the purposes, to all of which they jointly and severally bind themselves, their heirs, executors and assigns.

Witness our hands and seals this 29th day of May, 1903.

August Schele.
J.H. Bass.
M. Bates.

Upon motion Declaratory Resolution No. 96 was now amended by adding after the words "from Berry street to Wayne street" the following: "subject to the right of the city to at all times maintain therein the public sewer therein located, and subject to the right of the city to enter upon said vacated grounds for the purposes herein set out, and that any obstructions hereafter made upon the same by any property owner or owners abutting thereon, interfering with the Board in the Exercise of the easement herein reserved shall be removed by the Board of Public Works, at the expense of said property owner or owners."

The resolution as amended was upon motion then confirmed.

The Board thereupon approved the following plans and specifications:

For the vacation of the west ten (10) feet of the east half of Riedmiller Avenue from Wall street to the P. F. W. & C. Ry.

For the vacation of the alley between Hanna street and Francis street from Wayne street to Washington street.

For the vacation of the first alley west of Warsaw street from Baker street to Lafayette street.

For paving Broadway from Wayne street to Lavinia street.
" " " " Lavinia " " Leith avenue.

Declaratory Resolution No. 101.

For the vacation of the west ten (10) feet of the east half of Riedmiller Avenue from Wall street to the P. F. W. & C. Ry.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the west ten feet of the east half of Riedmiller Avenue from Wall street to the P. F. W. & C. Ry.

All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.

The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected thereby.

All of said avenue and lots and lands affected by said vacation being situated in the city of Fort Wayne, County of

Allen, and State of Indiana.

Adopted.

Declaratory Resolution No. 102.

For the vacation of the alley between Hanna street and Francis street from Wayne street to Washington street.

Resolved, by the Board of Public Works of the city of Fortwayne, Indiana, that it is desired and deemed necessary to vacate the alley between Hanna street and Francis street from Wayne street to Washington street, subject to the right of the city to at all times maintain therein the public sewer therein located, and subject to the right of the city to enter upon said vacated grounds for the purposes herein set out, and that any obstructions hereafter made upon the same by any property owner or owners abutting thereon, interfering with the Board in the exercise of the easement herein reserved, shall be removed by the Board of Public Works, at the expense of said property owner or owners.

All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.

The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected thereby.

All of said lots and lands being situated in the city of Fortwayne, County of Allen and State of Indiana.

Declaratory Resolution No. 103.

For the vacation of the first alley west of Warsaw street from Taber street to Lutkenfield street.

Resolved by the Board of Public Works of the city of Fortwayne, Indiana, that it is desired and deemed necessary to vacate the first alley west of Warsaw street from Taber street to Lutkenfield street. All as shown by a plan of such proposed vacation now on file in the office of the Board of Public Works of said city.

The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected thereby.

All of said lots and lands being situated in the city of Fortwayne, County of Allen and State of Indiana.

Adopted.

Improvement Resolution No. 308.

Resolved, by the Board of Public Works of the city of Fortwayne, Indiana, that it is deemed necessary to improve Broadway from the south property line of Wayne street to the north property line of Lavina street (Excepting the intersection of Washington Boulevard) by grading and paving the roadway to a width of 42 feet with sheet asphalt, asphalt block, or vitrified paving block upon a 6 inch Portland Cement concrete foundation, placing a marginal

finish at all street and alley intersections resetting old curb where necessary, curbing with new curbstone where not already properly done and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No. 309.

Resolved, By the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Broadway from the north property line of Lavina street to the north property line of Scott Avenue, by grading and paving the roadway to a width of 40 feet with sheet asphalt, asphalt block or vitrified paving block upon a 6 inch Portland Cement concrete foundation, placing a marginal finish at all street and alley intersections, resetting old curb where necessary, curbing with new curbstone where not already properly done and paving the wings of all connecting streets and alleys, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved that notice to property holders of the adoption of Declaratory Resolutions Nos. 101, 102, 103 and Improvement Resolutions Nos. 308, 309 be published in the Fort Wayne Sentinel on the 26th day of June and 3d day of July, 1903, and that the 13th day of July, 1903 at 30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned resolutions. Adopted.

In the matter of paving Clinton street from Columbia street to Main street under Improvement Resolution No. 303, no petition for the substitution of any other material than that selected by the Board had been filed within the time fixed by law. Upon motion the Board therefore decided that the street be paved with Metropolitan Block and awarded the contract to C. C. Moellering and Company.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, July 2nd, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, Wm Doehrmann, H.C. Zollinger.

The Sewer Builders Bond of McDonald & McMackin was approved.

The petition of C.W. Smiley to construct a cement sidewalk under private contract in front of No 242 So Calhoun street was granted.

The remonstrance of Sanford & 12 others against the construction of sidewalks on the both sides of Lafayette street from a point 50 feet north of Elmwood street to Wiebke street was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 264, which provides for the grading of Pague street and the construction of sidewalks on the west side of Pague street from Liberty street to Erie street, — also against the work done under Improvement Resolution No. 285, which provides for the construction of sidewalks on the south side of Taylor street from a point 60 feet east of Broadway to the east line of lot No 8 Fairfields Outlots, —

also against the work done under Local Sewer Improvement Resolution No. 101, which provides for the construction of a vitrified clay pipe sewer in the alley between Wall street and Jones street from Nelson street to the alley west of Rockhill street also in the alley west of Rockhill street, and various branches, —

also against the work done under Local Sewer Improvement Resolution No. 102, which provides for the construction of a vitrified clay pipe sewer in the alley north of Superior street from Van Buren street to the east line of lot No 35 H.B. Reeds Addition, —

also this having been fixed a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work done under either of aforementioned Improvement Resolutions before taking final action thereon, which assessment rolls contain a description of each piece of property benefitted or otherwise affected by any of aforementioned improvements together with the names of each owner of property thus benefitted and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the

work performed under Improvement Resolutions No. 264, 285 and Local Sewer Improvement Resolutions Nos 101, 102 was accepted by the Board as completed under the terms of the respective contracts and the assessment rolls were confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

This being the date and time when the Board would further hear and consider objections or remonstrances against the roll of assessments of benefits and awards of damages in the matter of opening and Extending Alliger street from Minker street to Melton Avenue in accordance with Declaratory Resolution No. 94 and there appearing no further objections or remonstrances than appeared before the Board on May 28th. 1903, upon motion the roll of assessments of benefits and awards of damages was confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 109, which provides for the construction of a vitrified clay pipe sewer in the alley east of Calhoun street from the alley between Pontiac street and Leith streets to Leith street, -

also against Local Sewer Improvement Resolution No. 110, which provides for the construction of a vitrified clay pipe sewer in the alley between Wayne and Washington streets from the east line of Smiths Addition to Melton Avenue, -

also against Local Sewer Improvement Resolution No. 111, which provides for the construction of a vitrified clay pipe sewer in the alley between Minker street and Lillie street from the alley south of Lewis street to the south line of lot No. 3 Woodworths Subdivision - and there appearing no objections or remonstrances whatever, upon motion Local Sewer Improvement Resolutions Nos 109, 110, 111 were confirmed as in the original.

Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos. 109, 110, 111 be published in the Fort Wayne Sentinel on the 3d and 10th days of July 1903, and that the 23d day of July, 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under either of aforementioned Local Sewer Improvement Resolutions.

Adopted.

Local Sewer Improvement Resolution No. 105 for the construction of a sewer in along a line 190 feet east of Fairfield Avenue from the brick sewer south of Pontiac street to a point 2 feet north of the south line of lot 6. C.D. Bonds Sub. and branches, bids for this work having been received by the Board on June 15th, 1903, the Board now proceeded to award the contract. C.E. Mollering & Co's bid of a $1.09 per lineal foot having proven to be the lowest and best upon motion the contract was awarded to said C.E. Mollering & Co.

The Board then adjourned.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 313 which provides for paving the alley between Lewis street and Douglass Avenue from Calhoun street to Webster street, owing to remonstrances further action in this matter was postponed until September 10th, 1903, at 7:30 o'clock P.M.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the paving of Main street from Broadway to Union street in accordance with Improvement Resolution No. 293, -
also an assessment roll containing an Estimate of the cost to each person affected by the paving of Fairfield Avenue from Creighton Avenue to Organ Avenue in accordance with Improvement Resolution No. 297, -
also an assessment roll containing an estimate of the cost to each person affected by the construction of sidewalks on the east side of Wabash Avenue from Washington street to Humphrey street in accordance with Improvement Resolution No. 298, -
be and the same are hereby approved and that notice of same to property holders be published in the Fort Wayne Sentinel on the 4th day of September, 1903, and that the 24th day of September, 1903, at 7:30 o'clock be fixed a date and time when the Board will hear

and consider objections or remonstrances against the work performed under either of aforementioned Improvement Resolutions or against the assessment rolls as approved by the Board. Adopted.

The petition of George Wilhelm to lay under private contract a brick sidewalk in front of lot No 1 Bass, Simons and Bards Addition was granted, providing the work be done according to plans and specifications furnished by the city civil engineer.

The Sewer Builders Bond of M. J. Lordier was approved.

A communication from the Board of Public Safety regarding the purchase of the west half of lot No 29 Parrans Addition located next to Engine House in 9th Ward, the price to be $1100.00, was received and placed on file.

The petition of August E. C. Becker and three others asking that Fairfield Avenue from Taylor street to Walnut street be widened five feet on the west side was granted, providing all property owners affected enter into a proper contract for paving the extra five feet in the same manner as the rest of the street is being paved.

The petition of Mrs. Emma A. Flemming and one asking for permission to move the sidewalk next to the curb in front of No 350 west Berry street was not granted.

The city civil Engineer was instructed to prepare plans and specifications for the following proposed improvements:
For a cement sidewalk on the east side of Fairfield Avenue from Creighton Avenue south to terminus of the present walk.
For raising and relaying the sidewalks on the east side of Fairfield Avenue across the right of way of the Wabash R.R.
For raising and relaying the sidewalks on the west side of Webster street from Jefferson street to the first alley north.

The clerk was instructed to notify the L. E. & W. R.R. Co to planck the Fourth street to its full width across their right of way.

The plat of Zollars Park Addition was approved.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, September 4th, 1903.

Special meeting held at 1:30 o'clock P.M.

Present: Peter Eggemann and William Dochmann.

The Board having given all proposals received under Main Sewer Improvement Resolution No. 16 due consideration upon motion the contract was awarded to Anton Rieg, his bid being the lowest and best, it being $1.59 per linal foot.

Regarding the proposals received for repairing and rebuilding the crematory building the Board found that the proposal submitted by Ferdinand Meier was the lowest and best, namely $2676.00. The clerk was requested to ask the comptroller to arrange for an appropriation of $2835.00, the same to be used in defraying the expense of reconstructing and repairing the crematory building.

The Board then adjourned.

Office Board of Public Works.

Fort Wayne, Indiana, September 10th, 1903.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of C.W. Gallmeier to construct a five foot brick sidewalk on Park Avenue in front of lots 7 to 21 Vesey's Add. was granted.

The petition of John Burlager to relay the sidewalk in front of the east ½ of lot No 2 Coupart's Add. on E. Wayne street was granted.

The petition of Jos. Mason to construct a five foot brick sidewalk in front of lot 8 Vesey's Add. on Park Avenue was granted.

An appropriation having been made for repairing and rebuilding the city crematory, upon motion the contract to do this work was now awarded to Ferdinand Meier, the lowest and best bidder.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for the work to be done under Improvement Resolution No. 283 which provides for the construction of brick sidewalks on the east side of Nelson st. from Berry street to Washington street, the Board now proceeded to open such bids and obtained the following result:

George Wilhelm bid per lineal foot 46¢

Upon motion the bid was taken under advisement.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 292, which provides for paving Main street from Harrison street to Broadway, — also against the work done under Local Sewer Improvement Resolution

No. 103, which provides for the construction of a vitrified clay pipe sewer in the alley between Dewald street and Creighton Avenue from Fox Avenue to the alley west of Fairfield Avenue and in the alley west of Fairfield Avenue from the alley south of Dewald street to Dewald street, —
also against the work done under Local Sewer Improvement Resolution No. 110 which provides for the construction of a vitrified clay pipe sewer in the alley between Wayne street and Washington street from the east line of Smiths Addition to Walton Avenue, —
also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work done under each of aforementioned Improvement Resolutions, which assessment rolls contain a description of each piece of property affected together with the names of the holder of each piece of property affected and the amount of the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits to each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolutions No. 283 and Local Sewer Improvement Resolutions Nos. 103 and 110 was accepted as completed under the terms of the respective contracts, and the assessment rolls were confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

In the matter of paving the alley between Lewis street and Douglass Avenue from Calhoun street to Webster street under Improvement Resolution No. 313 upon motion further hearing in the matter was deferred until the first Thursday in March, 1904.

This being the date and time previously fixed by the Board when they would hear and consider objection or remonstrances against Declaratory Resolution No. 184 which provides for the opening and extending of Kinnaird Avenue from Indiana Avenue to Beaver Avenue, upon motion further action in the matter was deferred until 7:30 o'clock P.M. September 17th, 1903.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Board of Public Works.

Fort Wayne, Indiana, September 17th, 1903.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggeman, William Doehrmann, H.C. Zollinger.

The plat of Morton Place Addition to the city of Fort Wayne, Indiana, was upon motion approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits and awards of damages in the matter of vacating the alley between Harrison street and Webster street from Berry street to Wayne street, under Declaratory Resolution No.96, Dr. N.G. Kiernan appeared and entered protest against the proposed vacation of said alley. Upon motion the Board decided to postpone further hearing in this matter until 7:30 o'clock P. M. September 24th, 1903.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits and awards of damages in the matter of vacating the west 10 feet of the east half of Riedmiller Avenue from Wall street to the Pittsburgh Fort Wayne and Chicago Railway in accordance with Declaratory Resolution No.101, —
also to hear objections or remonstrances against the roll of assessments of benefits and award of damages in the matter of vacating the alley between Hanna street and Francis street from Wayne street to Washington street in accordance with Declaratory Resolution No. 102, —
also to hear and consider objections or remonstrances against the roll of assessments of benefits and award of damages in the matter of vacating the first alley west of Warsaw street from Taber street to Smithfield street in accordance with Declaratory Resolution No. 103, and there appearing no objections or remonstrances whatever, upon motion the rolls of assessments of benefits and awards of damages approved under Declaratory Resolutions Nos 101, 102 and 103 were confirmed, as in the original and ordered delivered to the Department of Finance.

In the matter of opening and extending Kinnaird avenue from Indiana avenue to Beaver avenue in accordance with Declaratory Resolution No. 104 upon motion further hearing in the matter was again postponed until October 15th, 1903, at 7:30 o'clock P.M.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 274 which provides for the grading of Fourth street and the construction of sidewalks on both sides of Fourth street from Calhoun street to Clinton street, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work done under aforementioned Improvement Resolution No. 274, which assessment contains a description of each piece of property assessed together with the name of each owner of each piece of property and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolution No. 274 was accepted as completed under the terms of the contract and the assessment roll confirmed as in the original and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Moved, that an assessment roll containing an Estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between Belle Avenue and Ferguson street from Fox Avenue to the alley west of Fox avenue, also in the alley between Fox avenue and Miner street from Ferguson street to the alley south of Creighton Avenue, also in the alley south of Creighton avenue from the alley east of Miner street to Miner street, in accordance with Local Sewer Improvement Resolution No. 98 -

also an assessment roll containing an Estimate of the cost to each person affected by the construction of sidewalks on the east side of Sherman street from High street to Fourth street in accordance with Improvement Resolution No. 306, be and the same are hereby approved, and that Notice of same to abutting property holders be published on the 19th day of September 1903 in the Fort Wayne Sentinel, and that the 1st day of October, 1903 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolutions or against the assessment rolls as approved by the Board. Adopted.

The petition of A.B. Buchmann and 12 others for a crossing at the corner of Smith and Pontiac streets was received and placed on file.

The petition of L. A. Guenther and seven others for the construction of a vitrified clay pipe sewer in the first alley west of Hanna street from Pontiac street south to A.L. 12 Mannings Addition was received and the city civil engineer instructed to prepare plans and specifications.

The remonstrance of Peter Lischke and 44 others against the drainage of any more sewers into the McCulloch sewer owing to its being too small was received and placed on file.

The petition of C. Lehrack for permission to construct a new sidewalk under private contract on the east side of Clinton street along lot No. 138 Hamiltons 4th Addition was granted.

The petitions of John Burlager to relay the sidewalks abutting on lot 72 Hannas Addition and on lot 431 Hannas Addition were granted.

The petition of H.A. Gerberding to relay the sidewalk abutting on lot 13 Chutes Homestead Addition was granted.

The Sidewalk Builders Bond of H.A. Gerberding was approved.

The Sewer Builders Bond of John Auer was approved.

The city clerk submitted to the Board a recommendation made by the committee on fees and salaries to the common council that the salary of the attendants at the city crematory be increased $5.00 per month, which recommendation had been referred to the Board of Public Works by the Common Council.
The Board ordered it placed on file.

The petition of the Wabash Railroad Company for permission to construct an additional track across Fairfield Avenue to connect with additional team tracks on their property was received and placed on file.

The Interstate Construction Company by Harper and Eggemann its attorneys, and Thomas J. Peter, manager, appeared before the Board and submitted in writing a statement that they had completed the work of constructing a Kentucky Rock Asphalt pavement on Manning Avenue from Harmer street to Walton avenue in accordance with Improvement Resolution No. 258, and the detailed plans and specifications together with their contract for said work.
Thomas J. Peter also submitted an affidavit that the work done by the said Interstate Construction Company had been done

strictly in accordance with the plans and specifications and the terms of their contract for such work.
They also submitted a bond in the sum of $15,000.00 secured by the Aetna Indemnity Company that they will comply with all obligations as set forth in said contract.
They now asked the Board to accept the work performed by said Interstate Construction Company on Monroe Avenue under Improvement Resolution No. 258 as completed and that the proper assessment roll be allowed them in payment for such work performed, as provided for by law.
The Board stated that they would have to give the matter further consideration before taking any further steps, and meanwhile ordered all communications that had been submitted received and placed on file.

The Board then adjourned.

The petition of the Pennsylvania Railroad Company to open a trench across Lafayette street at a point 292 feet south of the center line of Holman street for the purpose of putting in a pipe was granted and their bond approved.

The petition of Paul Richter and four others for the opening of an alley in the rear of lots 1, 2 and 3 Brenekes Addition was received and placed on file.

The petitions of Peter Knoche, James E. Graham and H.P. Scherer asking that the contract for paving Creighton Avenue from Hanna street to Holton Ave. be awarded to the Barber Asphalt Paving Company upon the same

specifications used in paving Broadway, were received and placed on file

The petition of St. Richard and 74 others for the erection of a street light at the corner of St Joe Boulevard and Lake Avenue was received and placed on file.

The remonstrance of H.G. Kiernan against vacating the alley along lot No. 494 Hamm's Add. was received and placed on file.

The plat of Fox's Addition being a subdivision of part of lots 7 and 8 and lot B Broadway Place was approved.

The petition of the Wabash Railroad Company for permission to lay three additional tracks across Winch street, and one additional track across each of Walton Avenue and Wabash Avenue. The petition to cross these street with tracks aswell as the one to lay an additional track across Fairfield Avenue wich was filed with the Board on September 17th. 1903, were granted and the City attorney requested to draw up the proper permit and submit it to the Common Council for ratification.

The Sewer Builders Bond of Anton Rieg was approved.

Permission was granted to the Pennsylvania Company to rearrange their tracks across Lafayette street so as to meet the needs of their new shops.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 294, which provides for the paving of Main street from Union street to the St Marys River, —
also against the work done under Local Sewer Improvement Resolution No. 98, which provides for the construction of a vitrified clay pipe sewer in the alley between Belle Avenue and Ferguson street from the brick sewer on Fox Avenue to the alley west of Fox Avenue, &c
also against the work done under Local Sewer Improvement Resolution No. 104, which provides for the construction of a vitrified clay pipe sewer in the alley between Dewald street and Creighton Avenue from Fox Avenue to a point 110 feet east of Fox avenue, Etc.
also a date when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work done under aforementioned Improvement Resolutions which assessment rolls contain a description of each piece of

property assessed together with the name of the holder of each piece of property and the pro rata assessment against each piece of property which pro rata assessments are based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever upon motion the work performed under Improvement Resolution No 294 and Local Sewer Improvement Resolutions Nos. 98 and 104 was accepted as completed under the terms of the respective contracts and the assessment rolls were confirmed as in the original. All of which was finally ordered said approved and the assessment rolls ordered delivered to the Department of Finance.

In the matter of vacating the alley between Harrison street and Webster street from Berry street to Wayne street under Declaratory Resolution No. 96, hearing against the roll of assessments of benefits and awards of damages had been postponed from time to time owing to objections raised by one of the holders of property affected thereby. The Board now found that the objections raised were not well taken and upon motion the roll of assessments of benefits and awards of damages was confirmed as in the original and ordered delivered to the Department of Finance.

The Board having received and opened proposals for various work to be done under public contract on October 1st, 1903, the Board now proceeded to award contracts as follows:
Improvement Resolution No 314 for paving the alley between Creighton Avenue and Baker street from Harrison street to Webster street upon motion the contract was awarded to C.E. Woellering & Co. for wire cut block at $2.79 per lineal foot.

Improvement Resolution No. 315 for paving the alley between Harrison street and Webster street from Baker street to the alley north of Baker street upon motion the contract was awarded to C.E. Woellering & Co. for wire cut block at $2.41 per lineal foot.

Improvement Resolution No. 316, for paving the alley East of Calhoun street from Lewis street to Montgomery street the contract was awarded to C.E. Woellering & Co. for Canton Block at $2.15 per lineal foot.

Moved that an assessment roll containing an estimate of the cost to each person affected by the construction of a sidewalk on the north side of Pape Avenue from St Marys river west to terminus of present walk in accordance with Improvement Resolution No. 305 be and the same is hereby approved and that notice of same to property owners affected thereby be published in the Fort Wayne Sentinel on the day of October 1903, and that the day of be fixed a date when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work done under aforementioned Improvement Resolution or against the assessment roll as approved by the Board. Adopted.

The Board then adjourned.

The petition of Florence E. Jozee and 2 others for the opening of an alley was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 286 which provides for the grading of Leith street and the construction of sidewalks on both sides from Lafayette street to the west line of lot No. 13 Lasalle's Outlots, also to hear objections or remonstrances against the assessment roll covering the work performed under aforementioned Improvement Resolution, which assessment roll contains a description of each piece of property assessed together with the name of the holder of each piece of property and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolution No. 286 was accepted as completed under the terms of said resolution and the plans, specifications and contract for said work, and the assessment roll was confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would further hear and consider objections or remonstrances against Declaratory Resolution No. 104, which provides for the opening and

Extending of Kinnaird Avenue from Indiana Avenue to Beaver Avenue, and there appearing no objections or remonstrances upon motion Declaratory Resolution No. 104 was confirmed as in the original.

Moved, that an assessment roll containing an estimate of the cost to each person affected by the construction of a vitrified clay pipe sewer in the alley between Minker street and Pilkie street from the alley south of Lewis street to the south line of lot No. 3 Woodworths Sub. in accordance with Local Sewer Improvement Resolution No. 111 be and the same is hereby approved, and that notice to property holders be published in the Fort Wayne Sentinel on the 16th day of October, 1903, and that the 29th day of October, 1903 be fixed a date when at 7 30 o'clock P.M. the Board will hear and consider objections or remonstrances against the work performed under aforementioned improvement resolution or against the assessment roll as approved by the Board.

Adopted.

In the matter of paving Jefferson street from Lafayette street to Hanna street under Improvement Resolution No. 310, and for which improvement proposals were opened by the Board on October 1st, 1903, the Board now upon motion selected Metropolitan Block as the material to be used in making the improvement.

In the matter of paving Creighton Avenue from Hanna street to Holton Avenue under Improvement Resolutions Nos 311 and 312, and for which proposals had been received on October 1st, 1903, the Board deeming said proposals too high upon motion rejected all of said proposals.

Upon motion the Board now rescinded all former proceedings had under Improvement Resolutions Nos. 311 and 312.

Upon motion the Board now took a recess until 10 o'clock A.M. October 16th, 1903.

The Board reconvened Friday October 16th, 1903, at 10 o'clock A.M. Present: Peter Eggeman, William Boehrmann, H.C. Zollinger.

The following proposition from the Interstate Construction Company was received and placed on file:
To the Hon. Board of Public Works, Fort Wayne, Ind.
Gentlemen, — We propose for the immediate acceptance of the completed improvement of Maumee Avenue, under our Contract and final confirmation of the acceptance and levy of assessments promptly according to law and without litigation, that we will

deposit with such city official or bank as may be designated by you, Five Thousand Dollars, ($5,000.00) of the portion of said improvement payable by the city such deposit to be held until June 1st. 1904, as indemnity to the city against any expense of repairs or other loss by reason of any defective material or workmanship in said improvement. Said deposit to be in form of city bonds or assessment warrants drawing interest.

Interstate Construction Company
Manager Thos. J. Peter.

In the matter of paving Monroe Avenue from Harmer street to Walton Avenue in accordance with Improvement Resolution No. 258, upon motion the Board now accepted the work of paving said street as performed by the Interstate Construction Company.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 238, which provides for the paving of Hanna Avenue from Harmer street to Walton Avenue, also a date and time when the assessment roll containing the names of the owners of property affected by aforesaid improvement together with a description of each piece of property thus affected and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, it was announced that this matter was now open for discussion. Before proceeding with any discussion the Interstate Construction Company handed to the Clerk the following proposition:

Fort Wayne, Indiana Dec. 1st, 1903.

To the Board of Public Works of the city of Fort Wayne:

Gentlemen:—

Whereas some doubt has arisen in the minds of the property owners on Hanna Avenue as to the quality and durability of the pavement laid on said street by the Interstate Construction Company from the east line of Harmer street to the east line of Walton Avenue, and whereas the Board of Public Works of the city of Fort Wayne have delayed the acceptance of said work and the approval of the final assessment roll on account of objections thereto,

Now, therefore the undersigned, for the purpose of securing a final acceptance of said pavement and the final approval and confirmation of the assessment roll for said street not later than December 3, 1903, in addition to the giving of the maintenance bond required by the contract of the Interstate Construction Company the undersigned hereby agree to deposit in the hands of the comptroller of the city of Fort Wayne, the sum of Five Thousand ($5000.00) Dollars out of the assessment due from the city of Fort Wayne to the said Interstate Construction Company or its assigns for said improvement to be retained by said comptroller until June 1, 1905, as a further guarantee. The said Board of Works is hereby expressly empowered and authorized to use any portion or all of said fund if necessary in the repair or re surfacing of said improvement or any portion thereof that may prove defective and worthless: Provided however, that before using any portion of said fund for the purpose of repairing or resurfacing said street, that said city through its Board of Public Works, shall give to the Interstate Construction Company and all other parties signatory

hereto, ten (10) days notice in writing of such intention, and upon failure of the undersigned to repair or replace the same to the satisfaction of said Board within such time as said Board may indicate, not fewer however, than thirty (30) days then said Board will make such repairs and resurfacing as above provided. And upon the further condition that should said Agreement at the Expiration of said time, to wit: June 1st 1905 be in a condition satisfactory to said Board at said time, they shall turn over to the undersigned or their assigns, the fund or any portion thereof remaining in the hands of said Comptroller on demand.

Board of Public Works.

An agreement of the First National Bank of Louisville, Kentucky, to said Cash deposit was also filed with the Board.

There being a number of property owners affected by the paving of Mannheim Avenue present, the opinion was expressed that all interests of theirs were apparently properly protected by the additional deposit of cash with the guaranty bond. There being no further objections or remonstrances, upon motion the work of paving Mannheim Avenue from Warren street to Walton Avenue was finally accepted and the assessment roll confirmed as in the original and ordered delivered to the department of Finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 299 which provides for the construction of sidewalks on the east side of Grand Avenue from Mannheim Avenue to the Wabash Railroad,—
also against the work done under Improvement Resolution No. 304, which provides for the construction of sidewalks on the west side of Glasgow avenue from Wayne street to Washington street,—

also against the work done under Improvement Resolution No. 309, which provides for the paving of Broadway from Livinia street to Leoth avenue —
also against the work performed under Local Sewer Improvement Resolution No. 106, which provides for the construction of a vitrified clay pipe sewer in the alley west of Hoagland Avenue and on the east line of lots 15 and 16 Kinder's Sub. from the brick sewer south of Pontiac street to a point 58 feet north of the south line of Kinder's Sub of Fairfield Outlots 6 and 7, and other branches, also a date when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under aforementioned Improvement Resolutions, and there appearing no objections or remonstrances whatever, upon motion said assessment rolls, which contain the names of the owners of property together with a description of each piece of property affected by either of aforementioned Improvement Resolutions and the pro rata assessment against each piece of property thus affected, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, were confirmed as in the original and ordered delivered to the department of Finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would receive and open sealed proposals for work to be done under public contract, the Board now proceeded to open such proposals and obtained the following result:
Local Sewer Improvement Resolution No. 112, for the construction of a vitrified clay pipe sewer in the alley between Lake Avenue and Rivervek avenue from Tecumseh street to the alley between Tecumseh street and Crescent street, and in the latter alley from Lake Avenue to Rivervek Avenue

| | |
|---|---|
| George Wilhelm bid per lineal foot | $1.15 |
| Jos. Derheimer Co. " " " " | 96 ¢ |
| C.E. Mollering Co. " " " " | $1.08 |
| F. William Schroeder " " " " | 90 ¢ |

Upon motion the contract was awarded to F. William Schroeder his bid being the lowest and best.

Local Sewer Improvement Resolution No. 113, which provides for the construction of a vitrified clay pipe sewer in the alley north of Huffman street from Andrew street to Sherman street

| | |
|---|---|
| George Wilhelm bid per lineal foot | 75¢ |
| Jos. Derheimer " " " " | 81¢ |
| C.E. Mollering Co. " " " " | 76¢ |

Upon motion the contract was awarded to Georgr Wilhelm, his bid being the lowest and best.

Local Sewer Improvement Resolution No, 114. for the construction of a vitrified clay pipe sewer in the alley between Stoplet street and Taylor street from Nelson street to the alley west of Broadway, and in the alley west of Broadway from Stoplet street to a point 87 feet north of Taylor street.

Joseph Derheimer bid per lineal foot 1 40/100
C.E. Moellering & Co. " " " 1 18/100

Upon motion the contract was awarded to C.E. Moellering & Co. they being the lowest and best bidders.

Moved, that the work performed under Improvement Resolution No. 283, which provides for the construction of sidewalks on the East side of Nelson street from Berry street to Washington street - also the work performed under Improvement Resolution No. 296, which provides for paving Fairfield avenue from Brackenridge street to Creighton avenue - be and the same is hereby accepted, and that notice to property holders affected thereby be published in the Fort Wayne Sentinel on the 4th day of December 1903 and that the 21st day of December 1903 be fixed a date and time when at 3 o'clock P.M. the Board will hear and consider objections or remonstrances against the work performed under either of aforementioned Improvement Resolutions or against the assessment roll as prepared by the Board. Adopted.

The following plans and specifications were submitted by the city civil engineer and were upon motion approved by the Board:
For the construction of sidewalks on the east side of Fairfield Avenue from Creighton Avenue to a point 70 feet south of Creighton Avenue;
For the construction of a sewer in the alley west of Wanna street from the brick sewer on Pontiac street to a point 21 feet south of the north line of lot No. 12 Trentman and Hemmings Subdivision;
For the construction of a sewer in the alley north of Walnut street from the brick sewer on Fox Avenue to Walnut street and in the alley west of Fox avenue from the alley north of Walnut street to a point 123 feet north of the alley north of Walnut street.-
For the construction of a sewer in the alley between Poplar street and Dewald street from the brick sewer on Fox avenue to the alley west of Oakley street and in the alley west of Oakley street from Poplar street to Dewald street.

Improvement Resolution No. 317.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana that it is deemed necessary to improve the sidewalk on the east side of Fairfield Avenue from Creighton Avenue to a point 70 feet south of Creighton Avenue by grading to a width of 18 feet and paving with cement to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 116.

Resolved, by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley west of Hanna street from the brick sewer on Pontiac street to a point 21 feet south of the north line of lot No 12 of Trentman and Mommings Subdivision as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer from the brick sewer on Pontiac street to a point 157 feet south of Pontiac street, and a 12 inch vitrified clay pipe sewer from a point 157 feet south of Pontiac street to a point 21 feet south of the north line of lot No. 12 Trentman and Mommings Subdivision all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 117.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same ~~is~~ is hereby ordered in and along the alley north of Walnut street from the brick sewer on Fox avenue to Walnut street, and in the alley west of Fox Avenue from the alley north of Walnut street to a point 123 feet north of the alley north of Walnut street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 118.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Poplar street and Dewald street from the brick sewer on Fox avenue

to the alley west of Oakley street, and in the alley west of Oakley street from Poplar street to Dewald street as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved, that notice to property holders of the adoption of Improvement Resolution No. 317 and Local Sewer Improvement Resolutions Nos. 116, 117, 118 be published in the Fort Wayne Sentinel on the 4th and 11th days of December 1903 and that the 7th day of January 1904, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned improvement resolutions.

Adopted.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, January 25th, 1904.

Regular meeting held at 3 o'clock P.M.

The petition of Edith Y. Keegan for the paving of the alley between Wayne and Washington streets from College street and Nelson street was received and placed on file.

The following communication was received and placed on file:

To the city of Fort Wayne:

We hand you herewith a contract which as to all its features, except price of Electricity, amount of cash to be paid the City and time when the city may purchase for itself or put another private company in possession of the plant and franchise is a practical copy of the contract already signed by the Board and now before the council.

The rate is 10 cents for comercial light and $70.00 for city arc lamps instead of 12½ cents and $75.00 as in the contract before the council.

The time when the city may put somebody else in possession of the property or buy it itself at a price fixed by arbitration, is January 1st 1930, instead of January 1st 1933, as in the contract now before the council.

The amount to be paid to the city is $15,000.00 a year unless the city does its own public lighting and $10000.00 a year when the city does its own lighting, while other competing companies are not in the field. The contract now before the council gives the city one cash payment of $500.00.

This contract is offered as a business proposition, if you do not want general municipal lighting for 25 years to come, though we believe our contract preceded Oct. 1st 1903 is much better for the city, as that contract gives the city the opportunity for immediate controll of furnishing Electric current.

Signed: Charles McCulloch, D.M. Foster, L.K. Alden, Henry Bradell, George H. Lorsch, Ben Lehmann, Wm Goodfellow, by L.K. Alden, their attorney.

The proposed contract was also placed on file with a certificate of deposit in the sum of $1000.00.

The Board then adjourned.

Office Board of Public Works.

Fort Wayne, Indiana, January 28th, 1904.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No 314, which provides for the paving of the alley between Creighton Avenue and Taber street from Harrison street to Webster street,-
also against the work done under Improvement Resolution No. 315, which provides for paving the alley between Harrison street and Webster street from Taber street to the alley north of Taber street-
also against Local Sewer Improvement Resolution No. 113, which provides for the construction of a vitrified clay pipe sewer in the alley north of Huffmann street from Andrew street to Sherman street,-
also against Local Sewer Improvement Resolution No. 114 which provides for the construction of a vitrified clay pipe sewer in the alley between Stophlet street and Taylor street from Nelson street to the alley west of Broadway, and in the alley west of Broadway from Stophlet street to a point 87 feet north of Taylor street,- also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under aforementioned Improvement Resolutions, which assessment rolls contain a description of each piece of property assessed together with the names of the holder of each piece of such property and the pro rata assessment against each piece of such property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolutions Nos. 314 and 315, and Local Sewer Improvement Resolutions Nos. 113 and 114 was finally accepted and the assessment rolls confirmed as in the original and ordered delivered to the department of finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would receive and open proposals for work to be done under public contract, the board now proceeded to open such proposals and obtained the following results:
Main Sewer Improvement Resolution No. 17 for the construction of a vitrified clay pipe sewer in and along the alley west of

Broadway, through lot No 42 Old Orchard Addition, on Guthrie street, Etc.

C.E. Moellering and Co. bid per lineal foot $1.28
Jos. Derheimer & Co. " " " " $1.37
Upon motion the contract was awarded to C.E. Moellering & Co. their bid being the lowest and best.

Local Sewer Improvement Resolution No.116, for the construction of a vitrified clay pipe sewer in the alley west of Hanna street from Pontiac street to a point 21 feet south of the north line of lot No.12 Trentmann and Mennings Subdivision:

George Wilhelm bid per lineal foot $1.28
W. Gallmeier " " " " 1.27
C.E. Moellering & Co. " " " " 98¢
John Drake " " " " 93¢
Jos. Derheimer & Co " " " " $1.14
Upon motion the contract was awarded to John Drake, his bid being the lowest and best.

Local Sewer Improvement Resolution No.117 for the construction of a vitrified clay pipe sewer in the alley north of Walnut street from Fox Avenue to Walnut street, and in the alley west of Fox Avenue from the alley north of Walnut street to a point 125 feet north of the alley north of Walnut street.

C.E. Moellering & Co. bid per lineal foot $1.24
John Drake " " " " 1.38
Jos. Derheimer & Co " " " " 1.31
Upon motion the contract was awarded to C.E. Moellering & Co. their bid being the lowest and best.

Local Sewer Improvement Resolution No.118, for the construction of a vitrified clay pipe sewer in the alley between Poplar street and Deubald street from Fox Avenue to the alley west of Oakley street and in the alley west of Oakley street from Poplar street to Deuald street, C.E. Moellering & Co. bid per lineal foot $1.19
John Drake " " " " 1.25
Jos Derheimer & Co " " " " 1.29
Upon motion the contract was awarded to C.E. Moellering & Co. their bid being the lowest and best.

L.R. Alden appeared befor the Board and requested them in behalf of Charles McCulloch and others who had filed with the Board various propositions regarding Electric lighting to either reject them or to send them to the Common Council for their

consideration. He stated that he and his associates felt that this matter had been before the Board a sufficient lenght of time for them to arrive at some definite conclusion and they wished that some step would be taken as soon as possible.
Upon motion of Wm. Dochrmann, seconded by H.C. Zollinger, the proposition filed with the Board under date of October 1st, 1903, was rejected, Dochrmann and Zollinger voting aye and Eggemann, No. Eggemann stated that he believed in Municipal Ownership of the electric lighting plant, and as this proposition provided for municipal ownership, he would have to vote against the rejection of this proposition.

The proposition submitted under date of January 25th, 1904, was upon motion also rejected.

The city clerk submitted to the Board the contract of the Fort Wayne Electric Light and Power Company, returned by the Common Council together with a list of ammendments which the Common Council recommended be made before the contract would be ratified by the Council.

William Dochrmann and H.C. Zollinger in behalf of the Board of Public Works and representatives of the Fort Wayne Electric Light and Power Company agreed to the amendments as proposed by the Common Council and authorized the City Attorney to insert them in the original contract, Eggemann voting No.
The Board hereupon authorized the clerk to return the contract Embodying the amendments as recommended by the Common Council to the Common Council for ratification.

The Board then on motion adjourned.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of J.F. Gumpper and six others for the construction of a sewer in the first alley north of Home Avenue from the alley west of Fairfield avenue to Lavina Wayne avenue was received and the city civil Engineer instructed to prepare plans and specifications.

The city civil Engineer submitted a plat showing the proposed widening of Walton avenue between the right of way of the Findlay Fort Wayne and Western Railroad and the south line of the right of

way and land of the Pennsylvania Company. Upon motion the plat was approved

Declaratory Resolution No. 105.

For the widening of Walton Avenue on the west side from Linnors street to the south line of the Pennsylvania Company's land and on the east side from the south line of the Pennsylvania Company's land to the south line of the Findlay Fort Wayne and Western Railway Company right of way.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to widen Walton Avenue in the city of Fort Wayne, Indiana, on the west side from the south line of Linnors street to the south line of a tract of land owned by the Pittsburgh, Fort Wayne and Chicago Railway Company and leased to the Pennsylvania Company and adjoining their right of way on the south and situated in the east half of the east half of the southeast quarter of Sec. 12 T. 30, N.R. 12 East, and on the east side from the north line of Wildings 1st Addition to the city of Fort Wayne, Indiana, to the south line of the right of way of the Findlay, Fort Wayne and Western Railway. Said widening to be maintained throughout a uniform width of 40 feet the center line of said 40 feet to be the range line between ranges 12 and 13 east of the second principal meridian of Indiana. Said widening to be made by condemning and appropriating for street purposes sufficient lots and parcels of land described as follows:

The east 4 feet of lots 1, 2 and 3 A.A. Linnors Subdivision of Lillies Outlots Nos 29 and 30. The east 4 feet of lots Nos. 1, 2, 3, 4, 5, 6 and 7 Parks Subdivision of the north part of Lillies Outlots No 31 in the east half of the east half of the southeast quarter of Section 12 T. 30, N.R. 12 East.

The east 4 feet of the right of way of the Pittsburgh Fort Wayne and Chicago Railway Companys right of way leased by the Pennsylvania Company on the west side of Walton Avenue, and the east 4 feet of a tract of land adjoining said right of way on the south, said right of way and tract of land being situated in the east half of the east half of the south east quarter of Sec. 12 T. 30 N.R. 12 east.

The west 4 feet of the right of way of the Pittsburgh, Fort Wayne and Chicago Railway Company leased to the Pennsylvania Company and the west 4 feet of all tracts of land owned or leased by said companies situated in the southwest quarter of Sec. 7, T. 30, N.R. 13 east abutting on the east side of Walton Avenue in the city of Fort Wayne, Indiana, and the west 4 feet of a tract of land on the east sid of Walton Avenue owned by Sophia Parrent, Et. al. located in the northwest quarter of Sec. 7, T. 30, N.R. 13 east, and lying north of the

Pennsylvania Companys leased lands and south of the lands of the Findlay, Fort Wayne and Western Railway Company.
All as shown by a plan of such proposed widening of Walton avenue as above described now on file in the office of the Board of Public of said city.

The property which may be injuriously or beneficially affected by the widening of the said Walton avenue above described is described as all lots and parcels of land lying south of the Wabash Railroad west of the east line of the city limits, north of Creighton avenue and east of the alley west of Walton avenue, and said alley produced south from the north line of the Pennsylvania Companys right of way to Creighton avenue.

All of said avenue and lots and lands affected by the widening of said Walton avenue above described being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Moved, that notice of the adoption of Declaratory Resolution No. 105 be published in the Fort Wayne Journal Gazette on the 13th and 20th days of February, 1904 and that the 3d day of March, 1904 at 7:30 o'clock, P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the improvement proposed under aforementioned resolution.

Adopted.

The Board then adjourned.

Attest: Allen Schmidt
CLERK.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Special meeting held February 23d, 1904 3 o'clock P.M.
Present: Peter Eggemann, William Dochmann, H.C. Zollinger.

The Fort Wayne Traction Company submitted a petition asking that they be granted an extension of time of one year in which to complete the extension over and along of their street railway system Calhoun street, Hoagland avenue, Williams street and Fairfield avenue in accordance with the franchise for such extension confirmed by the common council September 2nd, 1902.
Upon motion the Board decided to grant such extension of time and and submitted the petition with such grant of extension of time to the common council for ratification by ordinance.

Resolution.

Whereas, the Board of Public Works did on the 2nd day of November, 1903, approve a plat of ground of the following description and named said plat "Oak Hill Grove Addition", containing 18 lots numbered from one to eighteen consecutively.
All that part S. W. 1/4 Section 35 Township 31 N. Range 12 East, beginning at a point in the south line of said section, 9 chains and 47 links east from the S. W. corner of said Section; thence north parallel with the west line of said section to the center of Huffman street; thence west along the center line of said Huffman street two hundred and fifty feet; thence south parallel with the west line of said section to the south line of said section; thence east along the south line of said section two hundred and fifty feet to place of beginning.
And, Whereas, said plat purported to dedicate on the east side a street sixteen feet in width, extending from Spring Street to the first alley north, And
Whereas, it was thought by the Board of Public Works that the said Henry Williams was the owner of all the grounds included within the limits of said street, but upon investigation the east six feet thereof is found to be owned by Christian Krengle, and
Whereas, by reason of this fact said Barthold street between Spring street and the first alley north is only ten feet in width and the plat is misleading.
Therefore, be it resolved that so much of the resolution approving the dedication of the east six feet of the said Barthold street between Spring street and the first alley north is hereby repealed and that the plat to same extent be disapproved.
And be it further resolved that the clerk of the Board of Public Works be and he is hereby instructed to certify to the passage of the foregoing resolution and that the same be spread of record in the

office of the County Recorder, Allen County, Indiana.

Adopted.

The Fort Wayne and Southwestern Traction Company having used wooden poles instead of iron poles in stringing their wires along Taylor street from the Wabash Railroad west to the city limits contrary to the provisions of their franchise, and the Board having notified said Traction Company at various times that iron poles must be placed there instead of wooden poles and said traction company having paid no attention to such notices up to the present time the clerk was requested to call the attention of the city attorney to the facts in the matter and request him to take up this matter with the said traction company.

The Board then adjourned.

Office Board of Public Works.

Fort Wayne, Indiana, March 10th, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, N.C. Zollinger.

The Sidewalk Builders Bond of Louis Kochler was approved.

The Sewer Builders Bond of William Morton was approved.

The petition of Sophia Bulmahn to construct under private contract a sidewalk on the south side of Columbia street along Lot 21 County Addition was granted providing a proper bond is furnished.

Upon motion the contract for printing and binding the annual reports was awarded to the Page Printing Company, their bid being the lowest and best.

The city civil Engineer submitted plans and specifications for a number of proposed improvements which were approved as follows:
For the widening of Pontiac street on the south side from the first alley west of Harrison street to Webster street.
For the construction of sidewalks on the south side of Columbia street from the N.Y.C. & St.L. R.R. to the Maumee river.
For the construction of sidewalks on the south side of Organ Avenue from Fairfield Avenue to Indiana Avenue.
For the construction of sidewalks on the west side of Pigua Avenue from Calhoun street to Cour street and on the east side from the north line of Cour street produced east to the south line of Lot No 20 Anniston Heirs Addition.

For paving the alley between Wayne and Washington streets from Lafayette street to Clay street.
For the construction of a sewer in the alley north of Pontiac street from the brick sewer on Minter street to the east line of Lillie street through the south five feet of Lillies Out Lot No 41, on Walton Avenue to the center of Antoinette street, and on the center of Antoinette street to the alley east of Walton Avenue and branches.

Declaratory Resolution No. 106.

For the widening of Pontiac street on the south side from the first alley west of Harrison street to Webster street.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana that it is desired and deemed necessary to widen Pontiac street in the city of Fort Wayne, Indiana, on the south side from the first alley west of Harrison street to Webster street. Said widening to maintain throughout a width of 40 feet. Said widening to be made by condemning and appropriating for street purposes sufficient lots and parcels of land described as follows:

The north 10 feet of the east 204 feet of Barnetts Outlot No 3 situated in the northeast quarter of Section 14, Township 30, North Range 13, east.

All as shown by a plan of such proposed widening of Pontiac street as above described now on file in the office of the Board of Public Works of said city.

The property which may be injuriously or beneficially affected by the widening of said Pontiac street above described is described as all lots and lands abutting on Pontiac street between Calhoun street and Hoagland Avenue.

All of said street and lots and lands affected by the widening of said Pontiac street above described being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Improvement Resolution No. 335.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the south side of Columbia street from the east rail of the track of the New York, Chicago and St Louis R.R. to the bridge crossing the Maumee river by grading and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No. 336.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on

the south side of Organ Avenue from Fairfield Avenue to Indiana Avenue by grading to a width of ten feet and paving with brick to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said City. Adopted.

Improvement Resolution No. 337.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the west side of Pigua Avenue from Calhoun street to the north line of Coit street and on the east side of Pigua Avenue from the north line of Coit street produced east to the south line of lot No. 20 Anniston Heirs Addition, by grading to a width of 10 feet and paving to a width of 5 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Improvement Resolution No. 338.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the alley between Wayne street and Washington street from Lafayette street to Clay street by grading and paving with sheet asphalt, asphalt block or vitrified paving block upon a six inch broken stone foundation all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Local Sewer Improvement Resolution No. 119.

Resolved by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley north of Pontiac street and through the south 5 feet of Lillie's Outlot No. 41 and on Antoinette street from the brick sewer on Minker street to the alley east of Walton Avenue, and in the alley between Minker and Lillie street from the alley north of Pontiac street to Milan street, and in the alley between Lillie street and Walton Avenue from the south line of Lillie's Outlot No. 39 to Pontiac street, and in the alley east of Walton Avenue and through lot No. 7 Colericksbury Addition and through lots Nos 1, 2, and 3 Colericks Sub. from Mercer street to Pontiac street. Said sewer shall be a 15 inch vitrified clay pipe sewer from the brick sewer on Minker street to the alley east of Walton Avenue, a 12 inch vitrified clay pipe sewer in the alley between Minker street and Lillie street, a 12 inch

vitrified clay pipe sewer in the alley between Lillie street and Walton Avenue, and a 12 inch vitrified clay pipe sewer in the alley east of Walton Avenue and through lots Nos 1, 2, 3 and 7, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved, that notice to property holders of the adoption of Declaratory Resolution No 106, Improvement Resolutions Nos. 335, 336, 337, 338, Local Sewer Improvement Resolution No. 119 be published in the Fort Wayne Journal Gazette on the 12th and 19th days of March, 1904 and that the 31st day of March, 1904 be fixed a date when at 7:30 o'clock P.M. the Board will hear and consider objections or remonstrances against either of aforementioned proposed improvements or improvement resolutions

Adopted.

Elizabeth M. Burrowes and Stephen A. Burrowes, her husband, deed to the city of Fort Wayne, Indiana, real estate described as follows: Commencing at a point on the north line of Barfield's Outlot No. Eight (8) one hundred and seventy four and one half (174½) feet west of Hoagland Avenue; thence west on said north line twelve (12) feet: thence south three hundred and thirty one and thirty five hundredths (331 35/100) feet to south line of said Outlot Eight (8); thence east on said south line of said Outlot twelve (12) feet; thence north to place of beginning. The property herein described is conveyed to the city of Fort Wayne for the purposes of a public alley.
Upon motion the deed was accepted and the clerk ordered to have same recorded.

Moved, that the work performed under Local Sewer Improvement Resolution No. 118 which provides for the construction of a vitrified clay pipe sewer in the alley between Poplar street and Dewald street from Fox Avenue to the alley west of Oakley street and in the alley west of Oakley street from Poplar street to Dewald street, be and the same is hereby accepted and that notice to owners of property affected thereby be published in the Fort Wayne Journal Gazette on the 2nd day of April 1904 and that the 14th day of April 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work as performed or against the assessment roll as approved by the Board.

Adopted.

The following plans and specifications were submitted by the city civil Engineer and approved by the Board as follows:
For condemning a right of way for sewer purposes through the west 12 feet of the east 144½ feet of Barnetts Outlots Nos 14 and 17.
For grading Hoagland Avenue from Killea street to Darrow Avenue.
For the construction of sidewalks on the north side of Guthrie street from Michigan avenue to Thompson Avenue.

Declaratory Resolution No.107.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to condemn for sewerage purposes the west 12 feet of the east 144½ feet of the south 132 feet of Barnetts Outlot No.14 and the west 12 feet of the east 144½ feet of Barnetts Outlot No.17. Said Outlots being situated in the west half of the northeast quarter of Section 14, Township 30 North Range 12 east.
All as shown by a plan of such proposed condemnation above described now on file in the office of the Board of Public Works of said city.
The property which may be injuriously or beneficially affected by the condemnation of the above described strip of land for sewerage purposes, is described as all lots or parcels of land lying south of Killea street, west of Calhoun street north of Darrow avenue and east of Harrison street and Harrison street produced south to Darrow avenue.
All of said lots and lands affected being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Improvement Resolution No.339.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Hoagland Avenue from the north line of Killea street to the north line of Darrow avenue by grading to a width of 60 feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No.340.

Resolved, By the Board of Public Works of the city of Fort Wayne Indiana, that it is deemed necessary to improve the sidewalk on the north side of Guthrie street from Michigan Avenue to the east line of Thompson Avenue by grading to a width of 8 feet and paving with brick to a width of 5 feet, all in accordance

with the profile and specifications on file in the office of the Department of Public Works of said City.

Adopted.

Moved, that notice to property owners of the adoption of Declaratory Resolution No. 107, Improvement Resolutions Nos. 339 and 340 be published in the Fort Wayne Journal Gazette on the 2nd and 9th days of April 1904 and that the 21st day of April 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned proposed improvements. Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 106 which provides for the widening of Pontiac street on the south side from the first alley west of Harrison street to Webster street, —
also against Improvement Resolution No. 335 which provides for the construction of sidewalks on the south side of Columbia street from the N.Y.C.&St.L. R.R. to the Maumee river bridge, —
also against Improvement Resolution No. 337 which provides for the construction of sidewalks on the west side of Piqua Avenue from Calhoun street to the north line of Cour street and on the east side of Piqua Avenue from the north line of Cour street to the south line of Lot 20 Ormiston Heirs Addition, —
also against Improvement Resolution No. 338 which provides for paving the alley between Wayne street and Washington street from Lafayette street to Clay street, —
also against Local Sewer Improvement Resolution No. 119, which provides for the construction of a vitrified clay pipe sewer in the alley north of Pontiac street through the south five feet of Leslies Outlot No. 41 and on Antoinette street from Minter street to the alley east of Walton Avenue and various branches, —
and there appearing no objections or remonstrances against either of aforementioned Improvement Resolutions, upon motion Declaratory Resolution No. 106, Improvement Resolution No. 335, 337, 338, and Local Sewer Improvement Resolution No. 119 were confirmed as in the original.

This also being the date and time when the Board would hear and consider objections or remonstrances against Improvement Resolution No. 336, which provides for the construction of sidewalks on the south side of Organ Avenue from

Fairfield Avenue to Indiana Avenue upon motion the hearing was deferred until April 4th, 1904, at 3 o'clock P.M.

Upon motion the Board then adjourned.

Attest. Alb. Schmidt.
CLERK.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 4th, 1904.

Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, Wm Lochmann, H.C. Zollinger.

The petition of W.D. Bostick and four others for the paving of Lafayette street from Columbia street to Washington street was received and placed on file.

The communication of Emmanuel Lutheran Congregation regarding the opening of an alley north of Scott avenue through their property was received and placed on file.

In the matter of paving the sidewalks on the south side of Bryan avenue from Fairfield avenue to Indiana avenue under Improvement Resolution No. 336 further hearing in the matter was postponed until 7 30 o'clock P.M. August 4th, 1904.

The clerk was requested to notify L.B. Flemming No to repair the brick pavement on Lewis street; also to notify Derheimer No., also C.E. Moellering No. to repair all street and alley pavements they must care for under the terms of their contracts.

Moved that notice to contractors of the work to be done under Improvement Resolution No. 335, 337, 338 and Local Sewer Improvement Resolution No. 119 be published in the Fort Wayne Journal Gazette on the 5th and 12th days of April 1904 and that the 21st day of April at 7 30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for said work.

The Board then adjourned.

Attest. Alb. Schmidt
CLERK.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 7th, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggeman, Wm Dochtman, H.C. Zollinger.

The plat of J.F.W. Meyers Subdivision was approved, it being a subdivision of the north ½ of Fairfields Outlot No 19 situated in the east ½ of the southwest quarter of Section 11 Township 30 North, Range 12 east.

The petition of J.F.W. Meyer and one for the construction of a sewer in the alley south of Pierce avenue, through the south part of Fairfields Outlot No. 18 and in the alley north of Meyer Avenue was received and the city civil engineer instructed to prepare plans and specifications.

The petition of John P. Knotts and 10 others for the construction of sidewalks on the east side of South Wayne Avenue from Crighton Avenue to Meyer Avenue was received and placed on file.

The Sewer Builders Bond of Fred Miller was approved.

The following communication was received and placed on file:

Fort Wayne, Indiana, April 7th, 1904.

To the Honorable Board of Public Works of the city of Fort Wayne. Gentlemen, —

The Metropolitan Paving Brick Company hereby offers and agrees to deliver all the brick necessary for the paving of any and all streets for the paving of which Metropolitan Block is adopted on bids received by you this day, on board cars at the City of Fort Wayne, Indiana, within ninety days from the letting of the contracts for such paving; provided the contractor for the paving of such streets will receive and accept such brick within said time; and said company hereby deposits with your board a certified check for Five Thousand Dollars, payable to your order as security that it will deliver said brick as aforesaid. Said check is dated April 2nd, 1904 and is drawn upon and certified by the Farmers Deposit Bank of Canton, Ohio.

Metropolitan Paving Brick Co.
By J.M. Lehrfeller
Manager of sales.

This being the date and time previously fixed when the Board would receive and open sealed proposals for various work to be done under public contract, the Board now proceeded to open such proposals and obtained the following results:

BOARD OF PUBLIC WORKS.

Fort Wayne, Indiana, April 9th, 1904.

Special meeting held at 2.30 o'clock P.M.

Present: Peter Eggemann, Wm Dochtman, H.C. Zollinger.

The Board having thoroughly considered the bids for various street improvements to be made under public contract, which bids were received and opened on April 7th, 1904, the Board now proceeds to select the material to be used in making such improvements as follows:

Improvement Resolution No. 318, for paving Berry street from College street to Nelson street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 319, for paving Creighton Avenue from Calhoun street to Hoagland avenue, Metropolitan Block.

Improvement Resolution No. 320, for paving Creighton Avenue from Hoagland avenue to Broadway, Metropolitan Block.

Improvement Resolution No. 321, for paving Creighton Avenue from Hanna street to John street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 322, for paving Creighton Avenue from John street to Holton Avenue, Boston Block.

Improvement Resolution No. 323, for paving Dewald street from Broadway to Hanna street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 324, for paving Fulton street from Pearl street to Jefferson street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 325, for paving Fulton street from Jefferson street to Brackenridge street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 326, for paving Harrison street from Main street to Wayne street, Metropolitan Block. Dochtman & Zollinger voted Aye. Eggemann No. #

Improvement Resolution No. 327 for paving Harrison street from Wayne street to Baker street, Metropolitan Block. Dochtman & Zollinger voted Aye. Eggemann voted No. #

Improvement Resolution No. 328, for paving Hoagland Avenue at the Dewald street intersection, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 329 for paving Jackson street from Main street to Jefferson street, Trinidad Pitch Lake Asphalt;

Improvement Resolution No. 331, for paving Pearl street from Harrison street to Fulton street, Metropolitan Block.

Improvement Resolution No. 332 for paving Pontiac street from Lafayette street to Hanna street, Metropolitan Block.

Improvement Resolution No. 333, for paving Rockhill street from Berry street to Jefferson street, Trinidad Pitch Lake Asphalt.

Improvement Resolution No. 334 for paving VanBuren street from Main street to Jefferson street, Trinidad Pitch Lake Asphalt.

# Mr Eggemann Explained his vote by stating that he felt satisfied that the greater number of property-owners on Harrison street desired sheet asphalt and that he felt it his duty to vote that way.

The plat of Burrows Subdivision of Fairfields Outlot No. 8 in the east half of the northwest quarter of Section 14 Township 30, North, Range twelve East was approved.

The petition of J.B. Williams to construct under private contract a sewer on Sinclair street from the centre of St Marys Avenue to a point 417 feet west was granted and his bond approved.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Fort Wayne, Indiana, April 11th, 1904.

Regular meeting held at 30 o'clock P.M.

Present: Peter Eggemann, Wm Dochmann, N.C. Zollinger.

The petition of J.B. Franke and three others for the construction of a 5' foot cement sidewalk next to the curb on Fulton street from Wayne street to Washington street was received and placed on file.

The petition of H.A. Gerberding to relay the sidewalk on Coombs street abutting on lot 30 Tompkins Addition was granted.

Moved that the work performed under Local Sewer Improvement Resolution No. 107 which provides for the construction of a sewer in and along Leith street from Hoagland Avenue to the east of Hoagland Avenue on the north of Leith street and various branches be and the same is hereby accepted and that notice to holders of property affected thereby be published in the Fort Wayne Journal Gazette on the 12th day of April 1904 and that the 28th day of April 1904 at 7 30 o'clock P.M. be fixed a time when the Board will hear and consider objections or remonstrances to the work as accepted by the Board or to the assessment roll as approved by the Board.

Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works

Fort Wayne, Indiana April 14th, 1904.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, Wm Doehrmann, N.C. Zollinger.

The Sidewalk Builders Bond of Charles N. Smiley was approved.
The Plumbers & Gasfitters Bond of Emmett Martin was approved.
The Sewer Builders Bond of Emmett Martin was approved.

The remonstrance of J.B. Franke and 13 others against granting to any property owner the privilege to give Fulton street a greater width than that ~~that~~ fixed in the paving specifications by the Board was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 118, which provides for the construction of a vitrified clay pipe sewer in the alley between Poplar street and Dewald street from Fox Avenue to the alley west of Oakley street and in the alley west of Oakley street from Poplar street to Dewald street also a date and time when the assessment roll covering the work performed under aforementioned improvement resolution would be heard before taking final action thereon, which assessment roll contains a description of each piece of property benefically affected by the said improvement together with the names of the holders of the various pieces of property thus affected and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Local Sewer Improvement Resolution No. 118 was finally accepted and the assessment roll confirmed as in the original. All of which was finally ordered and confirmed and the assessment roll ordered delivered to the department of finance.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the roll of assessments of benefits and awards of damages in the matter of widening Walton Avenue as set forth in Declaratory Resolution No. 105, the following communication was submitted to the Board: "We, the undersigned property owners hereby agree to withdraw any and all objections to the proceedings and

assessments of the Board of Public Works in the widening of Walton avenue on the west side thereof, between the south line of lot three (3) Park Sub. north of the south line of Linore street, conditioned: that the said city will pay such part of the cost of relaying said sidewalk over and above twenty cents ($.20) per running foot. If this concession is made, said consent and permission is hereby given.
Signed: B.R. Barrow, J.M. Keyser, Louise Blume, Samuel P. Shannon, Christ. Meisner, Ernst Lenz.
No further objections or remonstrances appearing, upon motion the roll of assessments of benefits and awards of damages in the matter of widening Walton avenue under Declaratory Resolution No. 105 was confirmed as in the original and ordered delivered to the Department of Finance.

Improvement Resolution No. 330 for paving Michigan avenue from Broadway to Nelson street, upon motion further action in the matter was postponed until the last Thursday in the month of February, 1904.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Attest. A.W. Schmidt
CLERK.

Office Board of Public Works.

Fort Wayne, Indiana, April 18th, 1904.

Regular meeting held at 3 o'clock P.M.

Present: Peter Eggemann, Wm Doermann, H.C. Zollinger.

The petition of J.M. Culver and three for the grading of Phillips street from Broadway to Miner street and the construction of a four foot cement sidewalk on the south side next to the curb, was received and placed on file.

The petition of Fredrick Bayer & 1 for the grading of the alley between Sherman street and Oakland street from Fourth street to Spring street was received and placed on file.

The petition of M. Bates and 6 others for the construction of a sewer in Harrison street from Wayne street to Superior street was received and placed on file.

The petition of C.W. Gallmeier to construct under private contract a five foot brick sidewalk on Minter street abutting on lot No 72 McCulloches Addition was granted.

The petition of Julius Remus to grade the sidewalk in front of lots 2, 3, 6, 7, Hindes Add and lot 6 C.B. Bonds Sub. on Fairfield Avenue was granted.

The Sidewalk Builders Bond of Julius Remus was approved.

The bond of C.K. Boerger to move a house from Hanna street near Lewis street to No 1702 East Wayne street was approved.

The petition of A.J. Kessey and 44 others for the paving of Broadway from Scott Avenue south to the St Marys river bridge was received and placed on file.

The city clerk submitted a communication accompanied by papers pertaining to macadamizing St Joe Boulevard, also to the printing of the annual reports for 1902, and the paving of Broadway from Scott avenue south to the St Marys river.
All papers were received and placed on file.

The city attorney was instructed to notify the Interstate Construction Company to repair the pavement on Maumee Avenue in accordance with the terms of their guaranty bond and contract.

The clerk was requested to notify the Fort Wayne Traction Company to repair the street pavement on Superior street according to the terms of their contract with the city.

The clerk was requested to notify the Fort Wayne Gas Company to repair all cuts made into pavements of streets or alleys by employees of said company or their agents, said repairs to be made in a most substantial and workmanlike manner.

The Fort Wayne and Southwestern Traction Company filed a written protest against accepting the bid of the Barber Asphalt Paving Company for paving along their tracks on Fulton street from Brackenridge street to Pearl street, as the bid for paving that portion of the street is higher than that providing for the paving of the balance of said street.

The Fort Wayne and Wabash Valley Traction Company filed a written remonstrance against accepting the bid of the Barber Asphalt Paving Company for paving along their tracks on Creighton Avenue from John street to Holton Avenue and on Creighton Avenue from Calhoun street to Hoagland Avenue, as the bid for paving along their tracks is higher than the bid for paving the other parts of said streets.

The Board now took up the matter of awarding contracts for various improvements to be made under public contract; and awarded contracts as follows:
Improvement Resolution No. 317 for the construction of cement sidewalks on the east side of Fairfield Avenue from Creighton Avenue to a point 70 feet South upon motion the contract was awarded to the Moellering Construction Company.

Improvement Resolution No. 318, for paving Berry street from College street to Nelson street upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 320, for paving Creighton Avenue from Hoagland Avenue to Broadway upon motion the contract was awarded to the Moellering Construction Company.

Improvement Resolution No. 321, for paving Creighton Avenue from Hanna street to John street upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 323, for paving Devald street from Broadway to Hanna street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 328, for paving Hoagland Avenue at the Devald street intersection, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 329, for paving Jackson street from Main street to Jefferson street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 331, for paving Pearl street from Harrison street to Fulton street, upon motion the contract was awarded to the Woellering Construction Company.

Improvement Resolution No. 332, for paving Pontiac street from Lafayette street to Hanna street upon motion the contract was awarded to the Woellering Construction Company.

Improvement Resolution No. 333, for paving Rockhill street from Berry street to Jefferson street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 334, for paving Van Buren street from Main street to Jefferson street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Owing to protests filed by the respective street railway companies and in order to allow the Board time to inquire into such protests, further action under Improvement Resolutions Nos 319, 322, 324, 325, was deferred until Thursday April 21st, 1904, at 2 o'clock P.M.

The Woellering Construction Company by J.M. Barrett their attorney, submitted Evidence that Mrs. Anna Eckart had signed a petition for Metropolitan Block to be used in making the the improvement on Harrison street under Improvement Resolution No. 326. The Barber Asphalt Paving Company submitted an affidavit signed by Anna M. Eckart stating that it was her desire to have asphalt used instead of brick although she had signed the brick petition after the asphalt petition had been signed by her. After a lengthy argument in which the matter was discussed the Board decided to defer further action until 2 o'clock P.M. Thursday,

April 21st, 1904.

Upon motion further action under Improvement Resolution No. 327 was deferred until Thursday April 21st 1904 at 2 o'clock P.M. in order to allow the Board to consider affidavits filed by the Wellering Construction Company and signed by John J. Woulfe, Ellen Woulfe, and Kent K. Wheelock.

The Board then adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, April 21st, 1904.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, Wm Doehrmann, H.C. Zollinger.

The petition of A.J. Hattersley and four others for the construction of a cement sidewalk on the north side of Berry street from Barr street to Lafayette street was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of Phillip A. Heller and 12 others for the construction of a sewer in the alley between Victoria street and Calhoun street from the Main sewer north to Marshall street was received and the city civil Engineer instructed to prepar plans and specifications.

The petition of L. C. Kamming and 14 others for the erection of a street light at the corner of Begue and Erie streets was received and placed on file.

The petition of W.P. Lunick for permission to relay the sidewalks on Wayne street at the northwest corner of Lelick street was granted.

The Sewer Builders Bond of Geo. Wilhelm was approved.
The Sewer Builders Bond of A. Wm. Schroeder was approved.
The Sidewalk Builders Bond of H.A. Gerberding was approved.

The Bond of the Mondamin Meadows Company to open the sidewalk on Fairfield avenue next to their building for the purpose of connecting up a cellar drain was approved.

Moved, that the work performed under Improvement Resolution No. 308, which provides for the paving of Broadway from Wayne street to Lavina street, be and the same is hereby accepted and that notice to property holders affected thereby be published in the Fort Wayne Journal Gazette on the 23d day of April 1904, and that the 5th day of May at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed by the Contractor also against the assessment roll as approved by the Board.

Adopted.

This being the date and time previously fixed by the Board when they would receive and open proposals for work to be done under public contract the Board now proceeded to open such proposals and obtained the following results:

Improvement Resolution No. 335, for the construction of sidewalks on the south side of Columbia street from the Wyatt R.R. east to the Maumee river bridge,

| | | |
|---|---|---|
| George Wilhelm | bid per lineal foot | .42¢ |
| The Moellering Construction Company | " " " " | .42¢ |

There being a tie cuts were drawn and George Wilhelm won. Upon motion George Wilhem was awarded the contract.

Improvement Resolution No. 337, for the construction of sidewalks on the west side of Pigua Avenue from Calhoun street to the north line of Cour street, and on the east side of Pigua Avenue from the north line of Cour street to the south line of lot No 20 Ormiston Heirs Addition,

| | | |
|---|---|---|
| George Wilhelm | bid per lineal foot | .42¢. |
| Moellering Construction Co. | " " " " | .52¢. |
| C.W. Gallmeier | " " " " | .57¢ |

Upon motion the contract was awarded to George Wilhelm.

Improvement Resolution No. 338, for paving the alley between Wayne street and Washington street from Lafayette street to Clay street, Moellering Construction Co. bid as follows:

| | | |
|---|---|---|
| For Metropolitan Block | per lineal foot | $2.83 |
| " Canton Standard Block | " " " | $2.69 |

Jos. Derheimer & Co. bid as followed:

| | | |
|---|---|---|
| For Poston Block | per lineal foot | $2.87 |
| " Townsend Repressed Block | " " " | $2.94 |

Upon motion Canton Block was selected the material to be used in making the improvement.

Local Sewer Improvement Resolution No. 119, for the construction of a vitrified clay pipe sewer in the alley north of Pontiac street through the south 5 feet of Lillies Outlot No. 41 and on Antoinette street from Minder street to the alley east of Walton Avenue, and various branches,

| | | |
|---|---|---|
| Moellering Construction Company | bid per lineal ft. | $1.28 |
| Jos Derheimer & Co. | " " " " | $1.35 |
| Canton Rieg | " " " " | $1.40 |

Upon motion the contract was awarded to Moellering Construction Company.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 107, which provides for the condemnation of a right of way for sewer purposes through Burnetts Outlots 14 and 17, there appeared Dennis Hogan, an owner of property affected thereby and protested against the construction of a sewer over and along his property. The Board however decided that such sewer must be constructed, a public necessity existing therefor in order to provide much needed drainage for the many people living north of said Outlots 14 and 17, and upon motion Declaratory Resolution No. 107, was confirmed as in the original.

This also being a date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 339 which provides for the grading of Hoagland Avenue from Killea street to Darrow Avenue,-
also against Improvement Resolution No. 340, which provides for the construction of sidewalks on the north side of Guthrie street from Michigan Avenue to Thompson Avenue,-
and there appearing no objections or remonstrances whatever, upon motion Improvement Resolutions Nos 339 and 340 were confirmed as in the original.

Moved that notice to contractors of the work to be done under Improvement Resolutions Nos 339 and 340 be published in the Fort Wayne Journal Gazette on the 23d and 30th days of April, 1904 and that the 12th day of May 1904, at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open proposals for the work to be done as aforesaid.

Adopted.

The clerk was requested to notify the Fort Wayne Traction Company to reset the curbing, pave the street, and carry out such other improvements on Pontiac street between Calhoun street and Lafayette street as are provided for in the franchise said Company holds for operating cars over and along said street.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 25th, 1903.

Regular meeting held at 3 o'clock P. M.

Present: Peter Eggemann, Wm Doehrmann, H. C. Zollinger.

The Board took up the further consideration of the paving question. Representatives of the Barber Asphalt Paving Company stated that they had arrived at an understanding with the Ft Wayne and Wabash Valley Traction Company regarding to the price to be charged for paving along the rails on Creighton Avenue under Improvement Resolutions Nos 319 and 322, and asked the Board for permission to reduce their bids for paving said portions of aforesaid street to the same amount charged for the other portion of the streets to be paved. This permission was granted, and upon such bids having been changed as indicated from $2.54 per square yard to $1.95 per square yard, the Ft Wayne and Wabash Valley Traction Company withdrew all objections to the bids of the Barber Asphalt Paving Company submitted under Improvement Resolutions Nos 319 and 322.

The Barber Asphalt Paving Company submitted a number of affidavits of property owners who had petitioned the Board to substitute Trinidad Pitch Lake Asphalt for brick in paving Creighton Avenue and Harrison street under Improvement Resolutions Nos 319 and 327 in order to dispell the objections to such signatures filed by the brick people. These affidavits were received and placed on file.

Improvement Resolution No. 319 for paving Creighton Avenue from Calhoun street to Hoagland Avenue, bids were received on April 7th, 1904 and on April 9th the Board selected Metropolitan Block as the material to be used in making such improvement. Owners of property affected thereby having filed petitions with the Board within the five days fixed by law in which they ask the Board to substitute Trinidad Pitch Lake Asphalt for Metropolitan Block, as selected by the Board, and the Board now finding that owners of property representing more than two thirds of the frontage abutting on and along said proposed improvement had petitioned for the substitution of sheet asphalt for brick, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No 322 for paving Creighton Avenue from John street to Holton avenue, the Fort Wayne and Wabash Valley Traction Company having withdrawn its objection, upon motion the contract

was awarded to the Barber Asphalt Paving Company, the Board finding that owners of property representing more than two thirds of the frontage abutting on said proposed improvement having petitioned the Board for the substitution of Trinidad Pitch Lake Asphalt for Paxton Block as selected by the Board.

Improvement Resolutions Nos 324, 325 for paving Fulton street from Pearl street to Brackenridge street no agreement having been arrived at between the Fort Wayne and Southwestern Traction Company and the Barber Asphalt Paving Company with regard to the bid for paving next to the rails of the tracks, upon motion further action in this matter was postponed until April 28th, 1904 at 7:30 o'clock P.M.

Improvement Resolution No. 326 for paving Harrison street from Maine street to Wayne street, the Board found that the petitioners for sheet asphalt had not the signatures of property holders owning two thirds of the frontage along the proposed improvement, hence upon motion the contract was awarded to the Moellering Construction Company.

Improvement Resolution No. 327 for paving Harrison street from Wayne street to Baker street the Board found that property holders owning more than two thirds of the frontage along the proposed improvement had filed petitions to substitute Trinidad Pitch Lake Asphalt for Metropolitan Block, as selected by the Board. Upon motion the contract was awarded to the Barber Asphalt Paving Company.

The petition of Henry A. Gerberding to relay the sidewalks on the northwest corner of Madison and Lafayette streets was granted.

The petition of W.P. Linick to relay the sidewalks in front of lots 2, 3, 4 Bilkers Sub. on East Wayne street was granted.

The petition of August Wolf and one for grading Canal street from the W.F.&L.E. R.R. to the Maumee river was received and placed on file

The petition of John K. Drebert for the construction of sidewalks on the east side of Jane street from Pontiac street to Leith street was received and placed on file, and the city civil engineer instructed to prepare plans and specifications.

The petition of Ernst C. Rietdorff and 8 others for the construction of a sewer in the alley between South Wayne Avenue and Fox Avenue

from the Main sewer to the north was recieved and the city civil engineer instructed to prepare plans and specifications.

The application of John Schmidt for a Sewer Builders license was granted and his bond approved.

The Sewer Builders Bonds of Henry Wehrenberg and that of Philip Kaven were upon motion approved.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 28th, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The city civil Engineer was instructed to prepare plans and specifications for the construction of sidewalks on both sides of Poplar street from Oakley street to first alley west.

The petition of Wm. H.F. Moellering and three others for the construction of sidewalks on the west side of Calhoun street from Marshall street to Cour street was recived and the city civil Engineer instructed to prepare plans and specifications.

The petition of A.J. Luley and one for the vacation of the alley between lots 142 and 143 Hanna's Addition from Jefferson street to the first alley north was recived and the city civil Engineer instructed to prepare plans and specifications.

The petition of Wm Hobbs and 29 others for the location of a street lamp at the intersection of Thompson Avenue and Huestis Avenue was recived and placed on file.

The following bonds were approved:
Sewer Builders Bonds of John Schwegmann, William Grossmor.
Plumbers and Gasfitters Bond of William Grossmor.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 107, which provides for the construction of a vitrified clay pipe sewer in and along Leith street from Hoagland Avenue to the alley east of Hoagland Avenue on the north side of Leith street, as fixed in Local Sewer Improvement Resolution No. 107, also to hear objections or remonstrances against the assessment roll covering aforementioned work, which assessment roll contained a description of each piece of property assessed together with the names of the owners of such property assessed and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, several owners of property appeared and submitted objections to the amounts of the assessment fixed upon property owned by them. The Board, however, showed that such objections were not well taken and did not deal with the facts in the case, and upon motion the work was finally accepted and the assessment roll confirmed as in the original and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The city civil engineer submitted plans and specifications for improvements to be made under public contract, and they were approved as follows:
For the grading of Alliger street and the construction of sidewalks on both sides from Minter street to Walton Avenue.
For the construction of sidewalks on the west side of Walton Avenue from the north line of lot No. 41 Lillies Outlots to Pontiac street.
For the construction of a vitrified clay pipe sewer in the alley between Stophlet street and Taylor street from the brick sewer on Nelson street to Riedmiller Avenue.

Improvement Resolution No. 341.

Resolved, by the Board of Public Works of the city of Fort Wayne Indiana that it is deemed necessary to improve Alliger street from Minter street to Walton Avenue by grading the roadway to a width of twenty (20) feet, grading the sidewalks on each side to a width of seven and one half (7½) feet and paving the sidewalks on each side to a width of four (4) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Improvement Resolution No. 342.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on the west side of Walton Avenue from the north line of lot No. 41 Lillies Outlots to Pontiac street by grading to a width of eight (8) feet and paving with brick to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Local Sewer Improvement Resolution No. 120.

Resolved by the Board of Public Works of the city of Fort Wayne State of Indiana, that the construction of a local sewer intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Stophlet street and Taylor street from the brick sewer on Nelson street to Riddmiller Avenue as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Moved that notice to property holders of the adoption of Improvement Resolutions Nos. 341 and 342 and Local Sewer Improvement Resolution No. 120 be published in the Fort Wayne Journal-Gazette on the 30th day of April and the 7th day of May 1904 and that the 19th day of May 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned Improvement Resolutions. Adopted.

In the matter of paving Fulton street from Pearl street to Brackenridge street under Improvement Resolutions Nos. 324, 325 upon motion further action in the matter was postponed until 3 o'clock P.M. Monday May 2nd, 1904.

The Board then adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, May 2nd, 1904.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, Wm Dochnuann, H.C. Zollinger.

The plat of DeKalbs 2nd Knoche's Addition to the city of Fort Wayne, it being a subdivision of Lillies Outlot No 45, was approved.

Further action in the matter of paving Fulton street from Pearl street to Brackenridge street under Improvement Resolutions Nos 324 and 325 was again postponed until Monday May 9th, 1904, at 3 o'clock P.M.

The remonstrance of Fred Segeder and 5 others against the construction of sidewalks on the east side of Lafayette street from a point 50 feet north of Esmond street to Niebke street was received and placed on file.

Improvement Resolution No 338, for paving the alley between Wayne and Washington streets from Lafayette street to Clay street, bids were opened and Canton Standard Block selected as the material to be used in making the improvement on April 21, 1904. No petition for other material having been filed with the Board since the selection made by the Board, upon motion the contract was now awarded to the Wellering Construction Company.

The city civil engineer was instructed to prepare plans and specifications for relaying the sidewalks on the west side of Harrison street from Lakefield street to Pontiac street.

The city civil engineer submitted plats showing the proposed vacation of the alley in the rear of lots 10 and 11 Bards Subdivision of Hamm's Outlot No. 5 Plat A.; also for the vacation of the alley between lots 243 and 242 Hamm's Addition. Upon motion the plats were approved.

## Declaration Resolution No. 108.

Resolved by the Board of Public Works of the city of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the first alley east of Thomas street on the east line of lots Nos. 10 and 11 Bards Subdivision of Hamm's Outlot No 5 Plat A. subject to the right of the city to maintain the public sewer therein located and subject to the right of the owner of lot No 12 of said Bards Subdivision to connect with and drain into said sewer,

and be it further resolved, that to the end that said reserved rights may be exercised, the said city reserves the further right to enter upon said vacated ground for the purposes herein set out and if necessary to fully carry out the said purposes, remove any obstruction interfering therewith at the expense of the person so obstructing or maintaining the obstruction.

All as shown by the plan of such proposed vacation now on file in the office of the Department of Public Works of said city.

The property which may be injuriously or beneficially affected by the proposed vacation of said alley is described as lots Nos 5, 10, 11 Bards subdivision of Hamma's Outlot No. 5 Plat A.

All of said lots and lands affected by the vacation of said alley being situated in the city of Fort Wayne, County of Allen, and State of Indiana.

The cost of said vacation and all expenses connected therewith to be assessed against property benefitially affected thereby.

Adopted.

Declaratory Resolution No. 109.

Resolved by the Board of Public Works of the city of Fort Wayne Indiana, that it is desired and deemed necessary to vacate the alley between lots Nos. 142 and 143 Hamma Addition from Jefferson street to the first alley north.

All as shown by a plan of such proposed vacation now on file in the office of the Department of Public Works of said city.

The property which may be beneficially affected or be damaged by the vacation of said alley is described as lots Nos 142 and 143 Hamma Addition.

All of said lots and lands affected by the vacation of said alley being situated in the city of Fort Wayne, County of Allen and State of Indiana.

The cost of said vacation and all expenses connected therewith to be assessed against the property beneficially affected.

Adopted.

Moved, that notice of the adoption of Declaratory Resolutions Nos. 108 and 109 be published in the Fort Wayne Journal - Gazette on the 4th and 11th days of May 1904, and that the 26th day of May 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned resolutions.

Adopted.

The following deed was filed with the Board and by them ordered to be made a matter of record:

This Indenture Witnesseth that L.A. Bowser and Company, a corporation organized under the laws of the State of Indiana, of Allen County, in the State of Indiana, in consideration of

One Dollar, the receipt whereof is hereby acknowledged, to grant, bargain, sell and convey to The City of Fort Wayne Indiana, its heirs and assigns forever, the following real estate in Allen County in the State of Indiana and described as follows: to wit:
A strip of ground 12 feet in width to be used for alley purposes and described as follows: Commencing at a point where the south line of the first alley north of Horace street intersects with the west line of lot number 5 of Bards Subdivision of Out lot number 5 of Hannas Plat 4, thence east along the south line of said alley produced east to the east line of said lot five (5) Bards Subdivision, thence north along the east line of said lot 5 to its north property line, thence west 12 feet along the north property line of said lot number five (5) Bards Subdivision, thence south on a line 12 feet distant from and parallell with the east line of said lot five (5) to a point 12 feet north of the south line of aforesaid alley produced east, thence west along a line 12 feet distant from and parallell with the south line of aforesaid alley produced east to the west property line of said lot number five (5) Bards Subdivision together with all privileges and appurtenances to the same belonging.
To have and to hold the same to the said City of Fort Wayne, Allen County, Indiana, its heirs and assigns forever. The grantor, its heirs and assigns hereby covenanting with the grantee, its heirs and assigns, that the title so conveyed is clear, free and unincumbered that it lawfully seized of the premises aforesaid, as of a sure and indefeasible estate of inheritance in fee simple, and that it will warrant and defend the same against all claims whatsoever.

In witness whereof the grantor has hereunto set its hands and seals this 10th day of July, 1903.

L.F. Bowser & Co. Inc.
By L.F. Bowser Pres.
A.J. Polhamus Secy.

State of Indiana, Allen County, ss:
Before me, C.A. Drukelberg Jr., a notary public in and for said County and State, personally came L.F. Bowser and A.J. Polhamus grantors in the above conveyance and acknowledged the same to be their voluntary act and deed, for the uses and purposes therein mentioned.

In witness whereof, I have hereunto subscribed my name and affixed my notarial seal this 10th day of July A.D. 1903.

C.A. Drukelberg Jr.
Notary Public
Commission Expires Aug 21, 1903.

Moved, that a roll of assessments of benefits and awards of damages in the matter of widening Pontiac street on the south side from the first alley west of Harrison street to Webster street in accordance with Declaratory Resolution No. 106 be and the same is hereby approved, and that notice of same to property holders affected thereby be served upon them according to law, and that the 26th day of May, 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the respective assessments as approved by the Board.

Adopted.

The Board then adjourned.

Adopted.

Main Sewer Improvement Resolution No. 18.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a main sewer which from its size and character is not only intended and adapted for use by the property owners whose property abuts along the line of said sewer but is also intended and adapted for receiving sewage from collateral drains which may be hereafter constructed, be and the same is hereby ordered in

and along Anna street from the brick sewer on Fox Avenue to the west line of Indiana Avenue, in the alley between Lincoln Avenue and Larilla avenue, in the alley east of Broadway from Lincoln avenue to Larilla avenue, in the alley between Fox avenue and Indiana avenue from the center of Anna street to the alley north of Home avenue, in the alley north of Home avenue from Fox avenue to the west line of Indiana avenue, through lot No 4 of Cooks Subdivision of the east half of Wayne Township outlot No. 2, in the alley between Larilla avenue and Home avenue from the alley west of Indiana avenue to the west line of Cooks sub-division; on the center line east and west through the west half of Wayne Township Outlot No. 2, in the alley east of Broadway from Larilla avenue to Home avenue; on Beaver avenue from the north line of Home avenue to the alley between Home avenue and Cottage avenue, in the alley between Home avenue and Cottage avenue from Beaver avenue to South Wayne avenue and in the alley west of Indiana avenue from Larilla avenue to Home avenue, as follows:

Said sewer shall be a 24 inch vitrified clay pipe sewer on Anna street from the brick sewer on Fox avenue to the alley between Fox avenue and Indiana avenue, and in the alley between Indiana avenue and Fox avenue from Anna street to the alley north of Home avenue; a 20 inch vitrified clay pipe sewer in the alley north of Home avenue and between Larilla avenue and Home avenue from the alley between Fox avenue and Indiana avenue to the alley east of Broadway and in the alley east of Broadway and on Beaver avenue from a point 142½ feet north of Home avenue to the alley between Home avenue and Cottage avenue, a 15 inch vitrified clay pipe sewer in the alley between Home avenue and Cottage avenue from Beaver avenue to the west line of Indiana avenue, a 12 inch vitrified clay pipe sewer in the alley between Home avenue and Cottage avenue from the west line of Indiana avenue to South Wayne avenue, a 12 inch vitrified clay pipe sewer in the alley east of Broadway from a point 142½ feet south of Larilla avenue to Larilla avenue, a 12 inch vitrified clay pipe sewer in the alley west of Indiana avenue from Larilla avenue to Home avenue, a 12 inch vitrified clay pipe sewer in the alley north of Home avenue from the alley west of Fox avenue to Fox avenue, a 15 inch vitrified clay pipe sewer on Anna street from the alley east of Indiana avenue to the center of Indiana avenue, a 12 inch vitrified clay pipe sewer in the alley between Lincoln avenue and Larilla avenue from the center of Indiana avenue to the alley east of Broadway, and a 12 inch vitrified clay pipe sewer in the alley East of Broadway from Lincoln avenue to Larilla avenue, all

in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.
The total cost of said improvement shall be paid for by the holders of property beneficially affected thereby in proportion to the benefits received including not only the property abutting on the line of said sewer but also all property which may be beneficially affected by the construction of said sewer which lies within the following described territory in the city of Fort Wayne, County of Allen and State of Indiana: All lots or parcels of land lying south of Lincoln avenue and Anna street west of Fox avenue from Anna street to Home avenue, west of South Wayne avenue from Home avenue to Huttmann avenue, north of Huttmann avenue, east of Beaver avenue from Huttmann avenue to Home avenue and east of Broadway from Home avenue to Lincoln avenue.
Adopted.

Moved that notice of the adoption of Improvement Resolutions Nos 343, 344, 345, 346, 347, and Main Sewer Improvement Resolution No. 18 be published in the Fort Wayne Journal Gazette on the 4th and 11th days of June 1904 and that the 23d day of June at 7.30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned proposed improvements.
Adopted.

Moved, that an assessment roll of benefits and awards of damages in the matter of vacating the alley east of Thomas street on the east line of lots 10 and 11 Bards Subdivision of Hamans Outlot No 5 Plat A. in accordance with Declaratory Resolution No. 108,
also an assessment roll of benefits and damages in the matter of vacating the alley between lots 142 & 143 Hamans Addition from Jefferson street to the first alley north in accordance with Declaratory Resolution No. 109, be and the same are hereby approved and that notice of same to owners of property affected thereby be served according to law and that the 23d day of June 1904 at 7.30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances from owners of property affected thereby against their respective assessments of benefits or awards of damages as fixed by the Board of Public Works.
Adopted.

The city civil Engineer was instructed to prepare plans and specifications as follows:
For paving Berry street from Calhoun street to Fairfield Avenue.
For relaying the sidewalks on the west side of Walton Avenue

from the first alley south of the Wabash Railroad to Selden street for the construction of sidewalks on the east side of Indiana Avenue from Home Avenue to Hattmann Avenue.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, June 23d, 1904.

Regular meeting held at 7:30 o'clock P.M.
Present: Peter Eggemann, Wm Doehrmann, N.C. Zollinger.

The petition of B.M. Strawn and 9 others for the grading of Organ Avenue from Beaver Avenue to Indiana Avenue and to repair Organ Avenue between Beaver Avenue to Broadway was received and the city civil Engineer instructed to prepare plans and specifications.

The petition of H.A. Imbody and 14 others for the erection of a street light at the intersection of Fairfield Avenue and Hendricks street was received and placed on file.

The remonstrance of G.L. Hackins and 9 others against the paving of the alley between Wayne and Washington streets from Van Buren street to Jackson street was received and

placed on file.

The following petitions to do work under private contract were granted:
Chas Lehrick to raise and relay the sidewalks abutting on lots 207 Williams Addition, 11 Greenes Addition, 1 J. Orffs Am. Sub., N.E. corner of Creighton Ave and Clay street.
Fred Ziemendorff to construct a cement sidewalk on Harrison street abutting on lot 518 Kumas Add.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 335, which provides for the construction of sidewalks on the south side of Columbia street from the N.Y.C. & St.L. R.R. to the Mannee river bridge, — also against the work performed under Improvement Resolution No. 338 which provides for paving the alley between Wayne and Washington streets from Lafayette street to Clay street, also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under aforementioned Improvement Resolutions, which assessment rolls contain a description of each piece of property assessed together with the names of the owners of such property and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolutions Nos 335 and 338 was finally accepted and the assessment rolls confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the rolls of assessments of benefits and awards of damages in the matter of condemning a right of way for sewer purposes through parts of Barnetts Outlots 14 and 17 in accordance with Declaratory Resolution No. 107, —
also to hear objections or remonstrances against the rolls of assessments of benefits and awards of damages in the matter of vacating the the first alley east of Thomas street on the east line of lots 10 and 11 Bards Subdivision of Kumas Outlot No. 5 Plat A. in accordance with Declaratory Resolution No. 108, —

also against the rolls of assessments of benefits and awards of damages in the matter of vacating the alley between lots 142 and 143 Hunnas Addition from Jefferson street to the alley north in accordance with Declatatory Resolution No. 109,—
and there appearing no objections or remonstrances whatever upon motion the rolls of assessments of benefits and awards of damages under Declaratory Resolutions Nos. 107, 108, 109 as aforementioned, were confirmed as in the original and ordered delivered to the Department of Finance.

This being the date and time previously fixed by the Board when they would hear and consider objections and remonstrances against Improvement Resolution No. 343 which provides for the construction of sidewalks on the south side of High street from Franklin Avenue west to the city limits,—
also against Improvement Resolution No. 344, which provides for the construction of sidewalks on the East side of Clinton street from the alley south of Wallace street to Williams street.
also against Improvement Resolution No. 345 which provides for the construction of sidewalks on the east side of Jane street from Pontiac street to Leith street,—
also against Improvement Resolution No. 346, which provides for the construction of sidewalks on both sides of McLachlan street from the alley north of Esmond street to Esmond street,
also against Improvement Resolution No. 347, which provides for the construction of sidewalks on the west side of Calhoun street from the north line of lot No. 11 Covers Addition to Cour street,—
also against Main Sewer Improvement Resolution No. 18, which provides for the construction of a main sewer in and along Anna street from Fox Avenue to Indiana Avenue and various branches,—
and there appearing no objections or remonstrances whatever, upon motion Improvement Resolutions Nos 343, 344, 345, 346, 347 and Main Sewer Improvement Resolution No. 18 were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Improvement Resolutions Nos. 343, 344, 345, 346, 347 and Main Sewer Improvement Resolution No. 18 be published in the Fort Wayne Journal Gazette on the 25th day of June and the 2nd day of July, 1904 and that the seventh day of July, 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be

performed under aforementioned Resolutions.

Adopted

Moved, that the work performed under Improvement Resolution No. 327, which provides for the paving of Harrison street from Wayne street to Baker street, be and the same is hereby accepted and that notice of same be published in the Fort Wayne Journal Gazette on the 25th day of June 1904 and that the 7th day of July at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed under aforementioned resolution and against the assessment roll as approved by the Board.

Adopted.

The clerk was requested to notify the Fort Wayne Electric Light and Power Company to erect and maintain a street light at the intersection of Washington street and Lafayette street said light having been omitted from the list of lights ordered May 16th, 1904, to be erected.

My commission expires Jan. 19, 1907.

The City Civil Engineer submitted plans and specifications for the paving of Broadway from Scott Avenue to the South line of Lot No. 38 Broadway Park Addition. Upon motion they were approved.

Improvement Resolution No. 339.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve Broadway from the north property line of Scott Avenue to the south line of lot No 38 Broadway Park by grading and paving the roadway to a width of 38 feet with sheet asphalt, asphalt block or vitrified paving block upon a six (6) inch Portland cement concrete foundation placing a marginal finish at all street and alley intersections, curbing with new curbstone and paving the wings of all connecting streets and alleys all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Moved that notice to property owners of the adoption of Improvement Resolution No. 339 be published in the Fort Wayne Journal Gazette on the 13th and 20th days of August 1904 and that the first day of September 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against aforementioned Improvement Resolution. Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution No. 112, which provides for the vacation of Sinclair street from Sherman street to Oakland street also for the vacation of all alleys in Lockners Subdivision, — also to hear and consider objections or remonstrances against Declaratory Resolution No. 113 which provides for the vacation of the alley between lots 154 LaSalles Addition and lot 29 Fernands Subdivision from Baker street to the first alley north, — and there appearing no objections or remonstrances whatever, upon motion Declaratory Resolutions Nos. 112 and 113 were confirmed as in the original.

Moved, that the work performed under Improvement Resolution No. 339, which provides for the grading of Hoagland Avenue from Killea street to Darrow Avenue be and the same is hereby accepted, and that notice of such acceptance to owners of property affected by such improvement be published in the Fort Wayne Journal Gazette on the 13th day of August 1904 and that the first day of September 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed under Improvement Resolution No. 339, or against the

assessment roll covering such work as approved by the Board.
Adopted.

Moved, that an assessment roll of benefits and award of damages in the matter of vacating the alley between lots Nos 9 and 10 Morton Place Addition, also that part of the alley lying east of Fairfield Avenue and north of the alley between Wildwood Avenue and Kinnaird Avenue, in accordance with Declaratory Resolution No 111 be approved and that notice to owners of property affected thereby be served according to law and that the 15th day of September, 1904, at 7 30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the respective amounts as fixed by the Board in said assessment roll.
Adopted.

The Board then adjourned.

Wm Boekmann
H.C. Zollinger
BOARD OF PUBLIC WORKS.

Board of Public Works.

Fort Wayne, Ind., August 18th, 1904.
Regular meeting held at 7 30 o'clock P.M.
Present: Peter Eggemann, Wm Doehmann, H.C. Zollinger.

The petition of Fred Segeder and one for the opening of a street between lots N 4 and 5 Woods Outlots from Lafayette street to Warsaw street extended south was received and placed on file.

The petitions of Charles Lebrock to relay under private contract the sidewalks abutting on lot 3 Block 26 Ewings Addition on west Wayne street, also the sidewalks abutting on lots 154, 155, 156 Williams' Addition on the south east corner of Dewald and Harrison streets were granted.

The petition of M. Rauh to relay the sidewalks abutting on lots 5, 6 and 7 Eckarts Sub on north Harrison street was granted and his bond approved.

The Sewer Builders Bond of Albert Tomkinson was approved.

Moved, that a roll of assessments of benefits and awards of damages in the matter of vacating Sinclair street from Sherman street to Oakland street and all alleys in Sweetsers Subdivision in accordance with Declaratory Resolution No. 113, — also a roll of assessments of benefits and awards of damages in the matter of vacating the alley between lot 154 Estalles Addition and lot 29 Putnams Subdivision from Baker street to the first alley north in accordance with Declaratory Resolution No. 113, — be and the same are hereby approved, and that notice of such assessment roll of benefits and awards of damages be served upon each owner of property affected thereby according to law, and that the 15th day of September, 1904 at 7:30 o'clock P. M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned rolls of assessments of benefits and awards of damages as approved by the Board. Adopted.

Comes now the Lawton Place Improvement Company and declare that they are the owners of all property affected by the vacation of Sinclair street from Sherman street to Oakland street and all alleys in Sweetsers Subdivision and that they are the only parties interested in the vacation of Sinclair and aforedescribed alleys, and request the Board to approve and confirm at this meeting of the Board the roll of assessments of benefits and awards of damages covering the vacation ~~described~~ of Sinclair street and all alleys in Sweetsers Subdivision as aforedescribed, waiving the issuance and service upon them of the ten days' notice provided for by Section 4123 Burns Revised Statutes, 1901.

Upon motion the Board thereupon confirmed said roll of assessments of benefits and awards of damages in the matter of vacating Sinclair street from Sherman street to Oakland street and all alleys in Sweetsers Subdivision in accordance with Declaratory Resolution No. 113 and ordered such roll forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

The Lawton Place Improvement Company submitted a plat of Sweetsers Amended Subdivision, it being the East 78.7 feet of lot 14 and all of lot 15 of Ewings Outlots in Section 3 Township 30 North, Range 12 East, lying between Third and High streets in the city of Fort Wayne, Indiana. Upon motion said plat was approved by the Board.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 323 which provides for the paving of Dewald street from Broadway to Hanna street, —
also hear and consider objections or remonstrances against the work done under Improvement Resolution No. 328, which provides for the paving of Hoagland avenue at the Dewald street intersection, —
also against the work done under Improvement Resolution No. 331 which provides for the paving of Pearl street from Harrison street to Fulton street, —
also against the work done under Improvement Resolution No. 337, which provides for the construction of sidewalks on the west side of Piqua avenue from Calhoun street to the north line of Cour street and on the east side of Piqua avenue from the north line of Cour street to the south line of Lot 20 Arbuckle Heirs Addition, —
also against the work done under Improvement Resolution No. 344, which provides for the construction of sidewalks on the East side of Clinton street from the alley south of Wallace street to Williams street, —
also a date and time when the assessment rolls covering the work performed under aforementioned Improvement Resolutions would be heard before taking final action thereon, which assessment rolls contain a description of each piece of property assessed together with the names of the holders of such property and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolutions Nos. 323, 328, 331, 337, 344 was finally accepted and the assessment rolls confirmed as in the original and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Moved that the work performed under Improvement Resolution No. 318, which provides for the paving of Berry street from College street to Nelson street, —
also the work performed under Improvement Resolution No. 329, which provides for the paving of Jackson street from Main street to Jefferson street, —
also the work performed under Improvement Resolution No. 333, which provides for the paving of Rockhill street

also the work performed under Improvement Resolution No. 341 which provides for the grading of Adiger street and the construction of sidewalks on both sides from Wilber street to Bratton avenue, —
from Berry street to Jefferson street, —
also the work performed under Local Sewer Improvement Resolution No. 112, which provides for the construction of a vitrified clay pipe sewer in the alley between Lake avenue and Rivermet avenue from Tecumseh street to the alley between Tecumseh street and Crescent avenue, and in the alley between Tecumseh street and Crescent avenue from Lake avenue to Rivermet avenue, —
also the work performed under Local Sewer Improvement Resolution No. 120, which provides for the construction of a vitrified clay pipe sewer in the alley between Stophlet street and Taylor street from Nelson street to Riedmiller avenue, —
be and the same is hereby accepted, and that notice of the acceptance of such work be published in the Fort Wayne Journal Gazette on the 20th day of August 1904, and that the first day of September, 1904 at 7½ o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed under aforementioned Improvement Resolutions or against the assessment rolls as approved by the Board.

Adopted.

The City Civil Engineer was instructed to prepare plans and specifications for the construction of a cement sidewalk in front of lot No. 199 Rockhills Addition on west Berry street.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works

Fort Wayne, Indiana, September 1st, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, Wm. Doehrmann, H.C. Zollinger.

The petition of the Wayne Knitting Mills and 13 others for the erection of a street lamp at the intersection of Kinkhead Avenue and Morrison streets was received and placed on file.

The petition of George Ehrmann to relay the sidewalks on the northwest corner of Pearl street and Maiden Lane was granted.

The petition of Wm Lebrecht to relay the sidewalks on Ohio street along lot 10 E. Hanna Lee Addition was granted.

The petition of Winefred J. Randall to construct a cement sidewalk on the north side of Pearl street in front of lots 561, 562, 563 Hannas Addition was granted and the bond approved.

The petition of L.A. Bowser & Co. to relay certain sidewalks on East Creighton Avenue was granted and their bond approved.

The Sewer Builders Bond of Wm. Ahlersmeyer was approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 359 which provides for the paving of Broadway from Scott Avenue south, and there appearing no objections or remonstrances, excepting the Fort Wayne and Wabash Valley Traction Company, who object to putting down a double track on said portion of Broadway, upon motion Improvement Resolution No 359 was confirmed as in the original.

Moved, that notice to contractors of the work to be done under Improvement Resolution No. 359 be published in the Fort Wayne Journal Gazette on the 3d and 10th days of September, 1904, and that the 22nd day of September, 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open proposals for the work to be done under aforementioned resolution. Adopted

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 112, which provides for the construction of a vitrified clay pipe sewer in the alley between Lake Avenue and Rivervet Avenue from Tecumseh street to the alley between Tecumseh street and Crescent Avenue, and in the alley between Tecumseh street and Crescent Avenue from Lake Avenue to Rivervet Avenue, —
also to hear objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 120, which provides for the construction of a vitrified clay pipe sewer in the alley between Stophlet street and Taylor street from Nelson street to Riedmiller Avenue, —
also against the work done under Improvement Resolution No. 318, which provides for the paving of Berry street from College street to Nelson street, —
also against the work done under Improvement Resolution No. 329, which provides for the paving of Jackson street from Main street to Jefferson street, —
also against the work done under Improvement Resolution No. 333, which provides for the paving of Rockhill street from Berry street to Jefferson street, —
also against the work done under Improvement Resolution No. 339, which provides for the grading of Hoagland Avenue from Killea street to Darrow Avenue, —
also a date and time when the assessment rolls covering the work performed under each of aforementioned Improvement Resolutions would be heard before taking final action thereon which assessment rolls contain a description of each piece of property assessed together with the name of the owner or holder of such property and the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances whatever upon motion the work performed under Local Sewer Improvement Resolutions Nos. 112, 120 and Improvement Resolutions Nos. 318, 329, 333, 339

was finally accepted and the assessment rolls confirmed as in the original and ordered delivered to the Department of Finance. All of which was finally ordered and approved.

The matter of Hearing and considering objections or remonstrances against the work done under Improvement Resolution No. 341, owing to an objection to the work and the fact that the proper affidavit had not been filed, was postponed until 7:30 o'clock P.M. September 8th, 1904.

In the matter of paving Clinton street from Holman street to a point 344 feet south under Improvement Resolution No. 348, no petition having been filed by property owners asking for the substitution of some other material than that selected by the Board, upon motion the contract was awarded to the Wellering Construction Company at $7.75 per lineal foot.

Moved, that the work performed under Main Sewer Improvement Resolution No. 16, which provides for the construction of a main sewer on Grace avenue from Fox avenue to Broadway, and various branches
also the work performed under Improvement Resolution No. 343, which provides for the construction of sidewalks on the south side of High street from Franklin Avenue west to the city limits
also the work performed under Improvement Resolution No. 346, which provides for the construction of sidewalks on both sides of McLachlan street from the alley north of Elmwood street to Elmwood street be and the same is hereby accepted, and that notice of same to property holders be published on the third day of September 1904 in the Fort Wayne Journal Gazette and that the 22nd day of September 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed under aforementioned resolutions or against the assessment rolls as approved by the Board. Adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Ft Wayne, Indiana, Sept 24th, 1904.

Special meeting held at 1:45 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The Board having had under consideration all bids received under Improvement Resolution No. 359 found them all to be higher than the nature of the work to be performed would warrant them to be, therefor upon motion all bids received under this resolution were rejected.

There appeared now before the Board Henry C. Paul and J.M. Barrett in behalf of the Fort Wayne Electric Light and Power Company and submitted a request asking that they be granted an Extension

of time amounting to one year in which to put in a steam heating and hot water plant under the franchise granted to various individuals under date of March 26th. 1903. Upon consultation with the city attorney the Board approved such contract and requested the clerk to submit it to the common council for approval.

The petition of Frank Chauvey and three others for the paving of Clinton street from Superior street to East Fifth street was received and placed on file.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, October 20th, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of Julius Remus to construct a cement sidewalk in front of No 2218 South Broadway was granted.

The petition of W.P. Linick to relay the sidewalks on Washington street in front of part of lot 50 Hamms' Addition was granted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 348 which provides for the paving of Clinton street from Holman street to a point 344 feet south of Holman street, also a date when the Board would hear and consider objections or remonstrances against the assessment roll covering aforementioned work, which assessment contains a description of each piece of property assessed together with the names of the holders of such property and the amount of the pro rata assessment against each piece of property, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it has been assessed, and there appearing no objections or remonstrances whatever, upon motion the work performed under Improvement Resolution No. 348 was finally accepted and the assessment roll confirmed as in the original and ordered delivered to the department of Finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when the Board would hear and consider objections and remonstrances against Improvement Resolution No. 360, which provides for relaying the sidewalks on the west side of Walton Avenue from Selden street to the alley north of Selden street, owing to the fact that the sidewalk in question had been relaid and repaired by the interested property owner, upon motion all proceedings had under Improvement Resolution No. 360 were rescinded.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 361, which provides for the construction

of sidewalks on both sides of Linnus street from Winter street to Walton Avenue, owners of property along the north side of said Linnus street asked the Board to defer the construction of the sidewalks along the north side of said Linnus street until early spring next year so as to permit the owners of the vacant lots on said north side to grade down high lots and fill up low lots before the sidewalks be constructed. Upon motion the Board decided to grant the request and amended Improvement Resolution No. 361 to read: "sidewalk on the south side of Linnus street from Etc." instead of "sidewalks on both sides of Linnus street from" Etc.
The resolution having been thus amended, upon motion it was confirmed as amended.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 362, which provides for the construction of cement sidewalks on the south side of Wildwood Avenue from Fairfield Avenue to South Wayne Avenue, - also to hear and consider objections or remonstrances against Improvement Resolution No. 363 which provides for the grading of Kinnaird Avenue from Indiana Avenue to Beard Avenue, -
also to hear and consider objections or remonstrances against Improvement Resolution No. 364, which provides for the grading of Lakeview Avenue from Indiana Avenue to Beard Avenue, -
also to hear and consider objections or remonstrances against Improvement Resolution No. 365 which provides for the construction of a cement curb and cement sidewalks next to the curb on both sides of Phillips street also the grading of Phillips from Broadway to Miner street, -
also to hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 121, which provides for the construction of a vitrified clay pipe sewer in the alley between Walton Avenue and Euclid Avenue from Diamond street to Mercer street, -
also to hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 122, which provides for the construction of a vitrified clay pipe sewer in the alley between Calhoun street and Victoria Avenue from Darrow Avenue to Marshall street, -
also to hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 123, which provides

for the construction of a vitrified clay pipe sewer in the alley between Calhoun street and Harrison street, through lots 14 and 17 Barnetts Outlots from Darrow Avenue to Killea street, —
also to hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 124, which provides for the construction of a vitrified clay pipe sewer in the alley east of Lorette Wayne Avenue, through Park lot "A", etc.
also to hear and consider objection or remonstrances against Local Sewer Improvement Resolution No. 125, which provides for the construction of a vitrified clay pipe sewer in the alley between South Wayne avenue and Fox avenue from the south line of lot No 2 Zollars and Swaynes Addition to the alley north of Howe ave., and in the alley north of Howe Avenue from South Wayne Avenue to Fox Avenue, —
also to hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 126, which provides for the construction of a vitrified clay pipe sewer in South Wayne Avenue from the alley south of Creighton Avenue to the alley north of Meyer Avenue, etc. and there appearing no objections or remonstrances whatever, upon motion Improvement Resolutions Nos 362, 363, 364 and 365 and Local Sewer Improvement Resolutions Nos 121, 122, 123, 124, 125, and 126 were confirmed as in the original.

Moved, that notice to contractors of the work to be performed under Improvement Resolutions Nos. 361, 362, 363, 364, 365 and Local Sewer Improvement Resolutions Nos 121, 122, 123, 124, 125 and 126 be published in the Fort Wayne Journal Gazette on the 22nd and 29th days of October, 1904 and that the 10th day of November 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open sealed proposals for the work to be done under aforementioned resolutions. Adopted.

The city civil Engineer submitted plans and specifications which were approved as follows:
For a sewer in the alley between Crescent Avenue and Columbia Avenue from Tecumseh street to Columbia Avenue.
For a sewer in the second alley west of Harrison street from Superior street to a point 160 feet south of Superior street.
For a sewer along a line that is 173 feet west of Broadway from Guthrie street to the south line of lot No 1 of Ewings Outlots.

Local Sewer Improvement Resolution No. 127.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the alley between Crescent avenue and Columbia avenue from the brick sewer on Tecumseh street to Columbia avenue as follows: Said sewer shall be a 12 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 128.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along the second alley west of Harrison street from the brick sewer on Superior street to a point 160 feet south of Superior street as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Local Sewer Improvement Resolution No. 129.

Resolved, by the Board of Public Works of the city of Fort Wayne, State of Indiana, that the construction of a local sewer, intended and adapted only for local use by the property holders whose property abuts thereon, and not intended or adapted for receiving sewage from collateral drains, be and the same is hereby ordered in and along a line that is 173 feet west of Broadway from the sewer on Dubois street to the south line of lot No. 1 of Ewings Outlots as follows: Said sewer shall be a 15 inch vitrified clay pipe sewer, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city.

Adopted.

Moved, that notice to property holders of the adoption of Local Sewer Improvement Resolutions Nos 127, 128, 129 be published in the Fort Wayne Journal-Gazette on the

22nd and 29th days of October, 1904 and that the 10th day of November 1904 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned Local Sewer Improvement Resolutions.

Adopted.

Moved, that the work performed under Improvement Resolution No. 349, which provides for the paving of Baker street from Webster street to Hoagland avenue, -
also the work performed under Improvement Resolution No. 350, which provides for the paving of Lutkenfield street from Webster street to Hoagland Avenue -
also the work performed under Local Sewer Improvement Resolution No. 113 which provides for the construction of a sewer in the alley west of Fairfield avenue from the brick sewer to the alley South of Home avenue and in all alleys between Fairfield Avenue and South Wayne Avenue and Home Avenue and Huttmann Avenue, -

BOARD OF PUBLIC WORKS.

Asst. Albert Schmidt
CLERK.

Office Board of Public Works.

Fort Wayne, Indiana, November 3d, 1904.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The following communication from the Fort Wayne and Wabash Valley Traction Company was received and ordered spread on record:

To the Honorable Board of Public Works of the City of Fort Wayne:

Gentlemen, - The Fort Wayne and Wabash Valley Traction Company hereby notifies and informs your Honorable Board that it has acquired and is now the owner of all the property rights, privileges and franchises of the Fort Wayne and Southwestern Traction Company.

November 3d, 1904.

Fort Wayne and Wabash Valley Traction Company
By C. D. Emmons, Genl. Superintendent
Jno. Barrett, Genl. Counsel.

The Fort Wayne and Wabash Valley Traction Company notified the Board that it would be necessary to connect their tracks on Columbia street west of Calhoun street with those east of Calhoun street thereby reaching the Clinton street loop, also to connect by spur at the northwest corner the tracks at the intersection of Fulton and Main streets. The consent of the Board to do this work was given.

The Sewer Builders Bond of Anton Rieg was approved.
The Plumbers and Gasfitters Bond of John T. Meyer was approved.

The Sidewalk Builders Bond of L.H. McAfee was approved.

The petition of L.H. McAfee to relay the sidewalks abutting on lot No 1 Lemmons & Brassells Addition on the south side of Pontiac street was granted.

The petition of Ernest Stephan to construct under private contract a five foot brick sidewalk on the north side of Pontiac street abutting on lot No. 57 E. Hanna Bro. Sub. was granted providing a proper bond is furnished and the work done according to specifications and grade furnished by the City Civil Engineer.

The petition of W.C. Bolme and 37 others for the Erection of a street light at the intersection of Niebke and Lafayette streets was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Improvement Resolution No. 349, which provides for the paving of Faber street from Webster street to Hoagland Avenue, —
also to hear and consider objections or remonstrances against the work done under Improvement Resolution No. 350, which provides for the paving of Littlefield street from Harrison street to Hoagland Avenue, —
also to hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 115 which provides for the construction of a sewer in the alley west of Fairfield Avenue from the brick sewer to the alley south of Home Avenue, and in all the alleys between Fairfield Avenue and South Wayne Avenue and Home Avenue and Huttmann Avenue, — also a date and time when the Board would hear and consider objections or remonstrances against the assessment rolls covering the work performed under each of aforementioned Improvement Resolutions, which assessment rolls contain a description of each piece of property assessed together with a description of each piece of property so assessed and the amount of the pro rata assessment against Each piece of property, which pro rata assessment is based upon the actual benefits Each piece of property has received from the improvement for which it is assessed, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolutions Nos. 349, 350 and Local Sewer

Improvement Resolution No. 115 was finally accepted and the assessment rolls confirmed as in the original and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Main Sewer Improvement Resolution No. 17, which provides for the construction of a sewer in and along the alley west of Broadway through lot 42 Old Orchard Addition, on Guthrie street, &c., owing to the fact that the contractor had not completed the work of removing debris &c. upon motion further hearing in this matter was deferred until 7:30 o'clock P.M. November 10th, 1904.

A communication from Charles Rasch and 6 other holders of property abutting on Columbia street between Calhoun street and Harrison street asking that the Board accept the proposition of C.C. Moellering & Co. to release them from their guaranty bond executed about May 23d, 1898 when entering into contract for the paving of said Columbia street providing said C.C. Moellering & Co. first resurface said Columbia street from Calhoun street to Harrison street, said street being in very bad condition.
The communication was received and placed on file.

The Board then adjourned.

also against Improvement Resolution No. 383, which provides for the paving of Lafayette street from Dewald street to Perdiae street -
also against Improvement Resolution No. 385, which provides for the paving of Williams street from Calhoun street to Lafayette street -
and there appearing no objections or remonstrances whatever against either of aforementioned Improvement Resolutions upon motion Improvement Resolutions Nos. 367, 368, 369, 370, 371, 372, 373, 374, 375, 376, 377, 378, 379, 380, 381, 382, 383, and 385 were confirmed as in the original.

Moved, that notice to contractors of the work to be performed under Improvement Resolutions Nos: 367, 368, 369, 370, 371, 372, 373, 374, 376, 377, 378, 379, 380, 381, 382, 383, 385 be published in the Fortwayne Journal Gazette on the 2nd and 9th days of March, 1905 and that the 23d day of March, 1905 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open proposals for the work to be done under each of aforementioned Improvement Resolutions.

Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 384 which provides for the paving of Wallace street from Lafayette street to Hanna street owing to a large number of resident property owners appearing before the Board and objecting to the paving of Wallace street unless it be paved from Calhoun street to Ewing street upon motion Improvement Resolution No. 384 was rescinded.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 129 which provides for the construction of a sewer along a line that is 173 feet west of Broadway from Guthrie street to the south line of Ewings Outlot No. 1, upon motion further hearing in this matter was deferred until February 27th, 1905, at 3 o'clock P.M.

The Board then adjourned.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.
Fort Wayne, Indiana, April 3d, 1905.
Regular meeting held at 3 o'clock P.M.
Present: Peter Eggemann, William Loehmann, H. C. Zollinger.

Pursuant to the selection of material to be used in making various street improvements made by the Board on March 27th, 1905, the Board now proceeded to award the contracts giving due consideration to all petitions for other material than that selected by the Board which had been filed with the Board according to law. The contracts were awarded as follows: Improvement Resolution No. 367, for the paving of Calhoun street from Dewald street to Creighton avenue upon motion the contract was awarded to The Barber Asphalt Paving Co. Improvement Resolution No. 368 for the paving of Calhoun street from Creighton Avenue to Pontiac street upon motion the contract was awarded to the Barber Asphalt Paving Co. Improvement Resolution No. 369 for the paving of Calhoun street from Pontiac street to Marshall street upon motion the contract was awarded to the Barber Asphalt Paving Co.

Improvement Resolution No. 370, for paving Clinton street from Dock street to Columbia street, Townsend Block was selected by the Board on March 27th, 1905, as the material to be used in making the improvement. Property holders representing more than two thirds of the frontage along the proposed improvement had filed a petition asking that Hadley Block be used instead of Townsend Block, hence the Board awarded the contract to Jos. Derheimer Co., their bid on Hadley Block being the lowest and best.
Improvement Resolution No. 371, for paving Clinton street from Berry street to Lewis street, upon motion the contract was awarded to the Barber Asphalt Paving Company.
Improvement Resolution No. 372, for paving Clinton street from Lewis street to Holman street, Townsend Block had been selected by the Board on March 27th, 1905, as the material to be used in making the improvement. Property holders representing more than two thirds of the frontage along the proposed improvement had filed a petition asking that Hadley Block be used instead of Townsend Block, hence the Board awarded the contract to Jos Derheimer & Co. their bid on Hadley Block being the lowest and best.
Improvement Resolution No. 373, for the paving of Ewing street from Pearl street to Jefferson street upon motion the contract was awarded to the Barber Asphalt Paving Co.
Improvement Resolution No. 374, for paving Ewing street from Jefferson street to Baker street upon motion the contract was awarded to the Barber Asphalt Paving Co.
Improvement Resolution No. 376, for paving Jefferson street from Hanna street to Harmer street upon motion the contract was awarded to W. N. Hatch & Sons.
Improvement Resolution No. 377, for paving Jefferson street from Harmer street to Division street upon motion the contract was awarded to the Barber Asphalt Paving Co.
Improvement Resolution No. 378, for paving Lafayette street from Columbia street to Main street upon motion the contract was awarded to W. N. Hatch & Son.
Improvement Resolution No. 379, for paving Lafayette street from Main street to Washington street, Hadley Block had been selected by the Board as the material to be used in making the improvement. Property owners representing more than two thirds of the frontage along the proposed improvement had filed a petition asking that Trinidad Pitch Lake Asphalt be used instead of Hadley Block, but as signatures to the petitions of some out of town people were questioned by the Hadley Block people, upon

motion the Board decided to defer further action in this matter until April 5th. 1905, at two o'clock P.M., in order to obtain time to verify the signatures.

Improvement Resolution No. 380, for the paving of Lafayette street from Lewis street to Holcomb street, upon motion the contract was awarded to the Moellering Construction Company.

Improvement Resolution No. 381 for the paving of Lafayette street from Murray street to Lasalle street Hadley Block had been selected by the Board on March 27th. 1905 as the material to be used in making the improvement. Property holders representing more than two thirds of the frontage along the proposed improvement had filed a petition asking that Trinidad Pitch Lake Asphalt be used instead of Hadley Block, hence the contract was awarded to the Barber Asphalt Paving Company, their bid being the lowest and best on that particular kind of material.

Improvement Resolution No. 382, for paving Lafayette street from Lasalle street to Dewald street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 383, for paving Lafayette street from Dewald street to Pontiac street, upon motion the contract was awarded to the Barber Asphalt Paving Company.

Improvement Resolution No. 385, for paving Williams street from Calhoun street to Lafayette street upon motion the contract was awarded to the Barber Asphalt Paving Co.

The Plumbers and Gasfitters Bond of Edward A Derheimer was approved.

The House Movers Bond of Henry Trier was approved.

The petition of John Cunall & 7 others for the construction of sidewalks on the west side of Mechanic street from St Marys river to Swinney Park foot bridge was received and placed on file.

The city civil engineer was instructed to prepare plans and specifications for the construction of sidewalks on the north side of Simons street from Minter street to Walton avenue.

The city civil engineer submitted plans and specifications for work to be done under public contract which were approved as follows:

For the construction of cement sidewalks on both sides of Jackson street from Main street to Jefferson street.

For the construction of cement sidewalks on both sides of Rockhill street from Berry street to Jefferson street.

For the construction of cement sidewalks on the north side of Berry street abutting on lot No. 199 Rockhills Addition.

Improvement Resolution No. 386.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on both sides of Jackson street from Main street to Jefferson street (exempting all cement walks now laid to a proper line and grade) by grading to a width of five (5) feet and paving with cement to a width of five (5) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Improvement Resolution No. 387.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalks on both sides of Rockhill street from Berry street to Jefferson street (Exempting all cement walks now laid to a proper line and grade) by grading to a width of five (5) feet and paving to a widdle of five (5) feet, all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Improvement Resolution No. 388.

Resolved, by the Board of Public Works of the city of Fort Wayne, Indiana, that it is deemed necessary to improve the sidewalk on the north side of Berry street abutting on lot No. 199 Rockhills Addition by grading to a widdle of five (5) feet and paving with cement to a width of five (5) feet all in accordance with the profile and specifications on file in the office of the Department of Public Works of said city. Adopted.

Ordered, that notice to property owners of the adoption of Improvement Resolutions Nos 386, 387, 388 be published in the Fort Wayne Journal Gazette on the 6th and 13th days of April 1905 and that the 20th day of April 1905 at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against each of aforementioned Improvement Resolutions. adopted.

The Board then adjourned.

BOARD OF PUBLIC WORKS

Office Board of Public Works.

Fort Wayne, Indiana, April 5th, 1905.

Special meeting held at 2 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The meeting was held for the purpose of considering signatures to paving material petitions filed with the Board under Improvement Resolution No 379, providing for the paving of Lafayette street from Main street to Washington street. After hearing all evidence bearing upon this matter the Board found as follows: That the signatures in question were undoubtedly affixed to the petitions by the proper persons authorized to do so under the law. That owners of property representing more than two thirds of the frontage along the proposed improvement had requested that Trinidad Pitch Lake Asphalt be used instead of Hadley Block, the material previously selected by the Board. Therefore, the Board upon motion awarded the contract to the Barber Asphalt Paving Co. as their bid to furnish the material petitioned for was the lowest and best.

The Board then adjourned.

Attest: Alb Schmidt

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana April 6th, 1905.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of Frank H. Hilgemann and 3 others for the construction of sewers sufficient to drain Morton Place Addition was received and the city civil engineer instructed to prepare plans and specifications.

The petition of C.W. Gallmeier to relay the sidewalks in front of lot No. 171 Rockhills Add. Addition; also to construct a four foot brick sidewalk in front of lot no. 13 Broadway Park Addition, were granted.

The Sidewalk Builders Bond of C.W. Lindley was approved.
The Sewer Builders Bond of Peter Bakes was approved.
The Sewer Builders Bond of John Auer was approved.

The City Civil Engineer submitted plats showing the proposed vacation of the alley east of Watkins street from the alley south of Main street to the south line of J.C. Brooks Addition.
Also for the vacation of the alley between Lots Nos. 10 and 11 Original Plat.
Upon motion the plats were approved.

Declaratory Resolution No. 114.

Resolved, by the Board of Public Works of the City of Fort Wayne, Indiana, that it is desired and deemed necessary to vacate the alley east of Watkins street from the alley south of Main street to the south line of J.C. Brooks Addition.

All as shown by a plan of such proposed vacation now on file in the office of the Department of Public Works of said city. The cost of said vacation and all expenses connected therewith to be assessed against the property benefically affected thereby. All of said property affected being situated in the city of Fort Wayne, County of Allen and State of Indiana.

Adopted.

Declaratory Resolution No. 115.

Resolved, by the Board of Public Works of the City of Fort Wayne, Indiana that it is desired and deemed necessary to vacate the alley between Lots Nos. 10 and 11 Original Plat of the City of Fort Wayne Indiana, from Superior street to the alley South of Superior street.
All as shown by a plan of such proposed vacation now on file in the office of the Department of Public Works of said City. The cost of said vacation and all expenses connected therewith to be assessed against the property benefically affected thereby. All of said property affected being situated in the City of Fort Wayne, County of Allen and State of Indiana.

Adopted

Moved that notice to owners of property affected by the vacation of alleys described in Declaratory Resolutions No. 114 and 115 be published in the Fort Wayne Journal Gazette on the 8th and 15th days of April 1905 and that the 27th day of April 1905 at 7.30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against either of aforementioned Declaratory Resolutions.

Adopted.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution No. 131, which provides for the construction of a sewer in the alley between Swinney

Avenue and Stophlet street from Nelson street to Riedemiller avenue, - also against Local Sewer Improvement Resolution No. 133, which provides for the construction of a sewer in the alley north of Wall street through lot 10 Walls Addition, and on Worrell street from Nelson street to a point 50 feet south of the north line of Worrell street, - and there appearing no objections or remonstrances whatever, upon motion Local Sewer Improvement Resolutions Nos 131 and 132 were confirmed as in the original.

Moved that notice to contractors of the work to be done under Local Sewer Improvement Resolutions Nos 131 and 132 be published in the Fort Wayne Journal Gazette on the 3th and 13th days of April, 1905 and that the 27th day of April at 7:30 o'clock P.M. be fixed a date and time when the Board will open proposals for the work to be done under aforementioned improvement resolutions.

Adopted.

The clerk was requested to notify the Fort Wayne and Wabash Valley Traction Company to locate, erect and maintain the following street lights:

On St Martin street between Lafayette street and Warsaw street.
" Park avenue half way between Broadway and Thompson Avenue.
" Fairmount Place in front of number 520.
at the intersection of Mechanic street and Bair street.
" " " " Douglas avenue " Harrison street.
" " " " Superior street " Van Buren "
" " " " Wall " " Nelson "
" " " " Wiebke " " Lafayette "
" " " " Williams " " Barr "
" " " " Woodland Avenue " Clinton "
" " " " Second street " Carr "
" " " " High street " Clark "
" " " " Fairfield avenue " Wildwood avenue.

To move the light now located on Broadway between Park avenue and Lavilla avenue to the intersection of Broadway and Lavilla avenue.

The Board then upon motion adjourned.

Regular meeting held at 7:30 o'clock, P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The Sewer Builders Bond of M. J. Lordier was approved.
The Sewer Builders Bond of Robert Spice was approved.

The Bond of the Home Telephone Company for building a conduit at the southeast corner of Clinton and Berry streets thence south to the alley between Wayne and Washington streets, was approved.

The Bond of the Pennsylvania Company for laying a pipe across Hanna street was approved.

The Sidewalk Builders Bond of the Fort Wayne Roofing and Paving Company was approved.

The petition of Geo. Wilhelm to construct a 4 ft brick sidewalk abutting on lot No. 51 Becks Addition on Hench street was approved.

The petition of the Fort Wayne Roofing and Paving Company to construct a cement sidewalk in front of lot No 521 Hanna Addition on Berry street was granted.

The petition of John Hartman and 31 others for the construction of sidewalks on the west side of Hanover street from Wayne street north to Wyatt R.R. was received and placed on file.

James M. Bell, the owner of the East half of lot number 8 Linwood Addition, compleains that Susan Glass who owns the west half of said lot refuses to repair and rebuild the partition fence between the two properties, and herewith asks that the Board order the same to be done as provided for by General Ordinance No. 140. The communication was received and filed.

The petition of H.C. Rockhill asking that the Board accept the Eight(8) inch private sewer located in the first alley east of Davis street in Howard A. Rockhills Addition and make a public sewer out of same was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement

Resolution No.122, which provides for the construction of a sewer in the alley between Calhoun street and Victoria Avenue — also against the work done under Local Sewer Improvement Resolution No.123, which provides for the construction of a sewer in the alley between Calhoun street and Harrison street, through lots 14 and 17 Barnetts Outlots from Darrow avenue to Killea street, — also against the work done under Local Sewer Improvement Resolution No.130, which provides for the construction of a sewer in and along the alley and tracts of land north of Taylor street from the brick sewer on Taylor street to Pine street also through the east part of lot 30 Sturgis 2nd Addition from the alley north of Taylor street to a point 16 feet south of the north line of Locust street, — also against the work done under Improvement Resolution No. 366, which provides for the gravelling of Wildwood Avenue from Fairfield Avenue to South Wayne Avenue — and there appearing no objections or remonstrances against either of aforementioned improvement resolution upon motion the work performed under Local Sewer Improvement Resolutions Nos 122, 123, 130 and Improvement Resolution No. 366 was finally accepted and the assessment roll, containing a description of each piece of property assessed together with the names of the holders of each piece of property affected and the amount of the pro rata assessment against each piece of property which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed there appearing no objections or remonstrances whatever were finally confirmed and ordered forthwith delivered to the department of Finance. All of which was finally ordered and approved.

Moved that the work performed under Local Sewer Improvement Resolution No. 125, which provides for the construction of a sewer in the alley between South Wayne Avenue and Fox avenue from the South line of lot No 2 Zollars and Swaynes Addition to the alley north of Home avenue, and in the alley north of Home Avenue from South Wayne avenue to Fox avenue, be and the same is hereby accepted and that notice of such acceptance be published in the Fort Wayne Journal Gazette on the 18th day of April 1905 and that the 27th day of April 1905, at 7:30 o'clock P.M. be fixed a date and time when the Board will hear and consider objections or remonstrances against the work done under aforementioned improvement

resolution or against the assessment roll as approved by the Board.

Adopted.

BOARD OF PUBLIC WORKS.

Office Board of Public Works.

Fort Wayne, Indiana, April 20th, 1905.

Regular meeting held at 7:30 o'clock P.M.

Present: Peter Eggemann, William Doehrmann, H.C. Zollinger.

The petition of Chas G. Fox and 8 others for the construction of sidewalks on the north side of Taylor street from Broadway to the Wabash R.R. was received and the city Civil Engineer instructed to prepare plans and specifications.

The petition of E. Hanna Hayden and six others for the construction of cement sidewalks on the south side of Jefferson street from Harmer street to Division street was received and placed on file.

The petition of C.W. Hallmeier to relay under private contract a sidewalk on the west side of Thompson Avenue south of Georgia avenue was granted.

The petition of Charles Schreck to relay a sidewalk on Baker street abutting on lot No. 41 LaSalles Addition was granted.

The Remonstrance of Milton Thompson and five others against the construction of cement sidewalks on Jackson street from Washington street to Jefferson street was received and placed on file.

The remonstrance of Milton Thompson and 7 others against the construction of cement sidewalks on Jackson street from Main street to Jefferson street was received and placed on file.

The Fort Wayne, Van Wert and Lima Traction Company submitted a communication asking for the right to operate its cars into the city over the lines of the Fort Wayne and Wabash Valley Traction Company. The communication was received and placed on file.

The Sewer Builders Bond of Thomas Ahern was approved.

The following proposals to lay the new floor on the West Main street bridge were received, the city to furnish all lumber and the contractor to furnish all nails other material and labor:

Henry Grier 50 cents a lineal foot.

Chr. C. Walda 61 cents per lineal foot.

Ernest H. Rumpp — $86.00 for the whole job.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Improvement Resolution No. 386, which provides for the construction of cement sidewalks on both sides of Jackson street from Main street to Jefferson street owing to a remonstrance filed by owners of property abutting on the proposed improvement between Washington street and Jefferson street upon motion the resolution was amended to read "on both sides of Jackson street from Main street to Washington street" instead of "from Main street to Jefferson street". Upon motion the resolution was then confirmed as ammended.

This being the date and time previously fixed by the Board when they would hear objections or remonstrances against Improvement Resolution No. 387, which provides for the construction of cement sidewalks on both sides of Rockhill street from Berry street to Jefferson street, — also to hear objections or remonstrances against Improvement Resolution No. 388, which provides for the construction of cement sidewalks on the north side of Berry street abutting on lot No. 199 Rockhills Addition and there appearing no objections or remonstrances of any kind whatsoever, upon motion Improvement Resolutions No 387 and 388 were confirmed as in the original.

Moved, that notice to contractors of the work to be done under Improvement Resolutions Nos. 386, 387, 388 be published in the Fort Wayne Journal Gazette on the 22nd and 29th days of April, 1905, and that the 11th day of May 1905 at 7:30 o'clock P.M. be fixed a date and time when the Board will receive and open proposals for the work to be done under aforementioned improvement resolutions. Adopted.

The plat of Schwiers First Addition to the city of Fort Wayne Indiana, was upon motion approved.

The remonstrance of Augustus A. Chapin against the assessment made for sewer purposes against lots 407, 408, 411, 412 and 413 Lakeside Park Addition was received and placed on file.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work done under Local Sewer Improvement Resolution No. 127, which provides for the construction of a sewer in the alley between Crescent Avenue and Columbia street from Tecumseh street to Columbia Avenue, also a date and time when the Board would hear and consider objections or remonstrances against the assessment roll covering the work performed under aforementioned improvement resolution, which assessment roll contains a description of each piece of property assessed, together with the names of the holders of each piece of property and the amount of the pro rata assessment against each piece of property assessed, which pro rata assessment is based upon the actual benefits each piece of property has received from the improvement for which it is assessed there appeared Augustus A. Chapin and protested against the assessments made against lots 407, 408, 411, 412, 413 Lakeside Park Addition, claiming they were unjust and not according to law. The Board after giving due consideration to the objections made, found that such objections were not well taken, and furthermore that said Augustus A. Chapin was not the owner or holder of aforementioned lots or parcels of ground. The Board declared that they considered said assessments to be fair and proper, made according to law and upon notice the work was finally accepted and the assessment roll confirmed as in the original, there being no further objections or remonstrances of any nature whatsoever except those mentioned herein, and ordered said assessment roll to be forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Under the provisions of an act governing all cities and towns in the State of Indiana, passed by the Legislature in 1905, and which act went into effect and became operative on April 15th, 1905, the city clerk is relieved from performing any clerical work for the Board of Public Works, and said Board of Public Works is authorized to appoint a clerk to act for said Board. Therefore, upon motion, Henry W. Becker was appointed to the position of "clerk of the Board of Public Works" the appointment to take effect at once.

The Board then adjourned.

The Sewer Builders Bond of George Wilhelm was approved

" " " " " Ernest A. Ehle " "

The petition of Charles Zimmerman and 19 others for the erection of a street light at the corner of John street and Creighton Avenue was received and placed on file.

The New York Chicago and St Louis Railroad submitted an agreement authorizing them to take up the sidetrack now laid across Erie street at the factory of the National Handle Factory and move it farther east. In doing so the track would cross Erie street practically at the same angle that it does now, but would also cross Howard street. The rearrangement of this track becomes necessary by reason of the enlargement of the factory and the erection of several additional warerooms. Tracks over and across streets are to be located and laid as shown on blue print accompaning the contract. Upon motion the contract was approved and the clerk instructed to submit it to the Common Council for approval.

The Fort Wayne, Van Wert and Lima Traction Company submitted a contract granting unto them the right and authority to enter the city over the lines of the Fort Wayne and Wabash Valley Traction Company. Upon motion the contract was approved and the clerk instructed to present it to the common council for approval.

The city civil Engineer was instructed to prepare plans and specifications for the paving of the alley between Berry street and Wayne street from Rockhill street to College street.

The city clerk submitted a communication, accompanied by the contract entered into on March 14th, 1905, with the Fort Wayne and Wabash Valley Traction Company, indicating what changes, alterations and amendments the common council deems necessary to be made before the contract is approved.

The Board then adjourned.

Said Out Lot being situated in the West ½ of the North East ¼. Section 14 Township 30 North. Range 12 East. All as shown by a plan of such proposed condemnation above described now on file in the Office of the Board of Public Works of said City. The property which may be injuriously or beneficially affected by the condemnation of the above described strip of land for sewerage purposes is described as all lots or parcels of land lying south of Killea Street West of Harrison Street North of Darrow Avenue, and east of Webster Street. All of said lots and lands affected are situated in the City of Fort Wayne, County of Allen, and State of Indiana.

Adopted.

The City Civil Engineer submitted estimates of the total cost of work to be performed under public contract to be as follows: Local Sewer Improvement Resolution # 135. total cost $2681.04.
Improvement Resolution # 396. total cost $10,767.32
" " " 397. total cost $4,227.32
" " " 398. total cost $514.80
Sidewalk Improvement Resolution # 399 total cost $131.40

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution # 135 which provides for a Vitrified Clay Pipe Sewer in and along Cottage Avenue from the brick Sewer

on Hoagland Avenue to the Alley. West of Hoagland Avenue, in the Alley West of Hoagland Avenue from Cottage Avenue to Kinnaird Avenue, in the Alley between Cottage Avenue and Wildwood Avenue from the Alley West of Hoagland Avenue to the Alley East of Fairfield Avenue, in the Alley East of Fairfield Avenue from Cottage Avenue to Wildwood Avenue, in the Alley between Wildwood Avenue and Kinnaird Avenue from the Alley West of Hoagland Avenue to the Alley East of Fairfield Avenue and in the Alley East of Fairfield Avenue from the Alley North of Kinnaird Avenue to Kinnaird Avenue; also a date and time when the Board would hear and consider objection or remonstrances against Improvement Resolution # 396 which provides for paving Fulton Street from Pearl Street to Jefferson Street; also Improvement Resolution # 397 which provides for paving Fulton Street from Jefferson Street to Brackenridge Street; also Improvement Resolution # 398. which provides for paving the Alley between Wayne Street and Washington Street from College Street to Nelson Street; also Improvement Resolution # 399. which provides for paving the sidewalk on the East side of Holton Avenue from Buchanan Street to Greene Street. The Board finds that the benefits to abutting and adjacent property including the benefits to the City of Fort Wayne if any will be equal to or exceed the estimated cost of the proposed improvements, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the aforementioned Improvement Resolutions were confirmed as in the original.

Moved, that notice to contractors of the work to be performed under Improvement Resolution # 396-397-398-399 and Local Sewer Improvement Resolution # 135 be published in the Fort Wayne Journal Gazette on the 24th day of June 1905 and on the 1st day of July 1905 and that the 13th day of July 1905 be fixed a date and time when the Board will receive and open proposals for the work to be done under the aforementioned Resolutions.

Adopted.

The petition of C. S. Bash to lay a Cement Sidewalk 5 feet wide on Fourth Street abutting on lots # 31-32 C. S. & W. B. Bash Add. was granted.

The Board then adjourned.

Office Board of Public Works.

Fort Wayne Indiana July 17th 1905
Regular meeting held at 3 o'clock P. M.
Present: Peter Eggemann Wm. Dochmann & H. C. Zollinger.

The Board having received and opened proposals for asphalt work to be done under public contract on July 13th 1905, the Board now proceeded to award contracts as follows;
Local Sewer Improvement Resolution # 135 which provides for a Vitrified Clay Pipe Sewer in Morton Place Addition was awarded to Derheimer and Co at per lineal foot .94 cts

Improvement Resolution # 396 which provides for paving Fulton Street from Pearl Street to Jefferson Street was awarded to the Cleveland Trinidad Paving Co. at per lineal foot $7.86 2/7

Improvement Resolution # 397 which provides for paving Fulton Stred from Jefferson to Brackenridge Street was awarded to the Cleveland Trinidad Paving Co. at per lineal foot $7.35 3/8

Improvement Resolution # 399 which provides for a brick sidewalk on the east side of Holton Avenue from Buchanan Street to Greene Street was awarded to Derheimer and Co. at per lineal foot .46 cts

Improvement Resolution # 398 which provides for paving the Alley between Wayne Street and Washington Street from College Street to Nelson Street, was taken under consideration untill July 20th 1905.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against the work performed under Improvement Resolution # 370 which provides for paving Clinton Street from Dock Street to Columbia Street also a date and time when the Board would hear and consider objections or remonstrances against the Assessment Roll covering the work performed under

the aforementioned Resolution which Assessment Roll contains a description of each piece or parcel of ground thus assessed, together with the names of the holders of each piece or parcel of ground thus assessed, and the amount of pro rata assessment of each piece or parcel of ground which pro rata assessment is based upon the actual benefits each piece or parcel of ground has received from the Improvement for which it is assessed, and there appearing no objections or remonstrances of any nature whatsoever, upon motion the work performed under Improvement Resolution #370 was finally accepted and the Assessment Roll confirmed and ordered forthwith delivered to the Department of Finance. All of which was finally ordered and approved.

Moved, that the work performed under Improvement Resolution #380 which provides for paving Lafayette Street from Lewis Street to Holman Street; also Improvement Resolution #385 which provides for paving Williams Street from Calhoun Street to Lafayette Street, be and the same be hereby accepted, and that notice to property holders affected thereby be published in the Fort Wayne Journal Gazette on the 19th day of July 1905 and the 3rd day of August 1905 at 7:30 o'clock be fixed a date and time when the Board will hear and consider objections or remonstrances against the work performed under the aforementioned Improvement Resolution or against the Assessment Rolls as approved by the Board, and will determine the question as to whether such lots or tracts of land have been or will be benefitted by said Improvements in the amounts named on said Assessment Rolls. Adopted.

The following communication from the Common Council was received and placed on file:
Resolved, that the Board of Works be instructed to repair the sidewalk at the east end of the West Main Street Bridge; also that Union Street near the Penn. R.R. is sadly in need of being raised in order that the water may run north to the sewer and not allowed to stand on the Street as it now does.

The petition of the Fort Wayne and Wabash Valley Traction Co. for permission to construct a single track Rail Way across a strip of ground on the West side of Spy Run owned by the City of Fort Wayne, was granted by the Board and referred to the Common Council.

The City Civil Engineer was instructed to prepare plans and specifications for a brick sidewalk on the West side of Degroff Street from High Street to Polk Street.

The sidewalk builder Bond of Wm. Brunn was approved.

The sidewalk builders Bond of W. P. Smick was approved.

The sidewalk builders Bond of H. A. Gerberding was approved.

The petition of W. P. Smick to relay under private contract a brick walk on William Street abutting on lots # 201 – 202 Hamiltons 4th Add. was granted.

The petition of Wm. Brunn to relay under private contract brick sidewalks on Lafayette Street abutting on lots # 139-140-141-142 Lasalles Additions was granted.

The petition of Chas. S. Bash and others asking the Board to award the contract for paving the Alley between Wayne Street and Washington Street from College Street to Nelson Street to the Moellering Construction Co. was received and placed on file.

The Board then adjourned.

## Office Board of Public Works.

Fort Wayne Indiana July 20th 1905
Regular meeting held at 7 30 o'clock P. M.
Present: Peter Eggemann Wm Doehrmann & H. C. Zollinger.

The City Civil Engineer was instructed to prepare plans and specification for grading the Alley between Walton Avenue and Lillie Street from Allieger Street to Lewis Street.

The sidewalk builders Bond of Louis Koehler was approved.

The petition of H. P. Scherer and 2 others for a sidewalk on the West side of Grant Avenue from Allieger Street to the Wabash Rail Road was received and the City Civil Engineer was instructed to prepare plans and specification for same.

The petition of Louisa Kruepper and 19 others for Cement sidewalks next to the curb on the West side of Lan Street from Wells Street to 6th Street was received and placed on file.

The remonstrance of the C. R. Higgins Artificial Ice Co. and 10 others against Cement sidewalks on the West side of Lake Street from Wells Street to 6th Street was received and placed on file.

The petition of Wm. Brunn to relay under private contract a brick walk abutting on lot # 206 Hamilton 4th Add. also to relay a brick walk abutting on lots # 137-138 Lasalles Add. was granted.

This being the date and time previously fixed by the Board when they would award the contract for the work to be performed under Improvement Resolution # 398 which provides for paving the Alley between Wayne Street and Washington Street from College Street to Nelson Street, upon motion action upon the same was postponed till July 27th 1905.

The City Civil Engineer submitted estimates of the total cost of work to be performed under public contract to be as follows: Local Sewer Improvement Resolution # 136. total cost $800.00. Local Sewer Improvement Resolution # 137. total cost $2400.00

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Local Sewer Improvement Resolution # 136 which provides for a Vitrified Clay Pipe Sewer in the Alley between Broadway and Lindley Avenue, from the brick Sewer on Taylor Street to the Alley South of Park View Avenue and in the Alley South of Park View Avenue from a point 20 feet East of Broadway to Lindley Avenue. also Local Sewer Improvement Resolution # 137 which provides for a Vitrified Clay Pipe Sewer in the Alley between Harrison Street and Webster Street from the brick Sewer on Darrow Avenue to Killea Street. The Board finds that the benefits to abutting and adjacent property including the benefits to the City of Fort Wayne if any, will be equal to or exceed the estimated cost of the proposed improvements, and there appearing no objection or remonstrances of any nature whatsoever, upon motion the aforementioned Improvement Resolutions were confirmed as in the original.

This being the date and time previously fixed by the Board when they would hear and consider objections or remonstrances against Declaratory Resolution # 116 which provides for condemning a right-of-way for Sewer purposes through the East 12 feet of the West 144½ ft of the South 131 ft of Barnetts Out Lot # 14, and there appearing no objection or remonstrances of any nature whatsoever, upon motion the aforementioned Declaratory Resolution was confirmed as in the original.

George Wilhelm was granted an extension untill August 20th 1905 to complete the work under Improvement Resolution # 364.

The Board then adjourned.
